Among New Zealand universities, Massey is unique. Throughout its 90-year history Massey has played a defining role in the development of New Zealand through its ground-breaking research, contribution to land-based industries, distinctive mix of internal, distance and international teaching, commitment to innovation and close links with the community. Massey staff and students have led the way in business innovation, creative arts, food, animal and general sciences, health, humanities and social sciences, many of these delivered through New Zealand’s largest and most successful distance learning service.

Massey is recognised as a leading teaching university and is host to the National Centre for Tertiary Teaching Excellence. It is also a research leader and has numerous collaborations with other researchers at institutions in New Zealand and around the world.

We are proud of our commitment to Māori and Pasifika students and our international focus has seen Massey establish a strong presence in Asia.

By joining Massey you are making a decision to carry on a tradition that has shaped New Zealand and made significant contributions around the world. It is that history which makes Massey students so in-demand. Employers like the mix of values, practical competencies and relevant knowledge that a Massey graduate represents.

Wherever you choose to study you will be able to access a comprehensive range of undergraduate and postgraduate programmes covering everything from education to humanities and social sciences, to sciences, engineering and health, to arts and business.

This prospectus showcases all of our postgraduate offerings. You will learn about our three campuses at Auckland, Manawatū and Wellington and the flexibility of distance learning. There is information about resources and services available for postgraduate students at Massey.

The back of the book is a listing of postgraduate programmes offered at Massey, with brief descriptions and information about availability. Whatever you choose to do, Massey is committed to ensuring you are prepared to take on whatever challenges you may encounter in the future.

Professor Jan Thomas, Vice-Chancellor
@ProfJanThomas
Postgraduate study enables you to take your career to the next level, through in-depth study in a particular area of interest. It helps you take your prior experience and knowledge, and use your initiative as you research, and contribute to your field of expertise. It requires planning, dedication and will take time away from your everyday life, but ultimately your hard work could open the door to new opportunities and greater responsibility.

**HOW DOES IT DIFFER FROM UNDERGRADUATE STUDY?**
During your undergraduate study, you will have learned many of the skills required to study successfully at postgraduate level. However, it is important to realise that postgraduate study requires greater independence, and you’ll need to use your own initiative in completing course work and undertaking research projects.

You’ll generally be expected to have some knowledge and prior experience in your subject area, however postgraduate study can also be used to support a career transition. As an example, a person with a science PhD may contemplate an MBA. You’ll be supported and encouraged by your supervisors in a range of ways, but in many circumstances, you’ll be in the driving seat when it comes to getting work done.

Postgraduate study is more strongly focused on theory and research in the discipline, and many postgraduate qualifications have a research component. You’ll also be expected to possess a higher level of critical thinking and analysis, show that you read extensively, and can develop your own views, and defend them.

**ARE YOU READY FOR POSTGRADUATE STUDY?**
Postgraduate study requires time, commitment, and a range of skills beyond those you may have needed as an undergraduate. We have provided a series of online tools and resources to help you think about the different aspects of studying at a distance, and to assess your abilities, time commitments and motivations for study. Check them out on the Massey website: [massey.ac.nz/postgrad](http://massey.ac.nz/postgrad)

**FINDING TIME FOR STUDY**
Studying at university requires a significant time investment. Students often comment that balancing their everyday commitments with study requirements can be challenging. It is important to carefully consider how many courses you should take, especially when beginning your study. You should be realistic about the number of courses you can take in a semester and consider all your existing commitments. You will need to spend approximately 10 to 12 hours each week for a 15-credit single semester course, or about 5 to 6 hours per week for a 15-credit double semester course.

**PATHWAYS TO POSTGRADUATE STUDY**
Most postgraduate students enter their study already possessing a bachelor’s degree. However, if you want to change the direction or focus of your study, you may need to begin with a graduate diploma. Master’s degrees can be one or two year programmes, depending on your entry route. They can be mainly coursework, a combination of coursework and a research project or thesis, or a thesis only. Doctoral degrees are awarded entirely for research reported in your thesis (PhD) or for a combination of coursework and a thesis (the ‘Named’ doctorates).

**TYPES OF PROGRAMMES AVAILABLE**

**HONOURS DEGREE**
Honours degrees are postgraduate qualifications comprising an additional year of study beyond the bachelor’s degree in the discipline. Entry to an honours degree requires prior high academic performance in undergraduate degree study. Students selected for an honours degree will enrol in the postgraduate degree after completing the undergraduate degree. Completing an honours degree may qualify you for doctoral study if your achievement is high enough.

**MASTER’S DEGREE**
A master’s programme allows you to undertake advanced study – usually on the main subject in your qualifying undergraduate degree. Some master’s programmes allow you to move into a different discipline from your undergraduate study.

**POSTGRADUATE DIPLOMA**
A postgraduate diploma builds on your prior academic achievement, and generally takes one year of full-time study to complete. It can lead to further study at master’s or doctorate level.
DOCTORATE
The Doctor of Philosophy (PhD) degree is the qualification to kick-start your research career. It is the highest degree Massey offers and can be acquired in most of the disciplines. It may involve external supervisors from a research institute. It is Massey’s most supervised, fully research-based degree.
A PhD is awarded for a thesis, which is an integrated and coherent report demonstrating your ability to carry out independent research and analysis at an advanced level in a particular field, or an advanced creative-practice work including a substantial written component. Your thesis should make an original contribution to knowledge of the subject it focuses upon. It will be assessed by three independent examiners in a process that includes thesis assessment reports and an oral examination. It normally takes at least three years of full-time study to complete a PhD. If you’d prefer to study part-time, you need to allow five to six years to complete the research and writing.

