At Macquarie, we have discovered the human equation for success. By knocking down the walls between departments, and uniting the powerhouses of research and industry, human collaboration can flourish. This is the exponential power of our collective, where potential is multiplied by a campus and curriculum designed to foster collaboration for the benefit of everyone. Because we believe when we all work together, we multiply our ability to achieve remarkable things.

The Australian advantage

Australia is known as one of the world's most diverse and welcoming countries. Experience a cutting-edge and globally recognised Australian education, and get ready for a world of learning and career opportunities in a safe, friendly environment.

WORLD-CLASS EDUCATION

Australia is an international leader for excellence in education. Higher education in Australia is based on a network of world-leading education providers and is underpinned by an enviable system of quality control and government accreditation. Macquarie University joins Australia's globally ranked universities in the top 200 in the world (QS World University Rankings, 2023).

EMPLOYABILITY-FOCUSED DEGREES

Many courses in Australia are structured to help you make the successful transition to your dream career. The internships and industry work experience, which are embedded in your course, ensure you are ready for work and well equipped with the up-to-date, practical skills employers demand. Macquarie's PACE (Professional and Community Engagement) program connects you to more than 40,000 work placements or community experiences with our industry partners.

SAFE AND MULTICULTURAL ENVIRONMENT

Australia is a multicultural nation with an advanced and stable economy, and among the safest countries in the world. In all major cities, you will enjoy a high standard of living, quality healthcare and excellent public transport and infrastructure. Thirty per cent* of the Australian population was born overseas, contributing to the nation's rich cultural diversity. Sydney, where Macquarie University Wallumattagal Campus is located, is consistently ranked among the best cities for students, offering international students an enjoyable experience and a multicultural lifestyle.

REWARDING AND SUPPORTED STUDENT EXPERIENCE

Many universities, including Macquarie, have dedicated, qualified international student, academic and career counsellors to help you make the most of your time here. Your life on campus will be enriched with many extracurricular activities, while your adventures off campus will take you to many world-famous tourist destinations in Sydney, such as the Sydney Opera House, Bondi Beach and the Blue Mountains.

EMPLOYMENT OPPORTUNITIES FOR INTERNATIONAL STUDENTS

Australia is a great place to work as an international student, with opportunities for you to work part-time while studying – subject to your visa conditions. If you are interested in staying in Australia to work after you graduate, you may be eligible for the Post-Study Work stream of the Temporary Graduate visa[^] – subject to meeting the requirements of the Australian Department of Home Affairs.

Visit immi.homeaffairs.gov.au for more information.

 **13TH LARGEST** economy in the world by GDP (austrade.gov.au)

 **568,000** international students from 190 countries (Department of Education, Skills and Employment, 2021)

 **30%** of Australians were born overseas, contributing to the nation's rich cultural diversity (Australian Bureau of Statistics, 2019)

Study in Sydney

If you are looking for a safe and friendly destination that offers a dynamic, multicultural experience while you study, look no further than Sydney.

THE BUSINESS CAPITAL OF AUSTRALIA

Sydney is home to more global firms than any other Australian city. A gateway to Asian economies, the city is also home to regional headquarters for more than 500 multinational companies. It employs almost one-third* of the Australian workforce, giving you many economic and professional opportunities to kickstart your career.

* Australian Department of Education, Skills and Employment

DYNAMIC AND VIBRANT STUDENT CITY

Sydney is one of the most popular cities in the world for international students. Visit free art galleries, watch a movie at the local cinema, set off on a hike or go surfing at the beach – you will never run out of things to do in this dynamic and cosmopolitan destination.

CONVENIENT PUBLIC TRANSPORT

Sydney's transport system is safe, clean and reliable. With buses, trains, ferries and light rail, there are plenty of options to get around the city. Macquarie University Wallumattagal Campus (our main campus) is located just 15 kilometres from Sydney's city centre and is well connected with an on-campus train station and many bus routes.

MACQUARIE BUSINESS AND TECHNOLOGY PARK

Macquarie Park, one of the fastest-growing business regions in Sydney, is the home of our Wallumattagal Campus. This thriving hub of innovation and discovery brings together academics, students and industry professionals from more than 300 international organisations and corporations. With the major Macquarie Centre shopping complex and a wide variety of restaurants, cafés and retail stores nearby, you will enjoy a relaxing and convenient lifestyle with everything that you need at your doorstep.

Connected intelligence

The world's challenges are complex and interrelated. The solutions require thinking that's not constrained by traditional academic boundaries. With a collegial and cross-disciplinary approach at the heart of our ethos, Macquarie is recognised globally for our pre-eminence in research in a broad range of areas.

FIND OUT MORE
mq.edu.au/research

REAL-WORLD RESEARCH IMPACT

In applying our research, our discoveries translate into real improvements for local, national and global communities. One such discovery is wi-fi that our researchers co-developed with CSIRO (Commonwealth Scientific and Industrial Research Organisation), which has transformed the way the world accesses the internet.

Other innovations – such as shark-deterrent surfboards, archaeology at the cutting edge of technology, hearing treatments that unlock a world of possibilities and synthetic yeast that could feed billions – demonstrate our collective intelligence and potential to solve real-world problems.

OUTSTANDING ON THE WORLD STAGE

We are rated among the highest-performing research universities in Australia. In the 2018 Excellence in Research for Australia (ERA) evaluation, we achieved the highest rating of five – outstanding performance well above world standard – in agricultural and veterinary sciences, and physical sciences. In total, 100 per cent of our research activity is rated at world standard or above.

FUTURE-FOCUSED RESEARCH AGENDA

Our five future-shaping research priorities – Healthy People, Resilient Societies, Prosperous Economies, Secure Planet and Innovative Technologies – provide a focal point for cross-disciplinary research that draws on the deep disciplinary strengths Macquarie is known for and aligns with the national research agenda and global challenges of significance.

A campus built for you

Our 126-hectare campus is home to more than 45,000 students and 3000 staff. We have invested more than \$1 billion in our world-leading facilities and infrastructure, so you can thrive in an environment that's inspiring and switched on to the latest digital technologies.

ARTS PRECINCT

The Arts Precinct provides a transformative learning and research environment for the Faculty of Arts, giving students and researchers enhanced learning facilities and an immersive environment for languages and culture.

MACQUARIE UNIVERSITY INCUBATOR

The incubator is a dynamic space where researchers, students, staff and industry partners collaborate to foster innovation and entrepreneurship.

LIBRARY

Our state-of-the-art Library features millions of academic resources; group and quiet study areas; computers, printers and copiers; presentation practice pods; a café; and Australian-first high-tech robotic cranes that deliver books in minutes.

CENTRAL COURTYARD

The new Central Courtyard in the heart of the campus. Designed by award-winning design studio Architectus, the new buildings serve a variety of functions and deliver modernised social and educational infrastructure.

MACQUARIE UNIVERSITY HOSPITAL

Australia's first not-for-profit teaching hospital on a university campus. The hospital is part of MQ Health, a fully integrated academic health sciences centre fostering excellence in academic research and industry practice.

TRAIN STATION

Macquarie can be easily accessed by public transport. We have our very own Sydney Metro train station on the corner of Herring Road and University Avenue, which is a two-minute walk to campus.

Where collaboration meets innovation

WALLUMATTAGAL CAMPUS: CONNECTED TO INDUSTRY

Uniquely located in the heart of Connect Macquarie Park Innovation District – Australia’s largest high-tech precinct – our main campus enables you to connect with future employers in some of the country’s leading organisations while studying. Our industry partners also co-design our degrees to ensure that you’ll graduate in demand with the most relevant skill set for the workforce of tomorrow.

Learn from some of the best business minds in the world – companies such as Abbott, AMP Capital, BOC, Canon, Cochlear, Foxtel, Fujitsu, Johnson & Johnson, Optus, Orix, Philips and Sanofi.

VENTURE CAFÉ SYDNEY

As part of the global network of Venture Cafés, Venture Café Sydney aims to build an innovation ecosystem in Macquarie Park through regular programs and networking activities among students, researchers, entrepreneurs, corporates, investors and government organisations.

ON-CAMPUS INNOVATION HUB

The Macquarie University Chi Wah Foundation Incubator is a thriving nexus that will connect you with the broader startup and entrepreneur community, so you can explore, develop and scale your business idea. Take part in a year-round calendar of programs, workshops, international exchanges and networking activities.

Secure your future success

A career that is rewarding and makes a measurable difference in the world is the dream of many. To help you succeed, we have established a set of career accelerator initiatives through which we will educate, enable and empower you to launch your career in whatever field ignites your passion.

PROFESSIONAL AND COMMUNITY ENGAGEMENT (PACE)

Our unique PACE program – the only one of its kind in Australia – gives you practical experience that's fully integrated into your course. The possibilities are endless – you could intern at an international corporation, join a startup as one of its first employees or work with local councils to develop community engagement strategies. Our PACE industry partners include international leading organisations such as Cochlear, Engineers Without Borders Australia and Konica Minolta.

GLOBAL LEADERSHIP PROGRAM

Our Global Leadership Program is Australia's flagship tertiary international leadership program, which aims to develop you into a global leader of tomorrow. The program offers many opportunities to learn cross-cultural leadership skills and explore global issues in the form of internships, volunteer experiences and conferences.

INTERNATIONAL EXCHANGE PROGRAM

Our Student Exchange program is one of the best in Australia, helping you develop desirable job-ready skills before you graduate and getting you academic credit at one of our partner institutions. With our generous mobility grant programs, you can choose to undertake a short-term or semester exchange program – and, along the way, learn a new language and make friends from around the world.

CAREER AND EMPLOYMENT SERVICE

Our on-campus dedicated Career and Employment Service team assists you in planning for your career, searching and applying for jobs, preparing your résumé and connecting you with industry professionals and recruiters. At any time during your study, you can attend free seminars, get your résumé reviewed, access online resources or book a one-on-one appointment with a careers consultant.

MACQUARIE STUDENT EMPLOYMENT

Macquarie Student Employment (MQSE) service helps you gain access to paid employment opportunities on and off campus. Paid employment while studying helps you enhance your employability and develop a range of skills while easing the cost of university study.

 **97%** of graduates found employment within 12 months of graduating (QS Graduate Employability Rankings, 2020)

 **40,000** work placements or community experiences embedded in our courses

 **4000** partner organisations across Australia and around the world, providing access to industry contacts that help develop valuable employability skills

 **170** exchange partners in more than 45 countries

We're here for you

University is about much more than graduating with a degree. It's also about awakening your adventurous side and trying new things, creating networks on campus and around the globe and, most importantly, making friendships that can last a lifetime. However, we know that adjusting to university life can be challenging. To help out, Macquarie offers a range of free resources and support programs that you can access throughout your course.

STUDENT CLUBS AND SOCIETIES

With more than 130 student groups and sport clubs, Macquarie offers ample opportunities to meet new people, experience other cultures, test ideas and develop personal skills. Created and run by students, student groups help you grow your interests or explore a new hobby.

SPORT AND AQUATIC CENTRE

The Macquarie University Sport and Aquatic Centre is a multipurpose fitness venue with a state-of-the-art health club, heated 50-metre and 25-metre indoor swimming pools, football and soccer fields, basketball and squash courts, and more.

ORIENTATION WEEK (O WEEK)

A week-long orientation program is held before classes start. You can find out about student groups, support services and extracurricular programs while meeting new friends from around the world.

EVENTS ON CAMPUS

You'll always find something of interest at Macquarie, whether it's movie screenings, cultural festivals, theatre performances or art exhibitions. Every year, we also host an annual music festival – RE:Conception, bringing together our community in a fun night of music and entertainment.

STUDENT WELLBEING

We offer a suite of health and wellbeing services – counselling, disability, welfare, advocacy, medical and religious support – that you can take advantage of any time during your course.

ACADEMIC SUPPORT

We offer individual consultations, free workshops and online resources to help you with academic writing, English language skills, exam strategies, online learning technology and more.

PEER MENTORS

Peer mentors are current students who can help you find your way around campus and give you tips on how to settle into life at Macquarie. You can select and connect with your mentor during O Week.

DEDICATED INTERNATIONAL STUDENT SUPPORT

With dedicated international student advisers, we can provide you with personalised advice and support programs about all aspects of university life, your student visa, your wellbeing and your academic performance. Macquarie is also the first university in New South Wales to offer you free access to My Legal Mate, an innovative and multilingual legal information app.

A campus you can call home

Macquarie University is a campus you can call home. Uni life includes more than study. It's an experience in itself. There's no better way to get the most out of your time at Macquarie than living in our on-campus premium accommodation.

NEW ON-CAMPUS STUDENT RESIDENCE

Opened in early 2021, our new student accommodation is all the buzz around campus. Designed as part of the Central Courtyard precinct, our premium accommodation offers 342 rooms with the option of studio, twin-, four- or six-bedroom apartments.

The University-owned and managed accommodation was created to set you up for success at Macquarie and beyond. Our secure, inclusive and healthy environment brings you the best of all worlds. Enjoy a busy social calendar, make friends from across the world and excel at university with our unparalleled on-site support. Adjacent to campus, Macquarie Centre is Sydney's largest Sydney suburban shopping mall with more than 350 stores and services.

OTHER ACCOMMODATION OPTIONS

DUNMORE LANG COLLEGE

An all-inclusive college with a strong focus on artistic, recreational and educational pursuits. Full-board options, gym membership and tutoring are included.

MORLING RESIDENTIAL COLLEGE

The 100-bed facility, situated next to campus, offers a wide range of affordable accommodation options, from catered to independent living.

MACQUARIE UNIVERSITY VILLAGE

Combines independent, apartment-style living with a busy social events calendar and a 24-hour support network. Enjoy living just minutes from class.

ROBERT MENZIES COLLEGE

The college offers both self-catered and fully catered accommodation in private, fully furnished study bedrooms with shared bathrooms or private ensuites.

PRIVATE ACCOMMODATION

Private off-campus accommodation is offered exclusively to Macquarie students and vetted by Macquarie Accommodation.

UNDER-18 ACCOMMODATION

HOMESTAY

Homestay – living with a family – provides you with your own bedroom, meals and a quiet place to study. Clothes washing and other services may be provided.

Why choose us?

- Join a diverse and welcoming university community.
- Feel safe in a secure building with a 24/7 onsite service team.
- Enjoy exceptional facilities such as games rooms, communal kitchens, study spaces and fast internet access.
- Meet other students through a fun, vibrant and diverse Residential Life Program.
- Access on-site residential advisers, peer mentors, tutoring options and support workshops.
- Seamlessly transition to an independent lifestyle with our support.

Courses made for you

It's our unique approach to learning inspired by the world of ever-increasing change. Imagine being empowered with greater choice, flexibility and diversity to meet this change. Well, that's exactly what we embody in our innovative curriculum.

More flexible and better aligned to your needs, our curriculum will deliver you a richer experience that will enable you to gain broader or more specialised knowledge in the areas that interest you, and empower you to pursue the careers of tomorrow.

Australia's largest range of one-year master degrees

It's our mission at Macquarie to prepare our students for the future – whatever it's going to look like. With experts predicting that by 2025, around 50 per cent of jobs as we know them today won't exist, it's vital that when you graduate from Macquarie, you have a skill set that allows you to reinvent yourself in any industry.

To prepare you for the future, we have created a course structure that allows you to graduate sooner and complete a master degree in as little as one year.

Depending on your prior qualifications, work experience or other recognised prior learning, you may be eligible for a one-year admission point. The one-year admission point only requires you to complete the core zone units, covering the specific disciplinary or professional requirements of the course.

See page 105 for more information about our one-year master degrees.

Double your expertise with our double degrees

THE FUTURE IS IN YOUR HANDS

Macquarie has always considered our students to be co-creators in their learning. One of the most exciting features of our curriculum is the ability for you to study two degrees at once.

Interested in studying business administration and arts? How about finance and IT or media and communications with marketing? Or maybe you're interested in a less traditional combination – how about science and commerce? We have put together a list of pre-approved preferred double degree combinations for you to choose from.

See page 106 for more information about our double degrees.*

START YOUR CAREER SOONER

Double degrees fast-track your study – you usually complete a double degree one or even two years faster than you would undertaking each degree on its own. This saves you not only time but also money.

IMPROVE YOUR EMPLOYMENT PROSPECTS

Double degrees involve studying two complementary or completely different degrees and can increase your career flexibility and lead to greater employment prospects.

FEED YOUR CURIOSITY

By undertaking one of our double degrees, you can feed your curiosity and look at things from multiple perspectives – all while gaining two high-quality qualifications.

* Some double degree exclusions apply.

Note: Each of the listed double degrees on page 108 is registered on CRICOS with the full name 'Bachelor/Master of Combined Studies in (chosen combination of areas of study)'.

ARTS AND HUMANITIES
#6 IN AUSTRALIA
THE World University Rankings by Subject, 2022

PHILOSOPHY
**#24 IN THE WORLD
 #2 IN AUSTRALIA**
QS World University Rankings by Subject, 2022

Arts graduates are highly sought after by employers because arts degrees ensure you develop high-level skills in a range of areas, such as problem-solving, research, creative thinking and communication – skills essential for success in the 21st-century workplace. Macquarie’s arts, humanities and social sciences degrees – developed in consultation with industry partners – allow you to turn your passion into a career by exploring your interests in depth and by honing your skills and knowledge through internships, international exchanges, practical application and expert teaching.

We have consulted with large companies and recruiters to ensure that our arts degrees ensure you develop high-level skills in a range of areas such as problem-solving, research, creative thinking and communication – skills essential for success in the 21st-century workplace. You’ll receive a portfolio to impress employers and ensure you’ll be in demand whatever your career choice.

Through our multi-award-winning PACE (Professional and Community Engagement) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

We have invested in your future with our new Arts Precinct. We have created a transformational learning and research-enriched environment with access to enhanced learning facilities, relaxing social spaces, a café, a new showcase area for our museums and immersive labs for languages.

Bachelor of Ancient History

CRICOS CODE
079891G

80

DURATION 3 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Discover and study ancient artefacts – including papyri, inscriptions, ceramics and coins – through the resources of the Macquarie University History Museum.
- Benefit from the only course in Australia that offers a full study of Egyptology from the Predynastic to Coptic periods.
- Undertake international fieldwork in Croatia, Greece, Israel or Italy.

Overview (scan to read more)

In the longest-running and broadest degree of its kind in Australia – immerse yourself in the culture and languages of the ancient Mediterranean and Near Eastern worlds, both on campus and at archaeological dig sites overseas.

Career opportunities

Ancient history academic, archivist, collections officer, cultural heritage specialist, cultural project officer, gallery or museum curator, government adviser, historian, journalist, museum education officer, policy officer

Bachelor of Archaeology

CRICOS CODE
083740K

80

DURATION 3 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Get hands-on experience with more than 6000 artefacts. Study in the Macquarie University History Museum – home to the largest Egyptian papyrus collection in the Southern Hemisphere.
- Intern as part of a cultural heritage or public history project – on campus, with a local partner or on an excavation overseas.
- Discover the importance of lab work and the use of 3D technologies for the study of archaeology in the 21st century.

Overview

Explore theories and trends that have shaped the history of archaeology, and undertake study in labs and out in the field. Develop key research skills to identify and solve complex archaeological problems, and attain awareness and respect for contemporary cultural perspectives and cultural heritage practices.

Career opportunities

Archaeologist, conservator, cultural heritage specialist, information or records manager, museum curator, museum education officer, researcher, tour leader

Bachelor of Arts

CRICOS CODE
001357G

70 D

DURATION 3 years
INTAKES February, July
FEES A\$35,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Develop your skills in critical analysis, problem-solving, digital communication, media literacy and teamwork.
- Tailor what you study by combining Macquarie majors. Choose one or two from more than 20 majors, or from a wide range of units.
- Create a digital portfolio to demonstrate your skills, workplace experience and extracurricular activities.

Overview

Reimagined by our world-leading academics in consultation with industry and the public sector, this degree focuses on transferable and technical skills needed for success in today's and tomorrow's workplaces. Our approach allows you to turn your passion into a career by exploring your interests and honing your skills and knowledge through practical experiences and expert teaching.

“The MBA at Macquarie gave me an optimal level of business knowledge that is highly sought after in the corporate world. The diversity in the classroom made my learning experience even more interesting. The Macquarie Graduate School of Management (MGSM) is the perfect place to network with industry experts and set long-term career goals.”

Ekaterina Pavlyuchkova

MASTER OF BUSINESS ADMINISTRATION

Education

EDUCATION
**TOP 100
 IN THE WORLD**
 QS World University
 Rankings by Subject, 2022

To be an effective teacher in today's rapidly changing environment, it's important that you possess several key attributes. As a Macquarie teaching graduate, you'll benefit from our uniquely developed 5Rs framework. Through this framework, you'll become a teacher who is resilient, reflexive, responsive, ready to learn and research engaged. Backed by this distinct skill set, you'll inspire, enrich lives, and empower individuals to realise their full intellectual and social potential. You'll also enjoy deep relationships with hub and partner schools, which will enable ongoing engagement with teachers and classrooms to enhance your learning.

Macquarie places emphasis on building career skills, offering multiple opportunities for practical experience in a variety of classroom settings. Students work towards teacher accreditation as required by the Australian Children's Education & Care Quality Authority (ACECQA) and NSW Education Standards Authority (NESA).

Macquarie's multi-award-winning PACE (Professional and Community Engagement) program offers you opportunities to engage with real-world teachers and classrooms in our hub and partner schools. You can get access to the classroom for your first year of study and start your professional experience from your second year.

Teach in our simulated classrooms and science labs or work with emerging technologies that are pushing the boundaries of education. You'll also gain access to our internationally recognised on-campus Mia Mia Child and Family Study Centre, and the Macquarie University Special Education Centre, where you can work with children K-6 with special learning needs.

You'll be taught by academics who are actively researching the latest approaches to teaching and learning.

Majors

Ancient History; Anthropology; Applied Ethics; Chinese Studies; Creative Writing; Criminology; Croatian Studies; Early Childhood Teaching; Education; English; French and Francophone Studies; Gender Studies; Geography; German Studies; Indigenous Studies; International Relations; Italian Studies; Japanese Studies; Mathematics; Media, Culture and Communications; Modern Greek Studies; Modern History; Music Studies; Performing Arts and Entertainment Industries; Philosophy; Politics; Psychological Science; Russian Studies; Social Justice; Sociology; Spanish and Latin American Studies

Accreditation

Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA) and is recognised nationally and internationally by education providers.

Career opportunities

Primary teacher, education officer within a range of public and private institutions

Bachelor of Arts and Bachelor of Education (Secondary)

CRICOS CODE
099535F

75

DURATION 4 years
INTAKES February
FEES A\$35,000 per year
ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Engage and observe in classroom contexts from your first year, with professional experience placements starting from your second year.
- Enhance your learning via our links with hub and partner schools, which facilitate ongoing engagement with teachers and classrooms.

Overview

In the Bachelor of Arts component of this double degree, you'll choose an academic major in the discipline of your first teaching subject. You may also choose to undertake a second teaching subject. The Bachelor of Education (Secondary) component will provide you with the equivalent of two years full-time professional study. You'll be taught by academics who are actively researching the latest approaches to teaching and learning. Macquarie is a leader in educational research, particularly in the areas of maths, science, English and history teaching.

Majors

Ancient History; Chinese Studies; Croatian Studies; English; French and Francophone Studies; Geography; German Studies; Italian Studies; Japanese Studies; Mathematics; Modern Greek Studies; Modern History; Russian Studies; Spanish and Latin American Studies

Accreditation

Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA) and is recognised nationally and internationally by education providers.

Career opportunities

Secondary teacher, education officer within a range of public and private institutions

Bachelor of Commerce and Bachelor of Education (Secondary)

CRICOS CODE
0101343

80

DURATION 4 years
INTAKES February
FEES A\$37,500 per year
ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Design learning experiences that reflect evidence-based best practice, and learn how to embed technology into the curriculum.
- Attend dedicated workshops in your final year to support your transition from university to the teaching profession.
- Enhance your learning via our links with hub and partner schools, which facilitate ongoing engagement with teachers and classrooms.

Overview

In the Bachelor of Commerce component of this double degree, you'll choose a major in the discipline of your first teaching subject. This will allow you to gain a comprehensive understanding of major business functions, as well as the qualifications to teach economics or business studies and commerce to secondary students. The Bachelor of Education (Secondary) component provides you with the equivalent of two years full-time professional study. Macquarie is a leader in educational research, and you'll be taught by academics who are actively researching the latest approaches to teaching and learning.

Majors

Accounting; Economics; Finance; Human Resource Management; International Business

Career opportunities

Education adviser, education officer, education policy adviser, education researcher, secondary teacher

Bachelor of Education (Primary) and Bachelor of Psychology

CRICOS CODE
0101344

80

DURATION 4 years
INTAKES February
FEES A\$36,200 per year
ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Design learning experiences that reflect evidence-based best practice, and learn how to embed technology into the curriculum.
- Gain a teaching specialisation in maths, science and technology, or English.
- Engage in early childhood, primary and secondary settings in your first year, with professional experience placements starting from your second year.

Overview

The Bachelor of Education (Primary) component of this degree will provide you with the equivalent of two years full-time professional study in teacher education, preparing you to teach K-6 in government and private schools. The Bachelor of Psychology component will develop your understanding of the psychological processes that underlie behaviour, preparing you to work in psychology-related areas. In the classroom, an advanced understanding of human behaviour, especially of young children, is a highly desirable skill and will set you apart from your peers.

Career opportunities

Education adviser, education officer, education policy adviser, education researcher, primary teacher, psychology professional

Bachelor of Science and Bachelor of Education (Secondary)

CRICOS CODE
099536E

75

DURATION 4 years
INTAKES February
FEES A\$36,900 per year
ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Engage and observe in classroom contexts from your first year, with professional experience placements starting from your second year.
- Learn to apply subject knowledge to design learning experiences that reflect evidence-based best practice.

Overview

In the Bachelor of Science component of this degree, you'll combine a major in the discipline of your first teaching subject with a second science teaching subject. The Bachelor of Education (Secondary) component provides you with the equivalent of two years full-time professional study. You'll be taught by academics who are actively researching the latest approaches to teaching, learning and science. Macquarie is a leader in educational research, particularly in the areas of information and communication technology, and maths and science.

Majors

Astronomy and Astrophysics; Biology; Chemistry; Earth and Environmental Sciences; Human Biology; Mathematics; Physics

Accreditation

Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA) and is recognised nationally and internationally by education providers.

Career opportunities

Secondary teacher, education officer within a range of public and private institutions

Bachelor of Teaching (Early Childhood Education)

CRICOS CODE
083745E

75

DURATION 4 years
INTAKES February
FEES A\$34,200 per year
ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Undertake professional experience in early childhood settings, and make connections between theory and real-world practice.
- Study at Australia's foremost university for early childhood education research (Survey of research achievement, *The Australian*, 2020).
- Access training through Macquarie's on-campus Mia Mia Child and Family Study Centre.

Overview

Become qualified to teach children aged from birth to five years in prior-to-school settings such as childcare centres or preschools. It also prepares you for other roles in children's services.

Career opportunities

Early childhood teacher in government agencies, non-government organisations, private and community-owned early childhood settings

Master of Early Childhood

CRICOS CODE
083783K

1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related field or recognised equivalent

DURATION 1–1.5 years

INTAKES February, July

FEES A\$33,800 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Undertake a research unit that will allow you to apply your classroom learning in a rigorous and scholarly way.
- Study at Australia's foremost university for early childhood education research (Survey of research achievement, *The Australian*, 2020).
- Visit, observe and learn within Macquarie's world-renowned Mia Mia Child and Family Study Centre.

Overview (scan to read more)

Enhance your professional and theoretical knowledge of factors that impact a child's emotional, social and intellectual development. You'll learn about current research and new developments in infant and toddler curriculum and pedagogy, child development, play, creative arts, language and literacy, STEM, and management and leadership in early childhood contexts. And you'll engage critically in theoretical and policy debates relevant to those working with young children and their families.

Career opportunities

Administrator in early childhood contexts, early childhood education researcher, early childhood education specialist/professional/consultant/adviser/leader

Master of Education

CRICOS CODE
083785G

1

ACADEMIC REQUIREMENT

Australian bachelor's qualification in a related field or recognised equivalent

DURATION 1–1.5 years

INTAKES February, July

FEES A\$33,800 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Integrate research and scholarship from a wide range of education and multidisciplinary sources.
- Take the lead in developing, implementing and evaluating programs that leverage teacher, student and community resources.
- Enhance your professional knowledge so that you can support and mentor colleagues, and engage with stakeholders including parents.

Overview

This degree can assist you in shaping school-wide programs, and leading policy and practice reforms that enhance teaching and learning in diverse educational settings. It can enable you to expand the critical-thinking capabilities you'll need when responding to changing educational environments, as well as learn how to develop, implement and evaluate innovative evidence-based solutions.

Career opportunities

Education leadership roles; education administrator; researcher; specialist/consultant/adviser in language and literacy, policy analysis, special education and inclusion, STEM education design, teaching and learning technologies

Master of Teaching (Birth to Five Years)

CRICOS CODE
058390B

ACADEMIC REQUIREMENT

Australian bachelor qualification or recognised equivalent with a WAM of 55

DURATION 2 years

INTAKES February

FEES A\$33,800 per year

ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Enhance your professional knowledge so that you can support and mentor colleagues, and engage with stakeholders including parents.
- Learn from academics who are active early childhood researchers leading projects at regional, national and international levels.
- Visit, observe and learn within the world-renowned Mia Mia Child and Family Study Centre.

Overview

Attain the specialist knowledge and skills you need to work in prior-to-school settings, such as preschools and childcare centres. Accredited by the Australian Children's Education and Care Quality Authority (ACECQA), this degree enables you to obtain a professional qualification as a teacher of young children.

Accreditation

This degree is approved by ACECQA, the government agency responsible for accrediting early childhood teacher qualifications in Australia.

Career opportunities

Birth-to-five years educator in government agencies, non-government organisations, private and community-owned early childhood settings

Master of Teaching (Primary)

CRICOS CODE
058390B

ACADEMIC REQUIREMENT

Australian bachelor qualification that meets subject content knowledge requirements or recognised equivalent

DURATION 2 years

INTAKES February

FEES A\$33,800 per year

ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Receive individual guidance from our academic staff who are leaders in educational research and classroom practice.
- Undertake professional experience placements with our broad network of partner schools.
- Undertake a tech-backed degree that's focused on diversity, inclusive education, and critical and creative thinking in education.