NAMED DOCTORATES
Massey University offers two named doctoral degrees:
- Doctor of Clinical Psychology (DClinPsych)
- Doctor of Social Work (DSW)

These are specially-designed degrees involving high-level study and research. They are ideal professional development options for existing and prospective senior managers and leaders. Named doctorates comprise one-third course work/practicum and two-thirds supervised research. In all other respects, including the examination procedure, they’re equivalent to a PhD, especially in the standards of discipline, rigour and scholarship required.

ENTRY REQUIREMENTS
Entry requirements for each programme vary, so it’s best to talk to the team at Massey University to find out what level of postgraduate study is right for you.
Each year more than 20% of Massey University's student population study at postgraduate level, including 1000 Doctoral (PhD) degree students. Massey University has an international reputation for its research innovation, practices and results, which are applied to postgraduate programmes of study. The University also has strong international links across the globe, with accreditation and endorsements across a number of programmes. Massey University’s teaching and research departments are divided into five colleges:

**COLLEGE OF CREATIVE ARTS TOI RAUWHARANGI**

Based in Wellington and Palmerston North, the College of Creative Arts is a world-class art, design, music and creative media college offering courses across a broad range of creative arts subjects, from undergraduate through to doctoral level.

> It is ranked in the top two for the Asia-Pacific region by international design awards agency RED DOT, giving Massey a distinctive seal of quality for its design programmes

> It was the first art and design school outside North America to be awarded “substantial equivalency” by the US accreditation body NASAD – the most comprehensive international benchmark for art and design education in the world

> The College of Creative Arts has the largest number of top-ranked researchers in design and visual arts and crafts of all tertiary institutions in New Zealand, with 77% of our research staff ranked A or B. With their global connections and our outstanding facilities, the College offers a stimulating and highly innovative learning environment for creative innovators who wish to make a positive difference to our world through creative practice and scholarship.

> Postgraduate programmes at the College are predominantly practice led.

> The College has a legacy of more than a century of creative education.

**COLLEGE OF HUMANITIES AND SOCIAL SCIENCES TE KURA PŪKENGA TANGATA**

The College of Humanities and Social Sciences has a strong research tradition and profile, representing a diverse range of themes, research methods and groups, from individual researchers to major research teams and centres. It also has a strong outreach focus, and is well-connected to government departments including the Ministry of Education, the Ministry of Social Development and Treasury. The College is also connected to national and international research and policy communities, including the Health Research Council, the Asia New Zealand Foundation and the Max Planck Institute for the Study of Religious and Ethnic Diversity.

**COLLEGE OF SCIENCES TE WĀHANGA PŪTAIAO**

The College of Sciences’ world-leading scientists are internationally-acclaimed and ranked. Its programmes of study and research attract world-leading academics and we have active research collaborations with the world’s most prestigious scientific institutions.

The College demands excellence in its research and brings together experts from several disciplines to focus on four fields to further knowledge and make a difference in New Zealand and the world. Those fields are:

> Agriculture, veterinary and life sciences

> Land, water and the environment

> Industrial innovation through engineering and technology

> Natural and fundamental sciences

**MASSEY BUSINESS SCHOOL TE KURA WHAI PAKIHI**

As one of the country's leading and largest business schools, Massey Business School (MBS) is ranked among the top two per cent of business schools globally and is AACSB accredited. Massey's business and management programme has been ranked in the top 250 universities in the world by Quacquarelli Symonds (QS). The School has programme-specific endorsements in accountancy, finance and aviation. Massey Business School’s discipline areas rank highly in the 2019 QS ranking, with accounting and finance ranked in the top 200, and business and management studies in the top 250.

MBS is also highly accredited having achieved AACSB (general), AAACSB (accounting) and AMBA accreditations, and many professional accreditations including, accountancy (ACCA, CPA, CIMA, CAANZ), finance (CFA teaching partner), property/construction (RICS) and communications (ACEJMC).
WHY CHOOSE MASSEY UNIVERSITY?

For more than 80 years, Massey University has helped shape the lives and communities of people in New Zealand and around the world. Its forward thinking spirit, research-led teaching, and cutting-edge discoveries make Massey New Zealand’s defining university.

INNOVATIVE RESEARCH
Massey has a reputation for research excellence on an international scale with inspirational people, stimulating subject matter and extensive resources and support.

We offer a wide-ranging academic portfolio designed to satisfy global research needs and pave the way for future generations. We are associated with and receive public funding from leading organisations such as the Marsden Fund, the Health Research Council and the Ministry of Education.

Massey is home to many innovative research initiatives:
- New Zealand’s most powerful nuclear magnetic resonance spectrometer
- The EpiCentre
- New Zealand Institute for Advanced Study
- The Centre for Public Health Research
- Riddet Institute

STRONG LINKS
Massey works closely with businesses and the wider community. These links have helped ensure our postgraduate degrees are highly sought after, with great value and relevance in the marketplace.