Overview

With a focus on evidence-based learning and teaching that has a positive impact on student learning and wellbeing, this degree will support you to become responsive and ready to learn. And it will enable you to gain the knowledge, skills and qualifications required to teach in primary schools or work in associated fields, such as curriculum planning, educational research and policy development.

Accreditation

Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA) and is recognised nationally and internationally by education providers.

Career opportunities

Education officer within a range of public and private organisations, educational adviser to government or other agencies, educational policy planner, educational researcher, secondary teacher

Master of Teaching (Secondary)

CRICOS CODE
099190D

ACADEMIC REQUIREMENT

Australian bachelor qualification that meets subject content knowledge requirements or recognised equivalent

DURATION 2 years

INTAKES February, July

FEES A\$33,800 per year

ENGLISH IELTS 7.5 (R 7, W 7, L 8, S 8)

Key features

- Undertake a tech-backed degree that's characterised by a passionate commitment to education.
- Undertake a degree that's characterised by a passionate commitment to education.
- Undertake professional experience placements with our broad network of partner schools.

Overview

With a focus on evidence-based learning and teaching that has a positive impact on student learning and wellbeing, this degree will support you to become responsive and ready to learn, and will enable you to gain the knowledge, skills and qualifications required to teach in secondary schools or to work in associated fields such as curriculum planning, educational research and policy development.

Accreditation

Graduates are eligible to teach in government and non-government schools. This degree is accredited by the NSW Education Standards Authority (NESA) and is recognised nationally and internationally by education providers.

Career opportunities

Adult education officer within a range of public and private organisations, adult educator and trainer, educational adviser to government or other agencies, educational policy planner, educational researcher

“From the tailored education degrees, which are designed to fit each individual student's interests, to the academic support on offer, the learning environment at Macquarie is unrivalled. Macquarie has great relationships with schools from all across Sydney, and it's through our teaching practicum experiences with these schools that we really get to start to experience what life will be like as a teacher. Macquarie also offers teaching seminars, information nights and a range of advice for pre-service teachers, so I feel very confident that when I leave Macquarie, I'll be as prepared as I can be for my chosen career.”

Ella Reilly

BACHELOR OF ARTS AND BACHELOR OF EDUCATION (PRIMARY)

Engineering

Our engineering program uniquely combines a solid foundation in theoretical knowledge with modern, practical skills acquisition and industry experience. You can specialise in civil, electrical and electronics, mechanical, mechatronic or software engineering. Beyond the classroom, you will also have opportunities to expand your learnings and take part in hands-on student groups and projects, such as building satellites and exploring aerospace projects with Macquarie Orbital, or chasing a human-powered land speed record with the Macquarie Speed Team.

Bachelor of Engineering (Honours)

CRICOS CODE
087876F

80 D

DURATION 4 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Overview (scan to read more)

With a strong focus on practical learning, this degree offers you the choice of five specialisations. You'll learn how to identify complex problems and determine how to formulate innovative solutions to today's complex problems and be equipped with the skills you'll need to mix it with history's greatest engineers.

Accreditation

This degree is accredited by Engineers Australia. Accreditation applies to the following specialisations:

- Mechanical Engineering
- Mechatronic Engineering
- Software Engineering

Specialising in Civil Engineering

Key features

- Gain skills to expertly plan, design, construct and operate the infrastructure required of modern civilisation.
- Identify complex problems in civil and wider engineering fields, and learn how to formulate innovative solutions using problem-solving, design and decision-making.
- Learn how to recognise global and sustainability implications of prospective solutions to everyday engineering problems.

Career opportunities

Civil engineer, construction manager, environmental engineer, structural engineer, urban and regional planner

Specialising in Electrical and Electronic Engineering

Key features

- Gain skills to design and operate future electrical energy systems and electronic technologies at the cutting edge.
- Develop broad and coherent knowledge of mathematics, science and engineering fundamentals that form the foundation of electricity systems.
- Learn to design, implement, test, deploy and consider the long-term maintenance of large integrated (electronic, mechanical, software) systems.

Career opportunities

Electrical and electronic engineering, computer hardware engineer, electrical and electronics designer or manufacturer, project and technology manager, research and design manager

Specialising in Mechanical Engineering

Key features

- Gain skills to design mechanical systems by developing a strong foundation in basic sciences, as well as advanced knowledge in manufacturing, novel materials and microscale devices.
- Learn to proficiently identify, select and apply mechanical engineering theory and analysis, modelling and simulation, and measurement knowledge to address complex problems.
- Develop knowledge to design, implement, test and deploy systems where mechanical engineering forms the whole or part of the solution.

Career opportunities

Mechanical engineer, aerospace engineer, automotive engineer, CAD technician, control and instrumentation engineer, nuclear engineer

Specialising in Mechatronic Engineering

Key features

- Gain skills to design and construct the very robots and their computer systems that will be responsible for creating the autonomous future.
- Learn to apply appropriate modelling, measurement and simulation techniques, and design software tools to solve problems in electromechanical engineering areas.
- Learn to proficiently identify, select and apply mechatronics engineering theory and analysis, modelling and simulation, and measurement knowledge to address complex problems.

Career opportunities

Mechatronic engineer, automation engineer, building management system engineer, control system design engineer, medical technology device engineer

Specialising in Software Engineering

Key features

- Gain skills to program, test and bug-fix software products that could help change the world.
- Develop the advanced technical and theoretical knowledge of the fundamental concepts underlying the design, development, operation and performance of software systems.
- Learn how to proficiently identify, select and apply software engineering theory and analysis, modelling and simulation to address complex problems.

Career opportunities

Software engineer, app developer, tech entrepreneur, mobile technologist, software developer, systems programmer, web developer

Master of Engineering in Electronics Engineering

CRICOS CODE
099163G

1

ACADEMIC REQUIREMENT
Australian bachelor engineering technologists qualification in a related field or recognised equivalent

DURATION 1-2 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- This degree meets the Engineers Australia's Stage 1 Competency Standard for Professional Engineer.
- Develop a comprehensive, theory-based understanding, and learn how to apply that knowledge to contemporary research and development problems in electronics and related fields.
- Study in state-of-the-art facilities, including our new cutting-edge engineering labs and learning spaces built for collaboration and cross-disciplinary learning.

Overview

Consolidate, build on, and enhance the theoretical and practical grounding you gained in your undergraduate studies, and prepare you for a career as an electronics engineer. It will refine your technical and practical skills, and give you in-depth knowledge in both analogue and digital electronics.

Career opportunities

Automotive electrical engineer, electronics engineer, electronics designer, electronics manufacturer, electronics repairer, information technology manager, precision manufacturer, telecommunications engineer

Master of Engineering Management

CRICOS CODE
099168B

ACADEMIC REQUIREMENT
Australian bachelor qualification in a related field or recognised equivalent

DURATION 2 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- This degree aligns with Engineers Australia's College of Leadership and Management.
- Gain practical experience working on collaborative real-life projects using the latest software and technology to be ready for the workforce.
- You'll be able to study specialised management units delivered by the AACSB-accredited Macquarie Business School.

Overview

Designed for engineers who are looking to formalise their project management credentials, this degree will bridge the gap between the field of engineering and the field of business management. It will unlock your technical and general management potential, and will enable you to take the next step towards business leadership. You'll gain the skills you'll need to apply innovative business management practices to your technical engineering knowledge so that you can identify opportunities to grow your business through strategic approaches to project management, supply chain management, business leadership and human resources management.

Career opportunities

Chief operating officer, consultant, contract manager, executive manager, project leader, project manager, project team leader, vendor manager

Our unique project-based learning approach to teaching provides you with access to our cutting-edge engineering facilities, including collaborative learning spaces, a dedicated full-pitch *FIRST*[®] robotics field and a state-of-the-art wind tunnel.

Information technologies

Our flexible IT degrees – developed in consultation with industry – give you the opportunity to specialise in cybersecurity, data science, game design and development, information systems and business analysis, software technology solutions, or web and mobile app development. As well as developing skills in the latest technologies, you will graduate with in-demand soft skills and capabilities. Your learning is enhanced by our location in Australia's largest high-tech precinct, which is brimming with collaborative, internship and employment opportunities.

Bachelor of Cyber Security

CRICOS CODE
099143M

80

DURATION 3 years
INTAKES February, July
FEES A\$40,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Examine topics from applied cryptography, ethical hacking, digital forensics, secure application development and data privacy.
- Study areas such as programming, databases, web technologies, networking and security studies from a sociopolitical perspective.
- Develop a unique combination of technical, policy and business skills, and be in demand with employers.

Overview (scan to read more)

This degree is developed in consultation with cybersecurity experts from government and industry. You'll gain the skills needed to harden organisations against cyberthreats by building your awareness of the motivations, mindsets, capabilities and skills of cybercriminals; and by developing your expertise in information security and data privacy, offensive security, digital forensics, applied cryptography, secure coding and AI.

Career opportunities

Chief information security officer, chief privacy officer, ethical hacker, risk analyst, security architect, security consultant, security director, security operations centre manager, source code auditor, vulnerability assessor

Bachelor of Game Design and Development

CRICOS CODE
099144K

75

DURATION 3 years
INTAKES February, July
FEES A\$40,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study the only university degree in New South Wales that combines technical skills with a critical understanding of video games.
- Study video games design, development and appreciation while gaining broad programming and software engineering knowledge.
- Undertake an industry-based project to solve a real-world problem, and get the skills you need to successfully start your career.

Overview

Gain a thorough grounding in software design and development. The addition of specialist units that critically appraise video games as designs and cultural media products means you'll be equipped with the skills you'll need for a successful career designing and creating the next wave of popular video games and virtual worlds.

Career opportunities

Creative game director, game animator, game artist, game audio engineer, game designer, game programmer, mobile app designer, mobile app developer, video game system designer, virtual reality/mixed reality developer

Bachelor of Information Technology

CRICOS CODE
047327M

75 D

DURATION 3 years
INTAKES February, July
FEES A\$40,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Undertake one of the most flexible IT degrees in Australia – choose to study two majors to diversify your knowledge and skills.
- Study a degree designed in collaboration with industry, and acquire skills relevant for the cutting-edge IT careers of tomorrow.
- Undertake an industry-based project to solve a real-world problem, and be prepared for a successful start to your career.

Overview

Acquire foundational skills in programming, data storage and modelling, networking and cybersecurity. You'll develop broad and coherent knowledge and skills from an area of information technology – such as software design and construction, applied data modelling and analysis, or security problem detection and mitigation – and learn how to apply that knowledge to solve real-world problems. And you'll learn how to relate your knowledge and skills in information technology to a broader societal context, and make sound decisions regarding ethical and security concerns.

Majors

Artificial Intelligence; Cyber Security; Data Science; Information Systems and Business Analysis; Networking; Software Technology; Web and Mobile App Development

Accreditation

Completion of this degree will satisfy the standard for the professional level of the Australian Computer Society.

Career opportunities

Business analyst, consultant, data analyst, database designer, game designer, information technology researcher and developer, project manager, security expert, software and app developer, systems administrator

Master of Data Science

CRICOS CODE
080284J

1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related field or recognised equivalent

DURATION 1–2 year

INTAKES February, July

FEES A\$40,200 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Acquire key skills in data management on and off the cloud, machine learning, statistical modelling and big data technologies.
- Develop your capabilities across computer science, maths and statistics, enabling you to apply data science to real-world issues.
- Apply technical skills in areas such as business and scientific applications, forensic investigation and research.

Overview (scan to read more)

This degree provides you with the technical skills to work in data science across a variety of industries. It emphasises concepts, insights and skills that will enable you to use current technologies and adapt to and create new technologies. You'll be able to process and analyse data sets; use mathematical and statistical modelling techniques, machine learning and data mining to solve challenging problems; and communicate your findings to different audiences.

Career opportunities

Business analyst, consultant, data analyst, data scientist, entrepreneur, financial consultant, government policy adviser, information technology analyst, market analyst, web developer

Master of Information Systems Management

CRICOS CODE
099171G

D 1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related field or recognised equivalent, with units in business information systems and databases

DURATION 1–2 years

INTAKES February, July

FEES A\$40,200 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study a degree that's shaped by the latest industry trends, and gain skills relevant for the cutting-edge IT careers of tomorrow.
- Learn how IT can enhance an organisation's business processes and outputs, and develop the skills to brief management of IT needs.
- Strengthen your understanding of underlying IT principles by applying them to practical, industry-relevant issues.

Overview

This degree addresses the continual demand for IT professionals who can combine technical savvy with a deep understanding of the businesses they work in. You'll receive a comprehensive overview of global business strategy and be equipped with the analytic, communication and project management skills to tame the IT-business interface.

Career opportunities

Business systems analyst, data analyst, database administrator, end-user support and training officer, entrepreneur, IT consultant, IT project manager, IT sales rep or marketer, researcher, solutions architect, systems administrator, systems analyst

Master of Information Technology in Artificial Intelligence

CRICOS CODE
108995K

D 1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related discipline or recognised equivalent

DURATION 1–2 years

INTAKES February, July

FEES A\$40,200 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study advanced machine learning, advanced natural language processing and automated decision-making in business.
- Gain access to the new computing precinct, complete with 14 purpose-built cybersecurity, networking and gaming labs + VR space.
- Undertake internships with world-leading organisations that are located next door to us in the Connect Macquarie Park Innovation District.

Overview

Get the advanced knowledge and skills required for a successful career working with AI systems by critically examining emerging trends and topics, such as machine learning and natural language understanding along with the option of an industry-based internship or supervised research project. Investigate ethical and legal questions about AI systems, and learn about core AI techniques and the business context in which they operate.

Career opportunities

Business intelligence developer, data analyst, data engineer, data scientist, machine learning specialist, research scientist, robotics engineer, software developer, software engineer, solutions architect

Master of Information Technology in Cyber Security

CRICOS CODE
099172F

D 1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related field or recognised equivalent

DURATION 1–2 years

INTAKES February, July

FEES A\$40,200 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study applied cryptography, data privacy, digital forensics, ethical hacking, information security and secure app development.
- Participate in a range of activities, such as hackathons and work experience, to apply your knowledge to real-world scenarios.
- Undertake work experience with one of our public or private sector partner organisations.

Overview

This degree provides up-to-date knowledge and practical training for a successful career in the burgeoning field of cybersecurity, which is facing a global shortage of skilled professionals. Completing this degree will arm you with technical skills in cryptography, networks, AI and mobile data communications.

Career opportunities

Information security manager, information security manager, penetration tester, security analyst, security auditor, security consultant, security manager, security operations centre analyst, vulnerability assessor

Master of Information Technology in Internet of Things

CRICOS CODE
108996K

D 1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related field or recognised equivalent

DURATION 1–2 years

INTAKES February, July

FEES A\$40,200 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study communication networks and security, AI and machine learning, and operating systems and application programming.
- Collaborate on projects with organisations involved in industrial applications of IoT across different sectors.
- Gain access to the new computing precinct, complete with 14 purpose-built cybersecurity, networking and gaming labs + VR space.

Overview

Address challenges arising from the interconnection of the internet and everyday devices by applying advanced and applied knowledge of the design, configuration and management of IoT systems, and communication services and networking. Become an expert in networking technologies and protocols, security, hardware, operating systems and application programming, and get hands-on experience in industry-recognised development methodologies, practices and tools.

Career opportunities

Data analyst, devices architect, firmware development engineer, IoT test lead, network architect, software engineer, solutions architect, technical support engineer, technology consultant

Master of Information Technology in Networking

CRICOS CODE
099173E

D 1

ACADEMIC REQUIREMENT

Australian bachelor qualification in a related field or recognised equivalent

DURATION 1–2 years

INTAKES February, July

FEES A\$40,200 per year

ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Synthesise technical knowledge with management and policy aspects of internetworked systems, and learn to communicate your ideas.
- Identify weaknesses and areas of improvement – and configure, validate, implement and troubleshoot complex internetworked systems.
- Successfully complete certain units in this degree, and get a Cisco Certified Network Associate (CCNA) qualification.

Overview

Develop an in-depth integrated knowledge of advanced concepts in network and internetwork technologies, and learn how to apply them to solving practical problems in networked IT systems, as well as related topics such as network design and security. If you have undergraduate qualifications in IT, computing or engineering (with suitable units in computer programming), this degree will enable you to transition into the internetworking field.

Accreditation

This degree meets the Australian Computer Society professional standards for ICT degrees.

Career opportunities

Cloud computing specialist, network administrator, network analyst, network and systems engineer, network architect, network manager, security specialist

Languages and linguistics

LINGUISTICS
**TOP 25
IN THE WORLD**
QS World University
Rankings by Subject, 2022

Studies in languages and linguistics at Macquarie will prepare you for a range of careers across the globe, such as in business, international affairs, interpreting and translating, journalism or teaching. Whether you're interested in travel, history, literature, politics or international business, expertise in other languages and cultures will lead you to new, life-changing insights and experiences. Studying in the broad field of linguistics – which is the scientific study of language – will increase your knowledge in areas such as child language disorders, how language is processed and stored in the brain, intercultural communication, language acquisition and language sciences.

Bachelor of Linguistics and Language Sciences

CRICOS CODE
099145J

75

DURATION 3 years
INTAKES February, July
FEES A\$34,200 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Learn about the commonalities and differences between the world's languages from both technical and sociocultural perspectives.
- Learn from world-renowned experts in the most diverse and largest linguistics department in Australia.
- Prepare for postgraduate study in applied linguistics and TESOL, editing and publishing, and translating and interpreting.

Overview (scan to read more)

Develop your understanding of human language and its applications in human society.

You'll learn about the structure of language, human speech production, how language is processed, how people acquire language, and how language is used in different cultures. It will prepare you for a variety of careers in areas such as education, interpreting and translation, editing and publishing, international relations and research.

Career opportunities

Accessible communication adviser, clinical audiologist (after further study), journalist, language consultant, language specialist in business and organisations, lexicographer, linguist, researcher, subtitler

Bachelor of Speech and Hearing Sciences

CRICOS CODE
099151M

80

DURATION 3 years
INTAKES February, July
FEES A\$43,300 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Learn how we produce speech sounds, how language develops in children, and how computers are used in speech and language analysis.
- Impress employers with your understanding of how human language works, which you'll develop via this degree's linguistic focus.
- Choose electives either as companion units to speech, hearing and language sciences, or as units of individual interests.

Overview

Prepare for postgraduate study towards a career in a number of professions, including clinical work or research in audiology and speech and language pathology, forensic speech science, the development of associated speech and hearing technologies, or teaching English to speakers of other languages (TESOL).

Career opportunities

After further study: audiologist, forensic speech scientist, language researcher, speech pathologist, or TESOL practitioner; or marketing or advocacy roles in speech, hearing or health organisations

Master of Applied Linguistics and TESOL

CRICOS CODE
083778G

D

ACADEMIC REQUIREMENT
 Australian bachelor qualification or recognised equivalent
DURATION 1–2 years
INTAKES February, July
FEES A\$35,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Choose electives either as companion units to speech, hearing and language sciences, or as units of individual interest.
- Learn from world-renowned experts with experience teaching and researching in many parts of the world. Study in one of the most diverse and largest linguistics department in Australia.

Overview

Gain an understanding of the complex relationship between language use and context, as well as a strong theoretical and practical foundation in the field of teaching English to speakers of other languages (TESOL).

Career opportunities

Roles in bilingualism, curriculum development, education management, literacy education assessment and program evaluation, policy development, teacher education, TESOL education

Master of Conference Interpreting

CRICOS CODE
097386G

ACADEMIC REQUIREMENT
 Australian bachelor qualification or recognised equivalent with a WAM of 65, and proficiency in one of the available languages, and for students whose first language is English, completion of an admission assessment
DURATION 2 years
INTAKES February
FEES A\$35,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain the skills to work as a professional interpreter for international and bilateral meetings and conferences on diverse topics.
- Practice your interpreting in simulated conferences in our purpose-built ISO-compliant conference interpreting lab.
- Enhance your domain-specific skills, undertake research for the purpose of interpreting and broaden your linguistic knowledge.

Overview

Develop the specialised cognitive and practical skills required for conference interpreting. This involves interpreting source speeches in the simultaneous or consecutive modes while preserving the meaning, tone and nuances of the original speaker. You'll learn how to undertake effective research to inform your interpreting in a range of high-level scientific, diplomatic and technical domains.

Career opportunities

Conference interpreter and roles in the publishing, education, government, legal, insurance, banking and finance sectors

Master of Speech and Language Pathology

CRICOS CODE
037303B

ACADEMIC REQUIREMENT
 Australian bachelor qualification or recognised equivalent with a WAM of 65, and recent successful completion of specified prerequisite units in Linguistics and Psychology at AQF Level 7
DURATION 2 years
INTAKES February
FEES A\$55,200 per year
ENGLISH IELTS 7.0 (7.0 in each band)

Key features

- Develop your skills in the assessment of, and intervention for, individuals with communication and swallowing disabilities.
- Gain experience within the state-of-the-art MQ Health Speech and Hearing Clinic, alongside industry experts.
- Expect to gain employment across a wide array of workplaces within the private, public and not-for-profit sectors.

Overview

Prepare for a rewarding career in speech pathology in which you'll have opportunities to implement tailored services with individuals who have developmental and acquired communication and swallowing disabilities, and effect potentially life-changing outcomes.

Accreditation

This degree is fully accredited by the Speech Pathology Australia.

Career opportunities

Speech pathologist in schools, hospitals, community health centres and private practice

Master of Translation and Interpreting Studies

CRICOS CODE
083811M

D

ACADEMIC REQUIREMENT
 Australian bachelor qualification or recognised equivalent with a WAM of 65, and proficiency in one of the available languages, and for students whose first language is English, completion of an admission assessment
DURATION 1.5 years
INTAKES February, July
FEES A\$35,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Undertake extensive targeted practice in both translation and interpreting, and in the use of computer-assisted translation tools.
- Study in translation and interpreting labs with the most up-to-date equipment, and language learning and translation software.
- Work directly with clients via practicum projects across a variety of settings, such as government and language-service providers.

Overview

If you're proficient in more than one language in addition to English, this degree will provide you with the skills and knowledge you'll require to perform translation and interpreting in a range of institutional settings common to community and commercial translation and interpreting practice in Australia and overseas.

Accreditation

The program is a NAATI (National Accreditation Authority for Translators and Interpreters) approved course for certification at professional and advanced translator and interpreter level. This will prepare students for NAATI certification testing.

Career opportunities

Professional translator and interpreter in governments, courts, hospitals, international conferences, business, regional and international events, broadcasting and publishing

Master of Translation and Interpreting Studies (Advanced)

CRICOS CODE
099191C

ACADEMIC REQUIREMENT
 Australian bachelor qualification or recognised equivalent, and proficiency in one of the available languages, and for students whose first language is English, completion of an admission assessment
DURATION 2 years
INTAKES February, July
FEES A\$35,400 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Acquire theoretical knowledge alongside the practical skills relevant to translation and interpreting practice.
- Study in translation and interpreting labs with the most up-to-date equipment, and language learning and translation software.

Overview

This degree will provide you with the knowledge and skills you need for a career in this dynamic field. It's set apart from the Master of Translation and Interpreting Studies in that it allows you to achieve greater depth in either translation or interpreting, or in both disciplines. You'll have the opportunity to take electives that further develop your skills in areas such as subtitling; as well as translation and interpreting in medical, legal and business settings.

Accreditation

The program is a NAATI (National Accreditation Authority for Translators and Interpreters) approved course for certification at professional and advanced translator and interpreter level. This will prepare students for NAATI certification testing.

Career opportunities

Professional translator and interpreter in governments, courts, hospitals, international conferences, business, regional and international events, broadcasting and publishing

Our linguistics department is the largest and most diverse in Australia.

Law

LAW
**TOP 150
IN THE WORLD**
QS World University
Rankings by Subject, 2022

As a pioneer of interdisciplinary law study in Australia, Macquarie prepares you to look beyond law as a set of rules and procedures. You'll be challenged to think around problems and provide more innovative solutions – skills highly valued by employers.

Bachelor of Laws

CRICOS CODE
080288E

90 D

DURATION 4 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 7.0 (6.5 in each band)

Key features

- Join graduates known for being versatile professionals with a realistic understanding of the issues that bind the world together.
- Graduate with strong analytical and critical-thinking skills, and improve your communication and research skills.

Overview (scan to read more)

The hallmark of this degree is its recognition of the way legal frameworks underpin global issues. You'll be challenged to think critically about the law to seek innovative solutions to legal problems – skills highly valued by employers. With the option to combine your law degree with any other Macquarie bachelor degree, you can open the way to an array of careers in legal practice, private industry, government, education and community services.

Accreditation

This degree is accredited with professional bodies regulating the admission of law graduates to legal practice and provides appropriate qualification for admission to practice as a lawyer throughout Australia. Before being admitted as a barrister or solicitor in Australia, graduates are required to complete further legal training including further study of professional development units and supervised experience.

Career opportunities

Barrister or solicitor (with further study), diplomat, lobbyist, manager in the corporate sector, policy officer, politician, senior public servant

Juris Doctor

CRICOS CODE
079539A

ACADEMIC REQUIREMENT

- Explore the breadth and depth of public health in your first year, and train in core concepts and applied research methods.
- Undertake a research project in your second year to gain in-depth knowledge in the area of your chosen research specialisation.

Overview

This degree will prepare you for a dynamic career dedicated to preventing disease, promoting health and addressing health-related issues in our globalised world – and develop your research skills. As a graduate, you'll demonstrate advanced skills in problem definition, project design and evaluation, decision processes, analysis, management of time and resources, and project coordination. You'll also acquire the ability to communicate information to professional and lay audiences, in oral and written form, all within the context of your chosen area of research specialisation.

Career opportunities

Environmental health specialist, health economist, health informatics specialist, health promotion officer, public health officer, public health researcher

Macquarie University Hospital and MQ Health clinics is Australia's first university-owned teaching hospital, combining world-class clinical care, teaching and research and providing opportunities for students to participate in clinical placements and mentoring programs.

Psychology and cognitive science

PSYCHOLOGY
**TOP 100
IN THE WORLD**
QS World University
Rankings by Subject, 2022

When you study psychology or cognitive science at Macquarie, you'll expand your thinking and your employment potential due to our broad and interdisciplinary approach to learning. We're home to first-class facilities for exploring the mind, brain and behaviour using brain imaging and brain stimulation, virtual reality, eye and body movements, hypnosis and simulated environments, to name a few. Our research and clinical practice help thousands of people living with emotional, psychological and cognitive conditions, including anxiety, depression, dementia, dyslexia and schizophrenia.

We design many of our degrees with industry, so you develop the key skills employers are looking for. Our psychology and cognitive science degrees are designed to equip you with a holistic, interdisciplinary approach that enhances your employment potential.

Through our multi-award-winning PACE (Professional and Community Engagement) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

We also run clinics for the community, including the Centre for Emotional Health Clinic, the Reading Clinic, the Psychology Clinic and the eCentreClinic – facilities that will support your training as a future psychologist or cognitive scientist.

Macquarie is home to first-class facilities including the Simulation Hub, an eight-camera motion capture lab, purpose-built psychology clinics and a clinical skills training centre, a perception lab and neuropharmacology labs.

Bachelor of Cognitive and Brain Sciences

CRICOS CODE

- Learn how psychological practice and theory are deeply rooted in scientific evidence obtained through research.
- Study at a university that's home to the Centre for Emotional Health, the Australian Hearing Hub, the Simulation Hub, and Macquarie University Hospital.
- Combine this degree with one in business or education to gain in-depth skills highly sought after by industry.

Overview

Gain a scientific understanding of the psychological processes that underlie behaviour. You'll get exposure to a range of fundamental psychological concepts, as well as to specialised areas such as child psychology, neuropsychology, social and personality psychology, organisational psychology, cognition and perception, and psychopathology. When followed by an honours year, this degree is a pathway to postgraduate study, which will enable you to become a qualified psychologist.

Accreditation

This degree is accredited with conditions by the Australian Psychology Accreditation Council.

Career opportunities

Health and community program manager, health researcher, human resources consultant, market researcher, research assistant, social program coordinator or policymaker, trainer and educator

Bachelor of Psychology (Honours)

CRICOS CODE
021498F

90

DURATION 4 years
INTAKES February, July
FEES A\$38,100 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Study this highly respected degree, which prepares you for entry into the psychology profession or higher degree research.
- Be taught by academics who are international experts in their field.
- Participate in PACE (Professional and Community Engagement) to gain relevant psychology-related workplace experience.

Overview

Set on the path for a career in specialist fields such as clinical psychology, clinical neuropsychology, organisational psychology or professional psychology. This degree involves three years of accredited undergraduate study followed by an honours year in which you complete a research thesis and advanced coursework units. This enables you to apply for entry to a professional master degree focused on your career of choice. A further two years of postgraduate training or supervised experience is required for registration as a psychologist.

Accreditation

This degree is accredited by the Australian Psychology Accreditation Council and enables you to pursue further study in the profession of psychology or a higher research degree.

Career opportunities

Psychologist (after further study), in business areas (human resources, training, marketing) and in related areas (community organisations, government departments and agencies, health departments)

Master of Clinical Neuropsychology

CRICOS CODE
027374C

ACADEMIC REQUIREMENT
Recent APAC-accredited Australian bachelor honours qualification in psychology (with first-class or second-class honours division one) or recognised equivalent, and eligibility for provisional or full registration with the Psychology Board of Australia
DURATION 2 years
INTAKES February
FEES A\$40,800 per year
ENGLISH IELTS 7.0 (7.0 in each band)

Key features

- Study within our on-campus Psychology Clinic and hospital, and with clinicians in Sydney, regional New South Wales and interstate.
- Learn from expert academics who maintain clinical practice and from visiting clinicians teaching on specialised topics.
- Combine coursework with 1000+ hours of clinical practice in a neuropsychological setting, and complete a research dissertation.

Overview

Grounded in theory and practice, gain the knowledge, skills and qualifications you need to work within a range of clinically oriented areas. Upon graduation, you'll be eligible for registration with the Psychology Board of Australia.

Accreditation

This degree is accredited by the Australian Psychology Accreditation Council and approved by the College of Clinical Neuropsychologists. Attainment of this degree leads to registration as a psychologist with the Psychology Board of Australia and endorsement as a clinical neuropsychologist in Australia.