We also encourage students to build relationships with external partners by undertaking research projects off-campus. Often this research is with staff in the private sector, the government, and industry research entities, both domestically and internationally.

Recent initiatives include:
- Biocommerce Centre, established adjacent to the Manawatū campus, to grow the Biotechnology industry in the Manawatū region of New Zealand
- The Centre for Organisational Excellence Research
- Auckland’s Albany-based ecentre, a highly successful incubator for new businesses
- Te Pūmanawa Hauora: Research Centre for Māori Health and Development

Massey is also active in national and regional business incubators that bring together the skills of industry and academia, such as Creative HQ.

Many of New Zealand’s defining people undertook postgraduate work at Massey. They’ve gone on to make significant contributions to both New Zealand and the wider world. A postgraduate qualification from Massey could set you on the path to becoming one of New Zealand’s defining people.

THE SUPPORT YOU NEED
We want to help you succeed in your postgraduate studies. Massey offers student services and workshops designed to give students assistance where it’s needed. Our student services can assist you with accommodation, health, counselling, recreation, childcare, and other personal services, while our workshops and seminars will help you develop the academic and research skills needed to excel in your studies.

FLEXIBILITY
We offer three locations for on-campus study, in Auckland, Palmerston North and Wellington. We also have an extensive distance learning (extramural) programme, so you can choose where and when you want to study instead of being forced into regular lectures and timetables. Nearly half of all our students study via distance learning, with about a fifth of them being postgraduate students.
JESSICA PAWLEY
Master of Arts (MA)
New Zealand author

Her e-books for teens have already attracted more than one million readers. She has huge international and New Zealand fan bases. Now Massey University Master of Arts (MA) graduate Jessica Pawley has signed off international screen adaptation rights for her just-published science fiction novel ‘Air Born’.

Published as J L Pawley, she was picked up by award-winning New Zealand publisher Steam Press in 2016, and Air Born was launched in Auckland and hit New Zealand bookstores in October 2017. The Russian and Chinese translation rights have also been sold – huge markets for the young writer who graduated with a first class Master of Arts in 2017. Air Born is the first novel of her young adult sci-fi series Generation Icarus, an earlier version which she self-published through an e-book streaming app. Through this platform, she cultivated a strong relationship with her fan base. The feedback from readers contributed to the evolution of the series, and their love for the books led to the enthusiastic creation of fan art, fan fiction, and social media accounts.

The story centres on a group of diverse teenagers – including a Māori main character, who unexpectedly grow wings – and are forced to band together for survival as they are caught between extremists of both science and religion. It has had excellent public and critical feedback and, less than two months after launch, Steam Press are already preparing for a second print run.

An avid reader since childhood, Jessica’s long-held dream was to write full-time. She says being driven, determined and disciplined helped achieve international success. She even researched the physics and biology of animal flight to create a believable sense of being a winged creature. Currently immersed in meetings with film producers and busy working to tight deadlines on television project development as well as honing her next book in the series, she says; “It’s still very surreal.” And real: “I’ve got so much work to do!”

WHY DID YOU CHOOSE TO STUDY AT MASSEY UNIVERSITY?
As a former student, I was already familiar with Massey’s academic quality and structure. Administration and support was very smooth, friendly, and helpful. Most significantly, the extramural availability is excellent. This was the option that fit in the best with my existing life commitments.

WHAT WAS THE BEST PART ABOUT YOUR EXPERIENCE?
Seeing my own growth and improvement not just in my own writing skills, but also in my appreciation for others’ craft, from teaching how to write essays to appreciating poetry. Daring to present my own interpretation and having it not only accepted but praised by my teachers, and the encouragement to pursue professional academic publication was exceedingly validating. The thrill of discovering new aspects of our language and culture that no one else had studied in the same way before was a little addictive!

HOW DID IT HELP YOU SUCCEED IN BUILDING A CAREER AS A WRITER?
I chose to do a MA because I could take creative writing courses, but I could also study other aspects of English such as the teaching of academic (essay) writing, and examining NZ fiction and poetry alongside well-known international works. I felt this widened my future opportunities rather than narrowed my expertise. I was also able to focus my academic research on a developing aspect of English that is highly relevant to my own career; online reading platforms, and the social media and digital community structures that develop within and around the e-books, including my own. Understanding how my readers relate to each other and the books helps me contribute much more effectively as a provider of content, which in turn benefits my career.

WHAT’S YOUR TOP ADVICE TO SOMEONE WHO MAY BE CONSIDERING TAKING THIS PROGRAMME?
Remember that it will be much more work than you think it will be. Be humble, but don’t be afraid to stick up for yourself and your well-informed, evidence-based opinion.
MARIE-LYNE BOURNIVAL

Master of Nursing (MN)
Nurse Practitioner
HeiHei Health Centre, Christchurch

After 29 years of nursing in primary and secondary care, Marie-Lyne Bournival knew she was capable of achieving much more. So she completed her Master of Nursing at Massey University in 2015. That led her to her role as a nurse practitioner (NP) intern at Wigram Health, an integrated family health centre in Christchurch, serving 10,000 patients. In 2016, she obtained her NP registration. In 2017, she was nominated as the co-chairperson of the International Council of Nurses Nurse Practitioner/Advanced Practice Nursing (ICN NP/APN) Network. Today while she works as a nurse practitioner, establishing her own patient base, she also leads a team of 20 as the General Manager.