Career opportunities

Clinical neuropsychologist in hospitals; brain injury units; dementia and aged care units; paediatrics and development disorder units; neurology, neurosurgery and rehabilitation units

Master of Clinical Psychology

CRICOS CODE
001396M

ACADEMIC REQUIREMENT
Recent APAC-accredited Australian bachelor honours qualification in psychology (with first-class or second-class honours division one) or recognised equivalent, and eligibility for provisional or full registration with the Psychology Board of Australia
DURATION 2 years
INTAKES February
FEES A\$40,800 per year
ENGLISH IELTS 7.0 (7.0 in each band)

Key features

- Undertake a wide range of units in psychopathology, cognitive behaviour therapy and psychological assessment.
- Undertake supervised practical placements to build connections between your theoretical knowledge and practical application.
- Study within our psychology and emotional health clinics, and with clinicians in Sydney, regional New South Wales and interstate.

Overview

Expand the knowledge and training you'll need to practice as a qualified clinical psychologist. As a graduate, you'll be an expert in the delivery of a range of psychological therapies, and have additional skills to also engage in pursuits such as consultation, public policy, forensic testimony, and program development and administration.

Accreditation

This degree is accredited by the Australian Psychology Accreditation Council and approved by the College of Clinical Psychologists. Attainment of this degree leads to registration as a psychologist with the Psychology Board of Australia and endorsement as a clinical psychologist in Australia.

Career opportunities

Clinical psychologist in hospitals, private practices, consultancies and educational institutions

Master of Organisational Psychology

CRICOS CODE
030053E

ACADEMIC REQUIREMENT
Recent APAC-accredited Australian bachelor honours qualification in psychology (with first-class or second-class honours division one) or recognised equivalent, and eligibility for provisional or full registration with the Psychology Board of Australia
DURATION 2 years
INTAKES February
FEES A\$40,800 per year
ENGLISH IELTS 7.0 (7.0 in each band)

Key features

- Conduct real-world research within our on-campus Simulation Hub and Psychology Clinic.
- Learn from expert academics who are leading organisational researchers and practitioners.
- Build connections between theoretical knowledge and practical application via placements with industry professionals.

Overview

This degree will provide you with the skills, knowledge and qualifications to work in a wide range of organisations such as consultancies, large companies and government departments. Upon graduation, you'll be eligible for registration with the Psychology Board of Australia.

Accreditation

This degree is accredited by the Australian Psychology Accreditation Council and approved by the College of Organisational Psychologists. Attainment of this degree leads to registration as a psychologist with the Psychology Board of Australia and endorsement as an organisational psychologist in Australia.

Career opportunities

Organisational psychologist in public and private organisations, private practice, consultancy and human resources

Science

Macquarie is renowned for its expertise in science across astronomy, biodiversity, biology, chemistry, climate science, earth and environmental sciences, marine science, mathematics, physics, statistics and sustainability. In a world more dependent on science than ever before, our in-demand science graduates stand at the forefront of change and innovation. We're home to researchers and academics who are internationally recognised for their work, so you'll study with people who are using their knowledge to make an impact on today's and tomorrow's issues.

Bachelor of Biodiversity and Conservation

CRICOS CODE
067848J

75

DURATION 3 years
INTAKES February, July
FEES A\$39,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Get hands-on experience in our 11-hectare fauna park, where world-class environmental research is conducted by leading academics.
- Gain knowledge and skills in a broad range of biodiversity and conservation disciplines, particularly in the Australian context.
- Enhance your learning by studying in modern labs designed to foster collaboration and cutting-edge scientific research.

Overview (scan to read more)

Uniquely combining studies in plant and animal sciences, genetics, evolution and ecology with environmental and conservation management, this degree will equip you with such specialist skills.

Career opportunities

Biodiversity informatics adviser, conservation policymaker, environmental assessor, environmental consultant, land manager, natural resource manager, research scientist, wildlife manager, zoo captive breeding programs manager

Bachelor of Environment

CRICOS CODE
067858G

80

DURATION 3 years
INTAKES February, July
FEES A\$39,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Foster your problem-solving ability, collaboration skills and cutting-edge scientific research knowledge in labs and in the field.
- Undertake an industry-based project to solve a real-world problem, and be prepared for a successful start to your career.
- Gain practical experience in places in New South Wales, such as Seal Rocks and Wee Jasper, and in New Zealand and further afield.

Overview

This degree explores critical environmental systems and processes, relationships between humans and their environments, and the interactions that influence sustainable futures. It's founded in the scientific aspects of the environment, the effects of human-induced changes, and the management of resources. You'll become highly knowledgeable about how individuals, societies and governments can best navigate a path towards sustainability, and economic and social prosperity. With huge growth projected in the environment sector in the coming years, this skill set will see you in high demand.

Majors

Environmental Management; Environmental Sciences

Career opportunities

Climate scientist, ecologically sustainable development officer, environmental geologist, environmental risk analyst, environmental scientist, local council environmental officer, researcher, river and water manager

Bachelor of Science

CRICOS CODE
001365G

75

D

DURATION 3 years
INTAKES February, July
FEES A\$39,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Enhance your learning by studying in modern labs designed to foster collaboration and cutting-edge scientific research.
- Acquire in-depth knowledge in your chosen area, as well as skills in mathematics, statistics or coding.
- Study a degree that builds employability skills into the science curriculum right from the first year.

Overview

This degree is for those excited by discovery and who question the norm. You'll learn from world-renowned researchers who are addressing the big issues facing our global society, such as the changing environment, future materials and fuels, and biotechnology. You'll be able to study complementary disciplines or non-science units that feed your curiosity. And you'll be part of a community that has led many significant initiatives in recent years, including early climate change research, photonics, evolutionary biology and groundbreaking research in earth's crustal systems.

Majors

Astronomy and Astrophysics; Biology; Biomolecular Sciences; Chemistry; Earth and Environmental Sciences; Human Biology; Mathematics; Physics; Psychological Science; Statistical Modelling

Career opportunities

Government adviser, policy adviser, project manager, research and development manager, science regulator, scientific entrepreneur, scientific researcher, scientific technician

Master of Applied Statistics

CRICOS CODE
083779F

1

ACADEMIC REQUIREMENT
Australian bachelor qualification or recognised equivalent
DURATION 1–2 years
INTAKES February, July
FEES A\$42,000 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Apply contemporary statistical methods for statistical learning using the latest computational techniques.
- Gain a deep knowledge of statistics with applications for both the public and private sectors.
- Learn from experts with robust networks at University College London, Harvard University and the Chinese University of Hong Kong.

Overview

This degree concentrates on specialised areas of study, such as biostatistics, data mining, epidemiological methods, generalised linear models, marketing research, time series and stochastic finance. It has a strong focus on the application of contemporary statistical methods and the use of the latest computational techniques. The development of relevant computing skills also forms an integral part of this degree.

Career opportunities

Business analyst, data scientist, finance analyst, marketing analyst, quality analyst, quantitative analyst, risk analyst, senior statistician, statistical modeller

Master of Biotechnology

CRICOS CODE
084698K

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification in a related field or recognised equivalent
DURATION 1–2 years
INTAKES February, July
FEES A\$42,000 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Develop your capabilities in areas such as molecular biology, protein biochemistry, proteomics and applied microbiology.
- Build connections between theoretical knowledge and practical application in the biotech industry.
- Advance your skills in critical thinking, experimental design and writing for peer-reviewed scientific literature.

Overview

Advance your knowledge in areas such as bioethics, protein discovery, molecular genomics, medical biotechnology and functional proteomics. Such knowledge will equip you with a core competency in advanced molecular biotechnology approaches so that you're primed for a career that is vital to improving our lives and the health of our planet.

Career opportunities

Biochemist, biological/clinical technician, biomanufacturing specialist, business development manager, clinical researcher, medical scientist, microbiologist, process development scientist, research and development manager

Master of Conservation Biology

CRICOS CODE
086079K

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification or recognised equivalent, and two units in biology or approved work experience, professional certification or other recognised prior learning
DURATION 1–2 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Access the latest research in conservation biology, and complete independent research projects alongside your coursework.
- Enhance your learning by studying in modern labs designed to foster collaboration and cutting-edge scientific research.
- Get hands-on experience in our 11-hectare fauna park, where world-class environmental research is conducted by leading academics.

Overview

With a focus on the theory, practice and ethics of biological conservation from the level of wild populations to entire ecosystems, this degree will equip you with such specialist skills. You'll advance your knowledge in areas such as climate change biology, regional and global conservation, GIS and remote sensing, wild populations and field methods, as well as undertake a biology research placement.

Career opportunities

Conservation policymaker, environmental consultant, national parks and catchment manager, natural resource manager, scientific education officer, scientific or project management in industry or government, threatened species manager

Master of Environment

CRICOS CODE
084700K

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification or recognised equivalent
DURATION 1–2 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Develop your problem-solving ability, collaboration skills and cutting-edge research knowledge in the lab and the field.
- Build your scientific learning alongside an understanding of the social mechanisms relevant to addressing environmental problems.
- Learn from academics at the forefront of their disciplines, with expertise from environmental planning to environmental management.

Overview

Discover the skills and knowledge you'll need to evaluate the social and biophysical drivers of environmental change, so that as a graduate, you'll be equipped to seek innovative solutions to issues emerging around human-environment interactions.

Career opportunities

Environmental sustainability officer, environmental consultant, environmental scientist, land care and catchment manager, local council environmental officer, national parks manager, senior resource management officer

Master of Sustainable Development

CRICOS CODE
083810A

1

ACADEMIC REQUIREMENT
Australian bachelor qualification or recognised equivalent
DURATION 1–2 years
INTAKES February, July
FEES A\$40,800 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain the broad skills needed by aid agencies, non-government and government agencies concerned with sustainable development challenges.
- Study organisational change, education and capacity building, and strategic planning.
- Enhance your classroom studies by undertaking a practical component through work experience, consultancy practice or research.

Overview

Develop your practical skills so that you're equipped to effect changes towards sustainable development. You'll have opportunities to develop your capabilities in a diverse range of areas, spanning the environment, society, business and law, according to your professional needs.

Career opportunities

Local council professional, sustainability coordinator for regional or national businesses, university academic

Security, intelligence and criminology

The security environment – nationally and internationally – has been transformed over the past decade, meaning highly skilled graduates are in demand across the globe. Our degrees and majors in criminology, cybersecurity and security studies are taught by senior academics and leading industry professionals, allowing you to build professional contacts with experts in Australia and overseas. These options will give you the tools and knowledge you need for a career in the fast-growing intelligence and security industry, including in government agencies and the private sector.

Designed in partnership with our industry partners, our highly practical and unique degrees in security studies, intelligence and cybersecurity have produced in-demand graduates who are working with the Australian Federal Police, KPMG, NSW Police, Qantas, cybersecurity consultancies and the defence forces.

Through our multi-award-winning PACE (Professional and Community Engagement) program, you can undertake workplace experiences with more than 3000 industry partners in Australia and across the globe.

The Macquarie University Cyber Security Hub is a \$10-million joint investment, which promotes a uniquely interdisciplinary approach to tackle real-world challenges in cybersecurity.

Bachelor of Security Studies

CRICOS CODE
083744F

75

DURATION 3 years
INTAKES February, July
FEES A\$39,600 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain experience in operational planning, innovation and policy evaluation by using scenario exercises and dynamic simulations.
- Learn the skills needed in critical thinking, structured intelligence analysis and policy evaluation for security analysis roles.
- Hone your skills alongside experts in Europe, North America, Singapore, Taiwan, Thailand or the Philippines.

Overview (scan to read more)

Prepare to meet the needs of this rapidly changing sector by learning about security from a range of perspectives, including risk management, emergency response, national resilience, business continuity planning, law enforcement and the use of military force.

Career opportunities

Academic, defence expert, intelligence analyst, police officer, policy adviser, researcher, risk analyst, security analyst

Master of Counter Terrorism

CRICOS CODE
095113E

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification in a related field or recognised equivalent
DURATION 1–1.5 years
INTAKES February, July
FEES A\$39,100 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.
- Analyse threats and opportunities confronting Australia, Asia-Pacific and the world.
- Get access to highly respected experts in the intelligence sector, who are in demand and sought after by media.

Overview

Prepare to analyse real-world counterterrorism challenges. You'll learn about the theory and practice of counterterrorism studies; the emerging domestic, regional and international challenges related to terrorism and their implications for counterterrorism approaches and policies; and the evolution of Australia's counterterrorism strategies and policies.

Career opportunities

Academic, countering violent extremism expert, detective, intelligence analyst, police officer, researcher, risk analyst, security analyst

Master of Criminology

CRICOS CODE
092009G

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification in a related field or recognised equivalent
DURATION 1–1.5 years
INTAKES February, July
FEES A\$39,100 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Examine domestic and international policing, the court system in Australia, corrective services and more.
- Replicate the multidisciplinary groups that tackle crime issues in the real world, and improve your practical skills.
- Take electives in areas such as counterterrorism, cybersecurity, intelligence, and security and strategic studies.

Overview

Develop your skills in advanced criminology theory, applied criminological research and criminal justice policy analysis. As a graduate, you'll use your knowledge and draw from fields including sociology, psychology, psychiatry and social anthropology to better understand, measure and evaluate crime.

Career opportunities

Criminologist, cybersecurity analyst, detective, forensic-related roles, intelligence analyst, policy officer, private investigator

Master of Cyber Security Analysis

CRICOS CODE
099508J

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification in a related field or recognised equivalent
DURATION 1–1.5 years
INTAKES February, July
FEES A\$39,100 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Gain employment in a booming field – career opportunities are huge due to the global shortage of skilled cybersecurity experts.
- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.
- Use advanced disciplinary techniques and methods to develop solutions to a range of challenges.

Overview

Developed in consultation with cybersecurity experts from government and industry, this degree is designed to directly address the cybersecurity skills gap in Australia and overseas by training the next generation of policy and strategic thinkers in cybersecurity.

Career opportunities

Cybersecurity analyst, network consultant, network security consultant, policy officer, risk analyst, security specialist, solutions architect

Master of Intelligence

CRICOS CODE
095115C

D 1

ACADEMIC REQUIREMENT
Australian bachelor qualification in a related field or recognised equivalent
DURATION 1–1.5 years
INTAKES February, July
FEES A\$39,100 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.
- Study a degree co-designed with intelligence experts, and receive a theoretical grounding in addition to highly practical skills.
- Get access to highly respected experts in the intelligence sector, who are in demand and sought after by media.

Overview

This degree equips you with a practical skill set, enabling you to analyse real-world intelligence challenges. You'll also develop a deep understanding of the evolution of Australia's intelligence community, as well as the emerging domestic, regional and international challenges that surround intelligence.

Career opportunities

Academic, cybersecurity analyst, detective, intelligence analyst, police officer, researcher, risk analyst, security analyst

Master of Security and Strategic Studies

CRICOS CODE
095120F

D 1

FEES A\$39,100 per year
ENGLISH IELTS 6.5 (6.0 in each band)

Key features

- Analyse geopolitical developments, threats and opportunities confronting Australia, Asia-Pacific and the world.
- Replicate the multidisciplinary groups that tackle security issues in the real world, and improve your practical skills.
- Get access to highly respected experts in the global security sector, who are in demand and sought after by media.

Overview

Analyse contemporary security, defence and strategic challenges, and learn about the dynamics behind major geopolitical and geostrategic issues, and multidimensional non-traditional security challenges. Extend your knowledge of analytical methods to evaluate strategic choices, and the evolution of Australia's interests and strategy.

Career opportunities

Academic, defence expert, intelligence analyst, police officer, policy adviser, researcher, risk analyst, security analyst

Tailored entry designed for you

MACQUARIE UNIVERSITY COLLEGE

Macquarie University College offers pathway programs, developed specifically to meet Macquarie's entry requirements, with guaranteed fast entry into your bachelor degree. On successful completion of a diploma or a foundation program, you will be well prepared to seamlessly transition to the first or second year of your chosen degree.

FAST-TRACKED PATHWAY EDUCATION

With unique seven-week teaching terms, most of our pathway programs can be completed in six or eight months.

GUARANTEED BACHELOR ENTRY

Subject to meeting articulation requirements, you can transition seamlessly to the first or second year of your chosen bachelor degree.

SMALL AND DIVERSE CLASSES

Our small class sizes ensure you get personalised support and hands-on learning. You'll also study alongside many Australian and international students from all around the world.

Standard foundation and intensive programs

Our Standard Foundation Program and Intensive Program are designed to provide you with the skills to commence university-level study. When you successfully complete these programs and meet the entry requirements, you can transition to your bachelor degree at Macquarie.

Standard Foundation Program (4 terms)

For students who are at least 17 years of age, have completed an Australian Year 11 equivalent education with an average mark of 50 and met the IELTS 5.5 (minimum 5.0 in each band) requirement

Intensive Program (2 terms)

For students who are at least 17 years of age, have completed an Australian Year 12 equivalent education with a selection rank of 50.00 or a minimum average mark* of 50 on board exams and met the IELTS 6.0 (minimum 5.5 in each band) requirement

Choose your Bachelor degree (year one)

Bachelor of Actuarial Studies, Bachelor of Ancient History, Bachelor of Applied Finance, Bachelor of Archaeology, Bachelor of Arts, Bachelor of Biodiversity and Conservation, Bachelor of Business Administration, Bachelor of Business Analytics, Bachelor of Chiropractic Science, Bachelor of Cognitive and Brain Sciences, Bachelor of Commerce, Bachelor of Cyber Security, Bachelor of Economics, Bachelor of Engineering (Honours), Bachelor of Environment, Bachelor of Game Design and Development, Bachelor of Information Technology, Bachelor of International Studies, Bachelor of Linguistics and Language Sciences, Bachelor of Marketing and Media, Bachelor of Media and Communications, Bachelor of Medical Sciences, Bachelor of Music, Bachelor of Planning, Bachelor of Professional Accounting, Bachelor of Psychology, Bachelor of Science, Bachelor of Security Studies, Bachelor of Social Science, Bachelor of Speech and Hearing Sciences

Our English language programs (CRICOS Code 097293B) can help you achieve your study goals – whether you require further English language study before you start your studies with us, or you just want to improve your language skills and meet other international students.

30+ YEARS OF ENGLISH ACADEMIC EXCELLENCE

The Macquarie University College has more than 30 years of experience teaching English to international students and is internationally recognised for program quality.

AWARD-WINNING TEACHERS

You will learn from experienced teachers, many of whom have won teaching awards, in small class settings with personalised support.

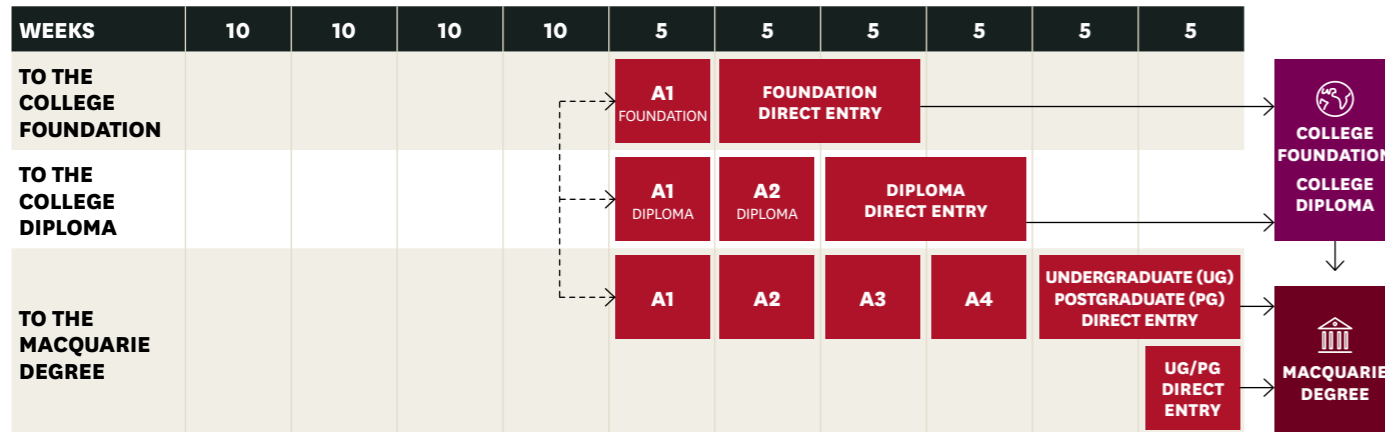

PACKAGE YOUR OFFER

You can apply to have your English language program and degree included in one packaged offer to ensure seamless transition to your chosen Macquarie degree.

Endorsed as a premium product by NEAS, the global leader in quality assurance for the English language teaching community

WHICH ENGLISH LANGUAGE PROGRAM IS RIGHT FOR YOU?

HOW MANY WEEKS OF ENGLISH DO I NEED?

The table below provides an estimate of the number of weeks of English language study you may need. All five components and scores of proficiency (reading, writing, listening and speaking) are considered when recommending the length of English study needed. To make it easy for you, we will recommend the number of weeks required when you submit your application.

CURRENT SCORE (OVERALL)			NUMBER OF WEEKS TO REACH REQUIRED IELTS EQUIVALENCY (OVERALL)				
IELTS	TOEFL/iBT	PEARSON (PTE)	5.5	6.0	6.5	7.0	7.5
4.0	44	30	30-40	40-50	50+	50+	50+
4.5	52	35	20-30	30-40	40-50	50+	50+
5.0	60	41	10-20	20-30	30-40	40-50	50+
5.5	66	49	1-10	10-20	20-30	30-40	40-50
6.0	73	50		1-10	10-20	20-30	30-40
6.5	83	58			1-10	10-20	20-30
7.0	100	65				1-10	10-20

A CHOICE OF ENGLISH LANGUAGE PROGRAMS TO SUIT YOUR FUTURE GOALS

Academic English 5-20 WEEKS	Foundation or diploma direct entry 10 WEEKS	Direct entry 10-week program 10 WEEKS	Direct entry 5-week program 5 WEEKS	Introductory Academic Program 2-4 WEEKS
Our four levels of academic English (A1-A4) are designed for students who have intermediate to upper-intermediate English language proficiency. Depending on your English level and your goals, you can study academic English for 5-20 weeks. These programs prepare you for academic interactions and study by introducing you to the spoken and written texts and skills you will need for success at university.	Direct entry to Macquarie University diploma and foundation programs	Direct entry to Macquarie University degrees	Direct entry to Macquarie University degrees	Direct entry to Macquarie University degrees
	This program develops the language and academic skills needed to succeed in a diploma or foundation program offered by Macquarie University College through engaging academic content as well as project work. During this program, you will have the opportunity to make new friends and use your English outside the classroom to complete group projects. You will also learn to write academic essays, analyse and describe data, understand lectures, take notes, give oral presentations and work collaboratively.	This program is designed for students entering a Macquarie degree. In this program, you will develop your English language and academic skills to help you become a resourceful and autonomous learner. You will engage with content and tasks that promote your critical-thinking, problem-solving and discussion skills through collaborative project work. You will also develop skills related to your chosen field through discipline-specific themes and assessments.	This program is for students who are already very close to meeting the University's English entry requirements for their chosen degree or who have a full offer and want to extend their English and academic skills. You will learn key language and academic skills as you research and write about your chosen field of study, and collaborate with classmates in an engaging learning environment.	This short program is designed for Australia Awards Scholarships students who have a full offer to Macquarie University.

World-leading research

HIGHER DEGREE RESEARCH PROGRAMS

Macquarie University has a proud reputation for world-leading research that is recognised internationally. As one of Australia’s premier teaching and research institutions, Macquarie is your best choice for a higher degree research program. As a higher degree research candidate, you’ll be rewarded with an exceptional research training experience in a supportive environment that enables research of the highest quality.

MASTER OF RESEARCH

Study at the first university in Australia to introduce an intensive research preparation degree.

COTUTELLE AND JOINT PHD

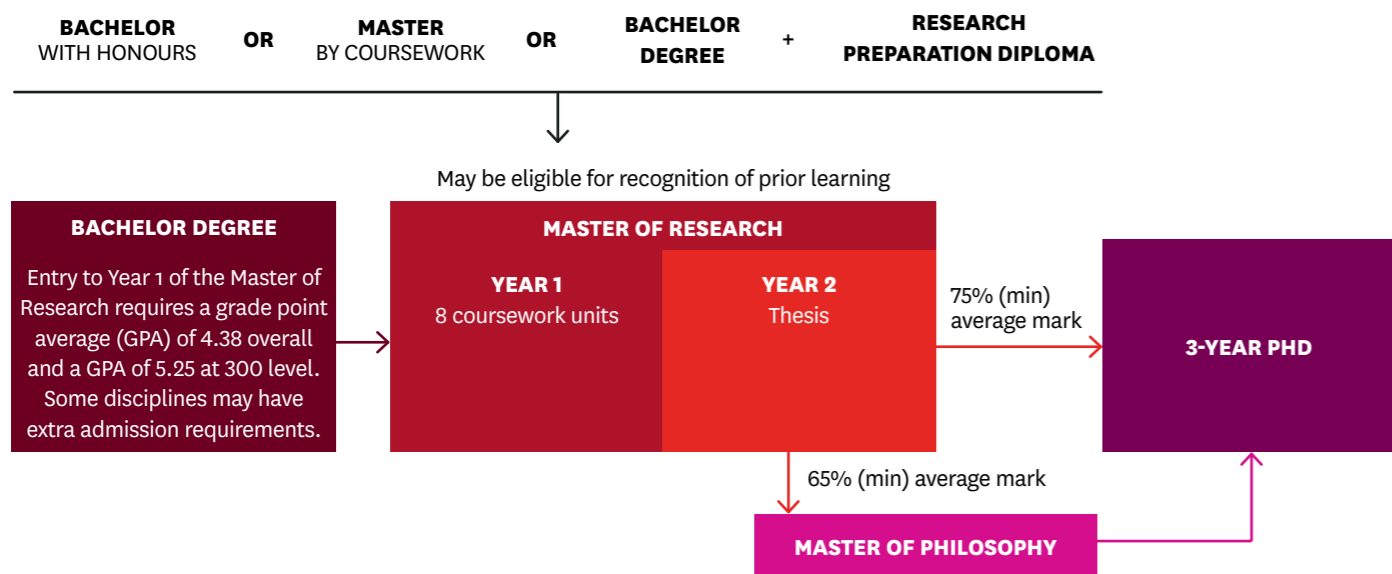

Spread your wings with our international network of research partners.

RESEARCH SUPPORT AND DEVELOPMENT

Access mentoring and development opportunities, enhance your skills and connect with peers.

PATHWAY TO A PHD

SCHOLARSHIP OPPORTUNITIES

Higher degree research scholarships include:

- government-funded scholarships
- Macquarie University-funded scholarships
- co-funded scholarships.

mq.edu.au/research/scholarships

RESEARCH SUPERVISORS

Find potential supervisors for higher degree research programs at hdrss.mq.edu.au

ENGLISH REQUIREMENTS

Proficiency in English is a requirement for admission to all higher degree research and research training programs at Macquarie.

RESEARCH DEGREES

MASTER OF RESEARCH	mq.edu.au/mres
<p>Regarded by the Australian Council of Learned Academies as the most innovative research pathway model, the Master of Research (MRes) prepares you to complete a PhD in three years – well short of the national average.</p> <p>PROGRAM STRUCTURE The two-year MRes is available in all of Macquarie’s research areas and, subject to academic approval, allows you to construct a pathway program relevant to your specific interests.</p> <p>In the first year, you’ll undertake advanced coursework units, and in the second year, you’ll specialise in research preparation and focus on a specific research topic. You are required to submit a thesis of 20,000 words for completion.</p>	<p>ADMISSION REQUIREMENTS The MRes requires a bachelor degree from a recognised institution, with a minimum overall GPA of 4.38 on a 7-point scale and a GPA of 5.25 at 300 level, although some disciplines may have extra admission requirements.</p> <p>If you hold an honours or master degree, you may apply for recognition of prior learning (the equivalent of Year 1). This may allow you to complete the MRes in less than two years. On successful completion, you may be eligible to progress to one of Macquarie’s research degrees: the Master of Philosophy or the Doctor of Philosophy.</p>
MASTER OF PHILOSOPHY	mq.edu.au/master-of-philosophy
<p>PROGRAM STRUCTURE The period of candidature is two years, full-time equivalent. You are required to submit a thesis of 50,000 words for completion.</p>	<p>ADMISSION REQUIREMENTS</p> <ul style="list-style-type: none"> • Completed Macquarie’s MRes with at least 65% in Year 2 OR • Completed a master degree (at least two years) from another institution with a major research component (around 50% thesis, approximately 20,000 words) at credit level (65% or greater)
DOCTOR OF PHILOSOPHY (PHD)	mq.edu.au/doctor-of-philosophy
<p>PROGRAM STRUCTURE The period of candidature is three years, full-time equivalent. You are required to submit a thesis of 75,000 to 100,000 words for completion, depending on the discipline.</p>	<p>ADMISSION REQUIREMENTS</p> <ul style="list-style-type: none"> • Completed Macquarie’s MRes with at least 75 % in Year 2 OR • Completed a Master of Philosophy OR • Completed a master degree (at least two years) from another institution with a major research component (around 50% thesis, approximately 20,000 words) at distinction level (75% or greater)
JOINTLY SUPERVISED PHD PROGRAMS	mq.edu.au/cotutelle-and-joint-phd
<p>Macquarie’s global perspective is at the heart of everything we do. We prioritise deep, continuing relationships with international universities through joint research candidate supervision.</p>	<p>RESEARCH TRAINING PARTNERSHIPS Macquarie is proud to have high-quality research training partnerships with universities in Asia, the United Kingdom, Europe, North America and South America. Since 2007, we have hosted more than 300 cotutelle and joint PhD candidates from more than 110 universities in more than 30 countries.</p>

HOW TO APPLY FOR A RESEARCH PROGRAM

1. PRE-APPLICATION

If you’re a Doctor of Philosophy or Master of Philosophy candidate, you’re required to investigate a research topic. You must then consult with academic staff in your chosen research field to discuss the feasibility of your project and supervision arrangement.

2. PREPARING A RESEARCH PROPOSAL

If you’re a Doctor of Philosophy or Master of Philosophy candidate, your proposal should define your chosen area of study, identify a research question, clarify its importance and outline steps for further investigation.

3. APPLICATION SUBMISSION

You must complete an online higher degree research application. mq.edu.au/information-about/how-to-apply

Scan to apply

Are you ready to start your journey?