"The MN is critical to advance your career. I chose Massey for its extensive choice of courses and the support I got from the word go! All my lecturers were amazingly engaged, wanting us to succeed. To achieve a balanced life working four days a week and running a house with three teenagers, I focused on one course at a time. Massey is ahead of the game – academic and clinical expertise, library and IT support, and supportive lecturers. Being the number one nursing school for research in New Zealand meant my lecturers were at the forefront of research, teaching and leadership. I met fantastic nurses from all over the country who are now lifelong friends.”

Without a doubt, Massey was the best decision for my career and for improving the outcomes of our patients. It’s my mission to make primary healthcare nursing a career pathway.”

NICK SNEDDON

Post-doctoral Fellow in Dairy Systems,
Institute of Veterinary, Animal and Biomedical Sciences; PhD in Animal Breeding and Genetics, Graduated 2016
Forest View High School, Tokoroa

I became interested in genetics at high school. Coming from a dairy farming family, animal breeding was able to combine both interests. Massey gave me the opportunity to study with some of the best dairy cattle geneticists in the world, and use the university’s links with international researchers and institutes. It has been an enjoyable challenge, with new techniques and areas of knowledge to learn.

I had two-and-a-half months studying at Moorepark dairy research centre in Ireland during the second year of my PhD. This gave me the opportunity to see another country and work with internationally-renowned researchers.

My PhD topic was ‘A Genetic and Economic Evaluation of Lactose in the New Zealand Dairy Industry’. I estimated the heritability of lactose in the New Zealand dairy industry, and the effect of including lactose into the dairy breeding objective. I found that including lactose could save the industry $80 million a year. In 2016, I presented more results from my research at the joint New Zealand Society of Animal Production/ Australian Society of Animal Production conference in Adelaide.

Working with my supervisors was a great experience. I have continued to work with them on different projects now that I have completed my degree.

Since graduating, I have worked on projects with several national organisations and have made new connections with researchers both nationally and internationally. I hope to stay within research in the dairy industry – either continuing here at Massey or with a national industry body such as DairyNZ or LIC.
TAHUA NGORE SCHOLARSHIPS

MASSEY MASTERATE SCHOLARSHIP
Maserate Scholarships are offered for the purpose of encouraging postgraduate research at Massey University. Applicants must be enrolled or eligible to enrol full-time in a 120-credit research programme towards a master’s degree at Massey University.

MASSEY DOCTORAL SCHOLARSHIP
Massey University Doctoral Scholarships are offered to encourage full-time doctoral studies at Massey University. They are open to domestic and international students. Applicants require an excellent academic record and must be enrolled or eligible to enrol in a 120-credit doctoral research course. The Vice Chancellor’s Doctoral Scholarships are awarded on academic ranking in October each year to the top domestic doctoral recipients who start their scholarship within the funding year. The Massey Doctoral scholarships are offered through the Colleges. Please see the regulations for the individual college you wish to study with. Currently Creative Arts, Health, Humanities and Social Sciences, and Sciences have specific information for interested students.

INTERNATIONAL POSTGRADUATES

NEW ZEALAND INTERNATIONAL DOCTORAL RESEARCH SCHOLARSHIPS (NZIDRS)
New Zealand International Doctoral Research Scholarships provide financial support for postgraduate students seeking doctoral degrees by research in New Zealand universities. Up to 10 scholarships are awarded annually. These scholarships are funded by the New Zealand Government and administered by the Education New Zealand Trust.

NEW ZEALAND DEVELOPMENT SCHOLARSHIPS
New Zealand Development Scholarships are available to candidates from the following countries: Bolivia, Ecuador, Honduras, Kenya, Mongolia, Nepal, Nicaragua, South Africa, Tanzania, and Zambia. Candidates independently apply for scholarships that covers tuition, return airfare, medical and travel insurance and a living allowance. Applicants must have an offer of place before the application deadline, or the application will not be considered. Download the application form or visit the New Zealand Aid Programme website: mfat.govt.nz

The New Zealand ASEAN Scholars Award provides postgraduate scholarships for applicants from Cambodia, Indonesia, the Philippines, Lao PDR, Myanmar and Vietnam. Selection criteria are determined by partner governments. Applicants must apply for the scholarship via their home country. Scholarships cover tuition, return airfare, medical and travel insurance and a living allowance. Funding is no longer available for dependants. Candidates from Myanmar need to directly apply to the institution. Download the application form or visit the New Zealand Aid Programme website: mfat.govt.nz

COMMONWEALTH SCHOLARSHIPS
These are offered to students from other parts of the Commonwealth under the Commonwealth Scholarship and Fellowship Plan. The scholarships aim to provide opportunities for students to pursue advanced courses or undertake research at a university in New Zealand. Candidates are required to be Commonwealth citizens or British protected persons and must have graduated from an institution in their own country.

ENGLISH LANGUAGE AWARDS FOR PHD STUDENTS FROM THAILAND, VIETNAM OR INDONESIA
Massey University offers English Language education awards, covering tuition fees for up to six months per student, to selected students from Thailand, Vietnam and Indonesia who have been offered a place in a PhD research degree at Massey University.

HIGHER EDUCATION COMMISSION SCHOLARSHIPS
These are offered by Pakistan’s Higher Education Commission (HEC) for Pakistani students seeking to pursue PhD degrees at Massey University.
E NGĀ ĀKONGA MĀORI
Pīki mai, kāke mai, nau mai, haere mai ki Te Kunenga ki Pōrehuroa.

We look forward to supporting your journey to knowledge and achievement. We have a team of staff dedicated to ensuring student achievement and committed to academic research that nurtures te ao Māori. We have more than 100 Māori courses available, taught by top academics in their field across our campuses in Auckland, Manawatū, Wellington and distance.

We offer qualifications with a Māori focus:
- Postgraduate Diploma in Arts (Māori Studies)
- Postgraduate Diploma in Education (Māori Studies)
- Postgraduate Diploma in Health Science (Māori Health)
- Postgraduate Diploma in Māori Visual Arts
- Te Aho Paerewa: Postgraduate Diploma of Teaching and Learning in Māori Medium
- Master of Arts (Māori Studies)
- Master of Education (Māori Studies)
- Master of Health Science (Māori Health)
- Master of Māori Visual Arts
- Doctor of Philosophy

Study te reo Māori with courses that build into an arts degree. Available at Manawatū, Albany (Otehā) and Distance.
- Te Reo Whakawhitihiti: The Language of Everyday Communication
- Te Tau-Ihu o te Reo: Advanced Māori Literature

MĀORI STUDENT SUPPORT
We have passionate teams dedicated to helping Māori students succeed. There are Māori study and whānau spaces on each campus and Māori Student Associations organise events and whanaungatanga for students.

TE RAU TAUAWHI: MĀORI STUDENT CENTRE
Founded on principles of whanaungatanga, manaakitanga and mātauranga Māori, Te Rau Tauawhi is the on-campus whānau support for all Māori students. Our services include:
- Provision of culturally relevant learning environments
- Mentoring and advocacy support
- Whanaungatanga events and activities

MARAE
The Pukeahu, Wellington campus is creating a new state-of-the-art marae that will provide a safe cultural space for students, staff and the community to connect and learn. Te Pūtahi-a-Toi, School of Māori Knowledge in Manawatū, provides a Māori cultural space and wharekai, Te Toi Ora, as the Māori heart of the campus.

SCHOLARSHIPS
The Pōrehuroa Scholarship Awards are available for Māori students studying at postgraduate level. These awards include financial, academic and mentoring support across a range of fields of study.

Te Rau Puawai is a highly successful scholarship programme providing support to Māori students studying in the area of mental health.

MĀORI STUDENT RECRUITMENT ADVISERS
Māori student recruitment advisors can help with advice about which courses to choose and how to enrol. Contact them at massey.ac.nz/sra

Warm Pacific greetings to you.

Welcome to Massey University, where success is the norm and achievement is celebrated.

We are committed to providing services that support Pasifika students whether you have chosen to study on-campus or by distance learning. To support our Pasifika students during their academic journey, Pasifika Advisers are able to give academic guidance to students, helping students to reach their academic goals. Our Pasifika staff are empathetic to student needs, as they understand the diverse backgrounds and values of Pasifika students.

Our students can access services, including student-based learning workshops, mentoring programmes, and developmental resources in the online learning environment ‘Stream’, via the ‘Pasifika Stream Community’.

To provide a welcoming environment, we have established a Pasifika common learning facility on each campus where students can discuss their study progress with Pasifika Learning Advisers. You can network with like-minded students and attend academic preparation workshops within culturally sensitive surroundings.

We provide twice-yearly writing retreats for postgraduate students. We have made a commitment to the Pasifika community through our Pasifika@Massey strategy – “Growing Pearls of Wisdom” – written by Pasifika people to benefit Pasifika peoples in New Zealand and throughout the region. The strategy aims to increase gains for Pasifika peoples through teaching, research and consultancy services, and to make a positive contribution to Pasifika communities and Pasifika nations by:

- Strengthening the capability of Pasifika people to build Pasifika communities
- Making tertiary study accessible to Pasifika learners through learning communities, and campuses located in Auckland, Palmerston North and Wellington
- Providing supportive environments and Pasifika staff and students to mentor and encourage (internal and distance learning) students
- Reinforcing ties with Pasifika nations, student and staff exchanges, joint research projects, mentoring and guardianship
- Undertaking research using Pasifika research methodologies, and sharing the knowledge with Pasifika communities.

My name is Fa’alogo Simaile Niko Toluono. I migrated from Samoa at the age of 22. My career progression to date is a legacy of years of experience in developing strategic alliances and relationships at senior levels across a range of clients, suppliers, and various other stakeholders. In addition, marketing and advertising, media and digital communications developed through operational, managerial and strategic roles and responsibilities across a multitude of industries.

The MBA was an opportunity to up-skill whilst challenging myself. While I was very happy with my career achievements, I felt there was more to learn and gain, so I enrolled in Massey University’s Executive MBA. The MBA was such an important pathway for me and my career. I was able to connect my vast experiences and MBA learning to improve Snakk Media’s financial position. The lessons I learned from the MBA also led to the improvement of my property investment business, and the launch of my own app development and website business which allow me to work with organisations of various sizes.

I forged strong relationships with other MBA students which could be of benefit in the future. I also met a good friend on the MBA, Mosotele Seta Efaraimo, with whom I launched MEASINA, a smartscreen app that strives to preserve the Samoan language and culture, catering to diaspora Samoans. Our business broke-even three months after the launch – while we were still studying. The app is such a success that we see ongoing downloads from all over the world even including places such as Alaska, Japan, and Afghanistan. Our business also boasts retention rate in the 90% bracket.