Applying to study in Australia is a big step, and it can be both challenging and exciting. We understand these challenges, and we're here to help you every step of the way. Over the next few pages, we explain everything you need to know about the application process, scholarships, fees and costs, and entry requirements.

YOU TO THE POWER OF US

How to apply

1. CHOOSE A COURSE

Find a course that interests you.
courses.mq.edu.au

2. CHECK ENTRY REQUIREMENTS

See if your current qualification meets our academic entry requirement, and prepare to meet our English requirements.

mq.edu.au/academic-requirements

mq.edu.au/study/admissions-and-entry/apply/international/english-language-requirements

3. CHECK SCHOLARSHIP ELIGIBILITY

See if you are eligible for our generous scholarship programs.

mq.edu.au/international/scholarships

4. APPLY ONLINE FOR FREE OR THROUGH AN AUTHORISED AGENT

Complete the online application form.
admissions.mq.edu.au

OR

Apply through our local authorised representatives.
mq.edu.au/find-a-representative

GET IN TOUCH

Get in touch with our international student advisers at study@mq.edu.au or +61 (2) 9850 7346 for personalised study advice.

5. ACCEPT YOUR OFFER

You'll receive an application update within two weeks of completion of your application submission. To secure your place and receive a Confirmation of Enrolment (CoE), accept your offer and pay the required commencement fee.

6. PLAN YOUR TRAVEL

After you receive your CoE from Macquarie, apply for your student visa. Organise Overseas Student Health Cover, book your flights, confirm your accommodation and pack your bags.

7. ARRIVE FOR O WEEK

Arrive in time for O Week (orientation week) so that you can ask any questions about living in Sydney, enrol in your units and get ready for classes.

Questions? Ask us anything ...

Scholarships and living costs

Scholarships are available for undergraduate and postgraduate students of select countries. Each year, Macquarie University awards more than \$4 million in scholarships and grants. We have a wide range of scholarships to support international students who want to study with us. Visit our website for more information on eligibility and application details.

VICE-CHANCELLOR'S INTERNATIONAL SCHOLARSHIP

Highly competitive, based on academic merit and valued up to A\$10,000 applied towards your tuition fees. Applicants must complete an online application after receiving a full course offer.

COUNTRY AND REGIONAL SCHOLARSHIP

Scholarships are available for undergraduate and postgraduate students of select countries. The scholarship amount is applied towards your tuition fees for the duration of your program. Eligible students will be assessed automatically for this scholarship at the time of course application.

ENGLISH LANGUAGE SCHOLARSHIP

A 50 per cent tuition fee scholarship for English language programs of up to 10 weeks, when packaged with a coursework degree, for students from select countries. Eligible students will be assessed automatically for this scholarship at the time of course application.

MACQUARIE UNIVERSITY COLLEGE SCHOLARSHIP

A one-off tuition fee grant of A\$3000 is deducted from your commencement fee for students commencing a diploma or the Standard Foundation Program at Macquarie University College. Eligible students will be assessed automatically for this scholarship at the time of course application.

MERIT-BASED SCHOLARSHIPS

Macquarie University awards a range of merit-based scholarships for students in select disciplines.

- African Women in STEM Scholarship
- Vice-Chancellor's International Scholarship – FIRST® Robotics Scholarship
- Women in Management and Finance Scholarship

Visit mq.edu.au/international/scholarships for more information.

PARTNER- AND GOVERNMENT-FUNDED SCHOLARSHIPS

Macquarie is an approved provider for many international government and academic institution scholarship programs. We also warmly welcome recipients of Australian Government-funded scholarships.

UAC INTERNATIONAL SCHOLARSHIP

One-off scholarships are awarded to students applying for a Macquarie University bachelor degree through the Universities Admissions Centre (UAC). Eligible students will be assessed automatically for this scholarship at the time of course application.

ALUMNI SCHOLARSHIP

A 10 per cent tuition fee scholarship for the duration of a postgraduate coursework program for alumni of Macquarie University. Eligible students will be assessed automatically for this scholarship at the time of course application.

LIVING COSTS AND EXPENSES

Your cost of living and studying in Australia will depend on your lifestyle preferences.

The Australian Department of Home Affairs has financial requirements you must meet in order to receive a student visa for Australia. As of January 2021, the 12-month living cost required for a single student is A\$21,041 per year.

homeaffairs.gov.au

The table below estimates weekly expenses for living and studying in Australia. These estimates are a guide only and prices can vary.

COST	WEEKLY COST (AUD)
Rent	\$185 – \$440
Gas and electricity	\$10 – \$20
Phone and internet	\$15 – \$30
Groceries and eating out	\$140 – \$280
Public transport	\$30 – \$60
Car (after purchase)	\$150 – \$260
Entertainment	\$80 – \$150

Academic entry requirements

Our students come from diverse backgrounds and bring a range of qualifications and perspectives that make studying at Macquarie an exciting experience.

UNDERGRADUATE

For direct admission into an undergraduate (bachelor) degree, you will need one of the following qualifications:

- a recognised high school qualification or university entrance exam – see the following page for a selection of accepted qualifications
- a recognised university foundation course – we accept foundation courses from most Australian universities, as well as from some approved international providers
- a recognised diploma or associate degree deemed equivalent to an Australian diploma or advanced diploma level
- at least one year of a university degree from a recognised institution deemed equivalent to an Australian bachelor or master degree level.

SELECTION RANK

Macquarie uses a selection rank based on the Australian Tertiary Admission Rank (ATAR) to determine the minimum eligibility requirements for entry to each undergraduate course. See the tables on the next pages for conversion of the selection rank to the minimum score you need for your qualification.

MACQUARIE UNIVERSITY COLLEGE

If you haven't met the requirements for your selected course, don't worry. Macquarie University College offers a range of pathway programs to prepare you for seamless transition to university studies. Scholarships are available for undergraduate and postgraduate students of select countries.

See pages 82–85 for more information.

Find out more
mq.edu.au/academic-requirements

POSTGRADUATE

The course listings in this guide will note the specific entry requirements for our postgraduate (master) coursework degrees. In most cases, entry requires a qualification recognised at Australian bachelor degree level or higher. Our Admissions team will determine whether your bachelor degree meets the requirement when you apply to Macquarie.

Entry to some courses may require a degree in a specific or related field of study and/or achievement of a particular weighted average mark (WAM) out of 100. Relevant work experience or professional accreditation may also be considered.

WEIGHTED AVERAGE MARK (WAM)

A weighted average mark (WAM) represents your overall academic performance and is based on a percentage average (out of 100) of all your attempted study. The tables on pages 102–103 provide indicative WAM conversions for common grading systems in your country.

mq.edu.au/academic-requirements

HOW SCORES ARE CALCULATED

GLOBAL

GCE A-Levels

Scores for the United Kingdom and international versions of the General Certificate of Education Advanced Level Examinations (GCE A-Levels) are calculated based on the aggregate of the three best A-level subjects using the following conversions: A* = 6, A = 5, B = 4, C = 3, D = 2, E = 1. At least two subjects must have been taken in the same academic year, and the third may be from the preceding or following academic year.

Both the United Kingdom and international versions of the GCE A-Levels administered by Cambridge International Examinations (CIE), Pearson Education International (Edexcel) and Oxford International AQA Examinations are assessed using these tables. Locally administered O-Level and A-Level examinations for Singapore, Sri Lanka and Zimbabwe are assessed using their own separate tables.

GLOBAL

International Baccalaureate

Scores for the International Baccalaureate (IB) are calculated based on the final aggregate result for six subjects, including any bonus points from Theory of Knowledge subject and Extended Essay. This must include one subject from each of Groups 1–5 (Language and Literature, Language Acquisition, Individuals and Societies, Sciences, and Mathematics) and a sixth subject from either Group 6 (Arts) or a second selection from Groups 1–5. A minimum of three subjects must be completed at Higher Level (HL), with the remainder at Standard Level (SL).

AUSTRALIA

HSC or equivalent

Scores for the Australian High School Certificate (HSC) from New South Wales (or equivalent qualifications from other state boards) are based on the Australian Tertiary Admission Rank (ATAR).

AUSTRALIA

Australian Foundation

Scores for Australian Foundation programs recognised by Macquarie University are calculated based on the overall final result out of 10.0 or by converting percentage marks to a 10-point scale. For entry to some degree programs, students may need to have successfully completed suitable Mathematics or other specified subjects as part of their foundation program.

Accepted foundation programs include:

- Macquarie University Standard Foundation Program or Intensive Program*
- Australian National University College Foundation Studies Program
- Monash University Foundation Year
- University of Adelaide College Foundation Studies
- University of Melbourne – Trinity College Foundation Studies
- University of Queensland – IES College Foundation Year
- University of Sydney – Taylors College Foundation Program
- University of Western Australia – Taylors College Perth Foundation Program
- University of New South Wales Global Foundation Program (Standard and Transition)
- University of Technology Sydney: INSEARCH Foundation Studies Program
- Western Australian Universities' (TISC) Foundation Program.

*See mq.edu.au/study/find-a-course for required scores to articulate to degree programs.

CANADA

AHSD

Scores for the Canadian Alberta High School Diploma (AHSD) are calculated as an average of the final official mark for the best four examined Level 30 subjects including English Language Arts 30.

CANADA

BCCG

Scores for the Canadian British Columbia Certificate of Graduation (BCCG) are calculated as an average of final marks of the four best Grade 12 Ministry-developed subjects including English 12.

CANADA

OSSD

Scores for the Canadian Ontario Secondary School Diploma (OSSD) are calculated as an average of the six best Grade 12 subjects including English - ENG4U. Subjects must be designated with a U (university preparation), M (university/college preparation) or Z (university-delivered dual credit).

CHINA

Gao Kao

Scores are based on the final Chinese National Entrance Examination (Gao Kao) score out of 750. Total scores and requirements are different for three provinces: Hainan, Jiangsu and Shanghai.

DENMARK

Danish USSE

Scores for the Danish Upper Secondary School Examination Certificate (USSE) are based on the final examination result of the Studentereksamen (STX) or Højere Forberedelseksamen (HF).

EUROPE

European Baccalaureate

Scores for the European Baccalaureate (EB) are based on the overall grade for all subjects reported on the final official result certificate.

FIJI

Fijian Year 13 Certificate

Scores for the Fijian Year 13 Certificate are based on the aggregate scores for the four best subjects including English. Subject grades are converted as A = 80, B = 65, C = 50 or 1–2 = 80, 3–4 = 65, 5–6 = 50.

FINLAND

Finnish Matriculation Examination Certificate

Scores for the Finnish Matriculation Examination Certificate are calculated based on the average score of the four best subjects using the following conversions: laudatur = 7, eximia cum laude approbatur = 6, magna cum laude approbatur = 5, cum laude approbatur = 4, lubenter approbatur = 3, approbatur = 2, improbatur (fail) = 0.

FRANCE AND OTHER

French Baccalaureate

Scores are calculated based on the overall grade in the Diplôme du Baccalauréat Général (French Baccalaureate).

GERMANY

Abitur/Fachhochschulreife

Scores are calculated based on the overall grade average (Durchschnittsnote) of the Abitur or Fachhochschulreife.

GREECE

Vevaiosi Prosvasis

Scores for the Greek Vevaiosi Prosvasis (Certificate of Access) examinations are based on the General Admission Grade (out of 20) for all subjects.

HONG KONG

HKDSE

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the aggregate of the five best Category A and C subjects. Category B subjects are not considered.

Category A (Senior Secondary) subjects include the four compulsory core subjects (Chinese, English, Liberal Studies and Mathematics) and a choice of elective subjects. Category B subjects are Applied Learning electives and Category C subjects are for Other Languages (French, German, Japanese, Spanish, Hindi and Urdu).

Points for all subjects are calculated using the following score conversions: 5*/5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1.

HUNGARY

Hungarian Matriculation Certificate

Scores for the Hungarian Matriculation Certificate (Gimnáziumi Érettségi Bizonyítvány) are calculated based on the overall average grade on the examination results using the following conversions: Excellent/Very Good (Jeles) = 5, Good (Jó) = 4, Fair/Average (Közepes) = 3, Satisfactory/Pass (Elégésges) = 2, Fail (Elégtelen) = 1.

INDIA

AISSC

Scores for the All India Senior School Certificate (AISSC) awarded by the Central Board of Secondary Education (CBSE) are calculated based on the average marks of the best four externally examined academic subjects.

INDIA

HSSC

Scores for the Indian Higher Secondary School Certificate (HSSC) from state boards are calculated based on the average marks for all subjects.

INDIA

ISC

Scores for the Indian School Certificate (ISC) awarded by the Council for Indian School Certificate Examinations (CISCE) are calculated based on the average marks for English and the three best academic elective subjects.

INDONESIA

SMA3

Scores for the Ijazah Sekolah Menengah Atas (SMA) are calculated based on the average of the final marks (out of 100) of all Grade 12 subjects.

IRELAND

Leaving Certificate

Scores for the Irish Leaving Certificate (Ardteistiméireacht) are calculated based on an aggregate of the six best subjects, including a minimum of four higher-level subjects. Grades are converted using the following system: Higher-level subjects A1 = 100, A2 = 90, B1 = 85, B2 = 80, B3 = 75, C1 = 70, C2 = 65, C3 = 60, D1 = 55, D2 = 50 and D3 = 45; Ordinary level subjects A1 = 60, A2 = 50, B1 = 45, B2 = 40, B3 = 35, C1 = 30 and C2 = 25.

ISRAEL

Teudat Bagrut

Scores for the Israeli Matriculation Certificate (Teudat Bagrut) are calculated based on the average of all subjects. Grades are calculated using the following conversions: 95–100 = 10, 85–94 = 9, 75–84 = 8, 65–74 = 7, 55–64 = 6, 45–54 = 5, 0–44 = 4.

HOW SCORES ARE CALCULATED

ITALY

Esame di Stato

Scores for the Italian High School State Exam (Esame di Stato) are calculated using the overall grade out of 100. Only the Classical, Scientific and Foreign Languages (classica, scientifica and linguistica) options are accepted.

JAPAN

Japanese National Center Test

Scores for the Japanese National Center Test (大学入試センター試験) are calculated using the average of the seven best subjects' Hensachi scores. The Center Test results are considered, together with evidence of successful completion of the Upper Secondary School Graduation Diploma (Kotogakko Sotsugyo Shomeisho or 高等学校卒業証書).

KENYA

KCSE

Scores for the Kenyan Certificate of Secondary Education (KCSE) are calculated based on the aggregate score of the best seven subjects using the following conversions: A = 12, A- = 11, B+ = 10, B = 9, B- = 8, C+ = 7, C = 6, C- = 5, D+ = 4, D = 3, D- = 2, E = 1.

LEBANON

Baccalauréat Libanais

Scores for the Baccalauréat Libanais (Lebanese General Secondary Certificate or **شهادة البكالوريا اللبنانية**) are calculated out of 20 based on the overall grade for all subjects (ie marks achieved/maximum marks 20).

MALAYSIA

Matrikulasi

Scores are based on the completed Malaysian Matrikulasi Cumulative Grade Point Average (CGPA) using the following scoring system: A = 4.0, A- = 3.67, B+ = 3.33, B = 3.0, B- = 2.67, C+ = 2.33, C = 2.0, C- = 1.67, D+ = 1.33, D = 1.0, F = 0.0.