The MBA gave me the competitive advantage to be appointed onto Board of Director roles which means being highly involved in making decisions that help future-proof organisations. The MBA is for anyone who wants to get into business or to move up to a senior role. It allowed me to connect the dots, putting my previous skills to good use, and come up with business ideas that can be scaled and will be relevant for many years to come, whilst adding value to people’s lives and communities.

I would not have been able to do well in this MBA without the support of my Pasifika Family at Massey. It was a huge advantage for me and I encourage all students to use the student support services available, as these offer guidance as you get into the rhythm and habit of being a student.
Postgraduate programmes include honours and master’s degrees as well as postgraduate diplomas and certificates. Graduate programmes include graduate diplomas and certificates. Students applying for admission to a doctoral programme should refer to the Graduate Research School web pages for admission procedures. See massey.ac.nz/graduateresearchschool for more information.

Recognised entrance qualifications for graduate and postgraduate programmes differ by programme and you should refer to the admission requirements for your programme of choice on the Programmes and Courses website at massey.ac.nz/courses

Generally, postgraduate programmes require students to hold one or more of the following:

- A relevant Massey University degree with above-average achievement as measured by grade average
- A relevant degree from another New Zealand tertiary institution with above-average achievement as measured by grade average
- A relevant degree from a recognised tertiary institution offshore with above-average achievement as measured by grade average
- Relevant practical, professional or scholarly experience equivalent to that of a graduate. Not all graduate and postgraduate qualifications permit entry on this basis.

Entrance to graduate and postgraduate study is usually programme and major-specific, and may have conditions attached. Applications require at least 15 working days to process. You should apply well before the start of the semester in which you intend to study.

Verified transcripts from all of your previous tertiary study are essential unless you completed your previous degree at Massey University.

**ENGLISH LANGUAGE REQUIREMENTS**

All students studying at Massey University are expected to be able to write grammatically correct English, read English actively and with understanding, listen to and discern key points in spoken English and speak English freely and clearly. Procedures also exist for those students who wish to submit written or examinations in Māori.

All international students whose first language is not English will be required to provide sufficient evidence of their English language proficiency in the form of an academic IELTS or TOEFL score. More information is available on the international students web pages: massey.ac.nz/international

**PAWEENA CHATSUNGNOEN**

PhD student in Education (2019)

Studying my PhD in New Zealand has been the best experience, and I have been blessed with the opportunity to live and study here with my family over the past five years. The Massey Institute of Education has a strong reputation among New Zealand universities so I am proud to study here.

I completed an English language course at Massey followed by a short course in qualitative and quantitative research in education. These short courses gave me a strong foundation to begin my PhD project.

The best thing about Massey is the strong team of international student support. I am very appreciative of the support and guidance I received from them, and they would kindly help us anytime that we want. Also, my supervisors looked after me very well. They provided lots of valuable suggestions for my study and encourage me to continue my writing. They also gave me spiritual support during my PhD journey, allowing me to maintain a balanced life between my study and family.

I plan to move back to Thailand with my family and be an assistant professor at Maejo University teaching English language to undergraduate science students. I hope to develop a master’s programme in TESOL which will hopefully enter a MOU with Massey. My vision is to use my knowledge and insight from my studies to develop students in my country.
We understand the challenges of student life and provide services to help you achieve your academic and personal goals. Make the most of your time at Massey University and take advantage of all the services and resources available to you.

> Academic and study skills
> Career and employment services
> Chaplaincy and religious services
> Child care centres
> Computer labs and wireless networks
> Course advice
> Disability services
> Health and counselling
> Library services
> Māori student services
> Pasifika student services
> Sport and recreation services

POSTGRADUATE STUDENT RECRUITMENT ADVISERS
Get in contact with one your student advisers. We’re available to help you with any questions you might have about studying with us and can help with advice about which courses to choose and how to enrol. There are also dedicated advisers for Māori and Pasifika students.
Visit massey.ac.nz/sra

ELECTRONIC RESOURCES
We have a wealth of academic support resources available online for all Massey University students. Materials have been developed by experts and are designed to enhance your academic skills. You can learn about useful strategies to help you with your time management, note taking and memory skills.

ONLINE WRITING AND LEARNING LINK (OWLL)
OWLL contains detailed information, interactive content, and online workshops on essay and report writing, referencing, study techniques, computer skills, and more. See owll.massey.ac.nz

STREAM
Stream is your online learning community to support you in your studies. It allows you to share and exchange ideas with fellow students and the course coordinator. You will find two useful services here:

ACADEMIC Q AND A
You can ask questions in this forum for academic issues relating to study and assignment writing skills.

PRE-READING SERVICE
This service is available to all distance students and first-year students studying on-campus. Postgraduate students studying taught courses via distance can submit a draft assignment and a writing consultant will look it over and provide feedback on structure and focus, style and presentation, sources and referencing.

PRINTED RESOURCES
WORKSHOPS AND SEMINARS
Throughout the year, each Centre for Teaching and Learning holds workshops and seminars providing useful strategies on topics such as essay writing, referencing and advanced writing. See the workshop and seminars web page for information on topics, dates, and venues. If you missed a session, some workshops are viewable through the OWLL.
The doctoral degree is the highest degree awarded at Massey. The degree constitutes a significant piece of research in the form of a thesis or exegesis of up to 100,000 words or a series of publications that make a substantive and original contribution to knowledge. At Massey the research must be defended before a panel of experts and takes three to four years maximum to complete for a full-time student. The professional doctorates also include course work and in some cases internships/practicums.

INTERNATIONALLY RECOGNISED
Massey University is consistently ranked in the top 3% of universities worldwide. We are a global university. Our PhD students come from more than 25 different countries, and we have agreements with more than 200 institutions worldwide.

SUPPORT FOR DOCTORAL STUDENTS
We create an excellent experience and provide great support to Massey’s doctoral students. Our campuses are innovative, creative and host some of the worlds leading research centres.

PROFESSIONAL DOCTORATES
Massey offers two ‘professional’ doctorates which have more specific requirements than the general PhD programme:
- Doctor of Clinical Psychology
- Doctor of Social Work

EXPERTISE ACROSS MANY DISCIPLINES
Massey’s internationally-recognised research-led qualifications are hugely relevant in today’s world. Massey can offer PhD-level supervision in the following fields. For a more complete listing, visit www.massey.ac.nz/prospective-phd and view the ‘Areas of Research’ document.

COLLEGE OF CREATIVE ARTS
- Design
- Fine Arts
- Māori Visual Arts
- Music

COLLEGE OF HEALTH
- Anatomy/Physiology
- Ergonomics
- Health Sciences
- Medical Laboratory Science
- Nursing
- Nutritional Science
- Public Health
- Rehabilitation
- Social Policy
- Social Work
- Thesis Doctor of Social Work
- Sport and Exercise Science

COLLEGE OF HUMANITIES AND SOCIAL SCIENCES
- Applied Linguistics
- Creative Writing
- Defence and Security Studies
- Development Studies
- Emergency Management
- English
- Geography
- History
- Linguistics
- Māori Studies
- Media Studies
- Museum Studies
- Philosophy
- Politics
- Psychology
- Public Policy
- Resource and Environmental Planning
- Social Anthropology
- Sociology

COLLEGE OF SCIENCES
- Agribusiness
- Agricultural and Horticultural Systems Mgmt
- Agricultural/Horticultural Engineering
- Agriculture and Horticulture
- Animal Science
- Biochemistry
- Chemistry
- Computer Science
- Conservation Biology
- Construction
- Decision Science
- Earth Science
- Ecology
- Engineering
- Food Technology
- Genetics
- Information Technology
- Logistics and Supply Chain Management
- Mathematics
- Microbiology and Genetics
- Nanoscience
- Natural Resource Management
- Physics
- Plant Biology
- Plant Science
- Soil Science
- Statistics
- Veterinary Science
- Zoology

MASSEY BUSINESS SCHOOL
- Accounting
- Aviation
- Banking
- Communication and Journalism
- Economics
- Finance
- Human Resource Management
- Information Systems
- Management
- Marketing
## What Can I Study?

**ACCOUNTANCY**

**POSTGRADUATE DIPLOMA IN ACCOUNTANCY**
Massey’s School of Accountancy has accreditation from national and international professional institutions including AACSB, the Chartered Institute of Management Accountants and the Association of Chartered Certified Accountants (UK). Our accountancy and finance programme ranks in the top 200 universities in the world by the 2019 QS rankings. Our lecturers are actively researching, bringing the most relevant developments in accounting theory and practice to your study. This qualification will give you the ability to proceed to further in-depth research, such as a master’s degree. The Postgraduate Diploma in Accountancy (PGDipAcc) is an advanced programme of professional education in specialist accounting topics. You need an undergraduate accountancy qualification to enter study towards this qualification.

NOTE: Suitable for international students requiring NZ study visa.

**MASTER OF PROFESSIONAL ACCOUNTANCY AND FINANCE**
Massey’s Master of Professional Accountancy and Finance (MPAF) will give you a comprehensive grounding in accountancy and finance, critical for success in today’s business environment. The MPAF shows a commitment to gaining the business capabilities that are sought after by potential employers. It will build on your previous study and/or practical work experience to help you develop an excellent understanding of accountancy and finance principles and practical applications. The MPAF is the only master’s qualification in New Zealand endorsed by the CFA (Chartered Financial Analysts). Massey University is one of only 130 partner universities around the world to have a partnership agreement with the CFA. It is also accredited by CA ANZ, CPA Australia, and ACCA.

NOTE: Suitable for international students requiring NZ study visa.

**AGRICOMMERCE**

**POSTGRADUATE DIPLOMA IN AGRICOMMERCE**
*Can be completed via Distance Learning, but includes block courses. A postgraduate diploma is the stepping-stone to a research-based degree such as a master’s degree. This qualification will help you join this rapidly-growing industry at a senior level. With export earnings forecast to reach $45.3 billion earnings in 2020 (MPI), international demand for New Zealand’s agricultural produce and services is strong. You can complete this programme in one year of full-time study.

NOTE: Suitable for international students requiring NZ study visa.

**MASTER OF AGRICOMMERCE**
*Can be completed via Distance Learning, but includes block courses. Massey’s Master of AgriCommerce is an internationally-recognised qualification. You will gain the research and professional skills required across the value chain from farm production to food marketing. You can choose a research or professional practice pathway.