MALAYSIA

STPM

Scores for the Sijil Tinggi Persekolahan Malaysia (STPM) are calculated based on the aggregate of the est three or four subjects out of a possible five subjects. Scores are calculated using the following conversions: A = 7, A- = 6, B+ = 5, B = 4, B- = 3, C+ = 2, C = 1, C- = 0, D+ = 0, D = 0, F = 0.

MALAYSIA

UEC

Scores for the Malaysian Unified Examination Certificate (UEC) are calculated based on the average of the four compulsory subjects (Chinese, Malay, English and Mathematics) and the best four other subjects using the following conversions: A1 = 1, A2 = 2, B3 = 3, B4 = 4, B5 = 5, B6 = 6, C7 = 7, C8 = 8, F9 = 9.

NEPAL

HSEC

Scores for the Nepalese Higher Secondary Education Certificate (HSEC) awarded by the Higher Secondary Education Board from 2018 are calculated based on the cumulative GPA (CGPA) of all Year 11 and 12 subjects.

NORWAY

USSE

Scores for the Upper Secondary School Examination Certificate (USSE) are calculated based on the average grade for all subjects. This assessment only applies for the Vitnemål fra den videregående skole, Vitnemål for videregående opplæring or Examen Artium.

PHILIPPINES

High School Diploma

Scores for the Filipino High School Diploma (HSD) are based on the average marks of all Year 12 subjects. Assessment for bachelor entry applies to selected schools only.

SCOTLAND

Scottish National Courses

Scores for the Scottish National Courses are calculated based on the aggregate score of the best four Higher and Advanced Higher-Level courses using the following conversions: Higher Level: A=3, B=2, C=1, D=0; Advanced Higher Level: A=5.5, B=4.5, C=3.5, D=2.5.

SINGAPORE

Singapore A-Levels

Scores for the Singapore-Cambridge Advanced Level Examinations (Singapore A-Levels) are calculated based on the aggregate of a maximum of the three best H1 subjects, the three best H2 subjects and the best H3 subject using the following conversions: H1 subjects: A = 2.5, B = 2, C = 1.5, D = 1, E = 0.5; H2 subjects: A = 5, B = 4, C = 3, D = 2, E = 1; H3 subjects: Distinction = 2.5, Merit = 1.5, Pass = 1. Up to one additional H2 or H3 subject may be taken into account for some applicants.

SOUTH AFRICA

NSC

Scores for the South African National Senior Certificate (NSC) are calculated using the average grade of the best four examination subjects, excluding Life Orientation. Candidates must have been awarded the NSC and met the minimum requirements for admission to higher education in South Africa.

SOUTH KOREA

CSAT

Scores for the Korean College Scholastic Ability Test (CSAT) are calculated based on the sum of the Stanine/Grades for either (a) Mathematics and the best two other subjects if the intended Macquarie degree program requires an assumed knowledge of Mathematics, or (b) the three best subjects. Only the following subjects are considered: Language Arts (Korean), English, Investigation subjects (Social Studies or Science options only) and Second Foreign Language subjects. CSAT results must be accompanied by evidence of successful completion of senior secondary studies.

SRI LANKA

Sri Lankan A-Levels

Scores for the Sri Lankan General Certificate of Education Advanced Level Examinations (Sri Lanka A-Levels) are calculated on the basis of the best three subjects using the following conversions: A = 4, B = 3, C = 2, S = 1, F = 0.

SWEDEN

Slutbetyg

Scores for the Swedish Upper Secondary School Leaving Certificate (Slutbetyg fran Gymnasieskolan) are based on the average grade for all subjects using the following conversions: A = 20, B = 17.5, C = 15, D = 12.5, E = 10, F = 0.

SWITZERLAND

Swiss Federal Maturity Certificate

Scores for the Swiss Federal Maturity Certificate are calculated based on the aggregate score for all 12 subjects and the Maturity Project.

TAIWAN

GSAT

Scores for the Taiwanese General Scholastic Aptitude Test (GSAT) are calculated based on the total score of the five examined subjects: Chinese, English, Mathematics, Social Sciences and Natural Sciences. GSAT results must be accompanied by evidence of successful completion of senior secondary studies.

TANZANIA

ACSE

Scores for the Tanzanian Advanced Certificate of Secondary Education (ACSE) are calculated based on the aggregate of the best four subjects at Advanced (A2) or Principal Level using the following conversions: A = 5, B = 4, C = 3, D = 2, E = 1.

THAILAND

Mathayom 6

Scores for the Mathayom 6 are calculated based on the weighted average (out of 4.0) of all Grade 12 subjects.

UGANDA

ACE

Scores for the Ugandan Advanced Certificate of Education (ACE) are calculated based on the aggregate of the best four subjects at Advanced (A2) or Principal Level using the following conversions: A = 5, B = 4, C = 3, D = 2, E = 1.

UNITED STATES

ACT

Scores are calculated based on the American College Test (ACT) composite score out of a maximum of 36. The ACT is only considered together with evidence of successful completion of senior high school.

Applicants who have completed Advanced Placement (AP) subjects may be considered for credit towards the first year of study at Macquarie.

UNITED STATES

SAT (from 2016)

Scores are calculated based on the Scholastic Aptitude Test (SAT) total score out of a maximum of 1600. The SAT is only considered together with evidence of successful completion of senior high school.

Applicants who have completed Advanced Placement (AP) subjects may be considered for credit towards the first year of study at Macquarie.

VIETNAM

Upper Secondary Diploma

Scores are calculated based on the average of all Grade 12 subjects from the Vietnamese Upper Secondary Education Graduation Diploma (Bang Tot nghiep Trung hoc Pho thong). Assessment for bachelor entry applies to selected schools only.

ZIMBABWE

ZIMSEC A-Levels

Scores for the Zimbabwean ZIMSEC General Certificate of Education Advanced Levels are calculated based on the aggregate of the best four subjects at Advanced (A2) or Principal Level using the following conversions: A = 5, B = 4, C = 3, D = 2, E = 1.

Pakistan	Group A: 4-point GPA where 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (C+/B- average)
	Group B: 4-point GPA where 2.5 = Grade C or C-	2.5 (C/C- average)	2.7 (C/C+ average)	2.8 (C+ average)	3.0 (B- average)
Philippines	Group A: Reverse 5-point GPA where 3.0 is minimum pass	3.0 (Pass/Competent)	2.8 (Fair/Competent)	2.5 (Fair/Good)	2.3 (Good)
	Group B: 4-point GPA where 1.0 is minimum full pass = 70% (Grade D)	1.0 (D average/Passing)	1.3 (D average/Passing)	1.7 (D average/Fair)	2.0 (C average/Satisfactory)
Saudi Arabia	Group A: 5-point GPA where GPA 2.0 = minimum full pass (Grade D or 60%)	2.0 (D/Pass average)	2.3 (D/Pass average)	2.7 (D+/High Pass average)	3.0 (C/Good average)
	Group B: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
	Group C: 100-point scale where minimum full pass = 60%	60 (D/Pass average)	64 (D/Pass average)	69 (D+/High Pass average)	73 (C/Good average)
Singapore	Group A: 5-point GPA where GPA 2.0 = minimum full pass	2.5 (C+ average)	2.8 (C+ average)	3.0 (B- average)	3.3 (B- average)
	Group B: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
South Korea	4.3 or 4.5-point GPA where GPA 2.0 = Grade C	2.5 (C+ average)	2.7 (B- average)	2.8 (B- average)	3.0 (B average)
Taiwan	4.3-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
Thailand	4-point GPA where 2.0 is minimum full pass	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
United Kingdom	Percentage where Lower Second Class = 50%	50 (Lower Second)	53 (Lower Second)	57 (Lower Second)	60 (Upper Second)
United States	Group A: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
	Group B: Percentage where Grade C or Satisfactory is between 60% and 69%	60 (C average)	64 (C average)	69 (C+ average)	73 (B- average)
Vietnam	10-point scale where 5.0 is minimum full pass	5.0 (Trung binh)	5.6 (Trung binh)	6.1 (Trung binh)	6.7 (Trung binh)

Graduate certificates and graduate diplomas

Our range of graduate certificates and graduate diplomas are designed to help you upskill while saving you time and money. Visit courses.mq.edu.au for more information.

COURSE NAME	FULL ENGLISH REQUIREMENT	DURATION	ANNUAL FEE (A\$)	INTAKE/S	ACADEMIC REQUIREMENT/S
Graduate Certificate of Accounting Practice CRICOS CODE 111135F	IELTS 6.5 (6.0 in each band)	0.5 years	\$20,000	February, July	Australian bachelor qualification or recognised equivalent
Graduate Certificate of Business Administration CRICOS CODE 111137D	IELTS 7 (6.0 in each band)	0.5 years	\$21,000	January, April, June, September	Australian bachelor qualification or recognised equivalent with a WAM of 65, and three years (full-time equivalent) of relevant work experience at a managerial or professional level, or five years relevant work experience at a managerial or professional level
Graduate Certificate of Early Childhood CRICOS CODE 083747C	IELTS 7.0 (7.0 in each band)	0.5 years	\$16,900	February	Australian bachelor qualification or recognised equivalent
Graduate Certificate of Editing and Electronic Publishing (Online only)	IELTS 7.0 (R 7, W 7, L 6, S 6)	1 year part-time	\$17,700	February, July	Australian bachelor qualification or recognised equivalent
Graduate Certificate of Education CRICOS CODE 0100138 Available on campus and online	IELTS 6.5 (6.0 in each band)	0.5 years	\$16,900	February, July	Australian bachelor qualification in a related field or recognised equivalent
Graduate Certificate of Finance CRICOS CODE 099618C Offered at Sydney city campus only	IELTS 6.5 (6.0 in each band)	0.5 years	\$20,600	April, September	Australian bachelor qualification or recognised equivalent
Graduate Certificate of Management CRICOS CODE 083755C	IELTS 7.0 (6.0 in each band)	0.5 years	\$21,600	January, April, June, September	Australian bachelor qualification or recognised equivalent with a WAM of 65, and three years (full-time equivalent) of relevant work experience at a managerial or professional level
Graduate Certificate of Security Studies and Criminology CRICOS CODE 095111G	IELTS 6.5 (6.0 in each band)	0.5 years	\$19,600	February, July	Australian bachelor qualification or recognised equivalent
Graduate Certificate of TESOL CRICOS CODE 083010M	IELTS 6.5 (6.0 in each band)	0.5 years	\$17,700	February, July	Australian bachelor qualification or recognised equivalent
Graduate Diploma of Accounting Practice CRICOS CODE 111136E	IELTS 6.5 (6.0 in each band)	1 year	\$39,900	February, July	Australian bachelor qualification or recognised equivalent
Graduate Diploma of Business Administration CRICOS CODE 111138C	IELTS 7 (6.0 in each band)	1 year	\$42,000	January, April, June, September	Australian bachelor qualification or recognised equivalent with a WAM of 65 and three years (full-time equivalent) of relevant work experience at a managerial or professional level, or five years relevant work experience at a managerial or professional level
Graduate Diploma of Applied Finance CRICOS CODE 099155G Offered at Sydney city campus only	IELTS 6.5 (6.0 in each band)	1 year	\$44,900	April, September	Australian bachelor qualification or recognised equivalent, and two years (full-time equivalent) of relevant professional work experience
Graduate Diploma of Conservation Biology CRICOS CODE 086080F	IELTS 6.5 (6.0 in each band)	1 year	\$40,800	February, July	Australian bachelor qualification or recognised equivalent, including two units in biology
Graduate Diploma of Environment CRICOS CODE 083760F	IELTS 6.5 (6.0 in each band)	1 year	\$40,800	February, July	Australian bachelor qualification or recognised equivalent
Graduate Diploma of Management CRICOS CODE 083764B	IELTS 7.0 (6.0 in each band)	1 year	\$43,300	January, April, June, September	Australian bachelor qualification or recognised equivalent with a WAM of 65, and three years (full-time equivalent) of relevant work experience at a managerial or professional level
Graduate Diploma of Translating and Interpreting CRICOS CODE 083771C	IELTS 6.5 (6.0 in each band)	1 year	\$35,400	February, July	Australian bachelor qualification in a related field or recognised equivalent, and proficiency in one of the available languages

One-year master degrees

Choose from Australia's largest range of one-year master degrees. Depending on your prior qualifications, work experience or other recognised prior learning, you may be eligible to graduate in as little as one year. Visit courses.mq.edu.au for more information.

COURSE NAME	FULL ENGLISH REQUIREMENT	ANNUAL FEE (A\$)	INTAKE/S	ACADEMIC REQUIREMENT FOR 1-YEAR DURATION
Master of Accounting CRICOS CODE 091741J	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Applied Economics CRICOS CODE 097429B	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Applied Finance CRICOS CODE 083777G	IELTS 6.5 (6.0 in each band)	\$44,900	April, September	Australian bachelor qualification in a related field or recognised equivalent, and two years relevant approved work experience
Master of Applied Statistics CRICOS CODE 083779F	IELTS 6.5 (6.0 in each band)	\$42,000	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Biotechnology CRICOS CODE 084698K	IELTS 6.5 (6.0 in each band)	\$42,000	February, July	Australian bachelor qualification with all of the following units: biochemistry, chemistry, microbiology and molecular biology, or recognised equivalent with a WAM of 65
Master of Business Analytics CRICOS CODE 0100139	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent, which covers study in statistics and/or econometrics, with a WAM of 65
Master of Commerce CRICOS CODE 083782M	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Conservation Biology CRICOS CODE 086079K	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65, and foundation knowledge and skills in using geographic information systems
Master of Counter Terrorism CRICOS CODE 095113E	IELTS 6.5 (6.0 in each band)	\$39,100	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Creative Industries CRICOS CODE 099159C	IELTS 6.5 (6.0 in each band)	\$35,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Creative Writing CRICOS CODE 099160K	IELTS 7.0 (6.5 in each band)	\$39,100	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Criminology CRICOS CODE 092009G	IELTS 6.5 (6.0 in each band)	\$39,100	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Cyber Security Analysis CRICOS CODE 099508J	IELTS 6.5 (6.0 in each band)	\$38,000	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Data Science CRICOS CODE 080284J	IELTS 6.5 (6.0 in each band)	\$40,200	February, July	Australian bachelor qualification in data science with a WAM of 65
Master of Early Childhood CRICOS CODE 083783K	IELTS 6.5 (6.0 in each band)	\$33,800	February, July	Australian bachelor qualification in early childhood or include a major in early childhood and/or approved by the Australian Children's Education and Care Quality Authority (ACEQA), or recognised equivalent with a WAM of 65
Master of Education CRICOS CODE 083785G Available on campus and fully online	IELTS 6.5 (6.0 in each band)	\$33,800	February, July	Australian bachelor qualification in a related field or recognised equivalent, and two years relevant approved work experience
Master of Engineering in Electronics Engineering CRICOS CODE 099163G	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor honours or graduate diploma qualification in a related field or recognised equivalent, which includes a substantial final year research project
Master of Environment CRICOS CODE 084700K	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Finance CRICOS CODE 099169A	IELTS 6.5 (6.0 in each band)	\$40,800	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
Master of Information Systems Management CRICOS CODE 099171G	IELTS 6.5 (6.0 in each band)	\$40,200	February, July	Australian bachelor qualification in a related field or recognised equivalent with a WAM of 65