The professional practice pathway is most relevant if you wish to continue working while studying. It offers an industry-related research project. This qualification can be completed in 1.5 years of full-time study or five years part-time. You will learn how to take advantage of agribusiness opportunities and conduct an investigation of these, taking into account relevant cultural, ethical, and regulatory issues. You can choose a research project relevant to your own career and industry.

The research pathway is appropriate if you wish to go into a research or academic career, or have come from undergraduate study and wish to continue your learning at a more in-depth level. This pathway allows you to complete an in-depth thesis on a topic of your choice. Our close links with industry will help you identify research that specifically addresses organisational problems.

NOTE: Suitable for international students requiring NZ study visa.

**AGRICULTURE**

**MASTER OF AGRICULTURE**
SUBJECTS: Agriculture; Equine; Horticulture; Life Cycle Management; Without Specialisation.
If you are passionate about the primary industries, Massey’s new Master of Agriculture (MAgr) will help you progress your career. Your study will cover a wide range of topics including related environmental, consumer and policy issues in areas like agribusiness, extension and consultancy, animal science, management of primary systems, life cycle management, soil science, agricultural plants, plant health, and equine.

You can complete the MAgr in three full-time semesters. If you are working while you study, we offer the flexibility to complete over a longer time.

NOTE: Suitable for international students requiring NZ study visa.

**ANALYTICS**

**MASTER OF ANALYTICS**
SUBJECTS: Business; Health; Public Policy.
At Massey we ensure that your learning is firmly based in a real-world business context. We believe that in order to help you identify the most appropriate technique and data to address a problem, you need to understand the real challenges and context which businesses face. The Master of Analytics will help you understand all these things, as well as give you training in communicating your findings in a compelling way to a business audience. Graduates will be SAS certified.

The skills you will learn meet the growing demand for graduates capable of harvesting, processing, analysing and presenting data in ways that encourage informed and effective organisational decision making. You will learn how to extract useful information from big data, while maintaining data security and privacy. This will open up an increasing number of roles for people who can combine business skills with data analysis, and who have excellent communication skills.

This qualification is a 180-credit programme, so can be completed in 12 months of full-time study, or over a longer period of part-time study.

NOTE: Suitable for international students requiring NZ study visa.

**ARTS**

**BACHELOR OF ARTS WITH HONOURS**
SUBJECTS: Defence and Security Studies; Economics; Education; English; Geography; History; Māori Studies; Media Studies; Philosophy; Politics; Psychology; Social Anthropology; Social Policy; Sociology; Spanish.
With a BA(Hons) you will take advanced courses and research in the subject you studied for your BA or GradCert/GradDipArts.

An honours degree is a highly regarded qualification, showing your in-depth understanding of the arts and their application to the real world. You’ll take 120 credits of 700-level courses, selected from a single subject area, including at least a 30 credit research report. After your honours programme you could go on to a Master of Arts (120 credits).

NOTE: Not suitable for international students requiring NZ study visa.

**POSTGRADUATE CERTIFICATE IN ARTS**
The Postgraduate Certificate in Arts is equivalent to the first half of the Postgraduate Diploma in Arts. It’s a great place to start if you’re considering postgraduate study.

NOTE: Suitable for international students requiring NZ study visa.
Programme available and all majors/subjects available
Some majors/subjects available
Some courses available

POSTGRADUATE DIPLOMA IN ARTS
ENDORSMENTS: Defence and Security Studies; Economics; Education; English; Geography; Geospatial Science; History; Māori Studies; Media Studies; Philosophy; Politics; Psychology; Social Anthropology; Social Policy; Sociology.

Admission to the PGDipArts is from a Bachelor of Arts (BA) degree with a major in the intended postgraduate subject, or an equivalent degree with a major in an equivalent subject, as intended for postgraduate study.

Advancing your study at postgraduate level will enhance your communication, critical thinking and problem-solving skills so you can take on the opportunities the future holds and thrive as a leader in your field.

When you have completed your diploma you may have the opportunity to study for a master's degree.

NOTE: Suitable for international students requiring NZ study visa.

MASTER OF ARTS
SUBJECTS: Defence and Security Studies; Economics; Education; English; Geography; History; Māori Studies; Media Studies; Museum Studies; Philosophy; Politics; Psychology; Social Anthropology; Social Policy; Sociology; Spanish.

Studying arts is transformative. Employers, industries and the labour market of the future need people who can thrive in an ever-changing global marketplace, and be able to effectively challenge and critique new ideas.

The arts are your passport to all the world's wonderful places. Studying at a higher level will open doors to new cultures, communities and opportunities, driving your ability to champion creative and innovative solutions for complex global issues. You will pursue advanced study in a humanities or social sciences subject of your choice through a research report or a thesis.

The Master of Arts (MA) is 180 credits. This means you can complete an MA in three semesters of full-time study. If you study part-time, an MA will normally take three years to complete. In some disciplines — geography, social anthropology, sociology and politics — you can complete in 12 months of full-time study.

NOTE: Suitable for international students requiring NZ study visa.

AVIATION

MASTER OF AVIATION

Today's aviation industry is grappling with worsening shortages in skilled personnel. Aviation managers are constantly faced with the challenges of keeping pace with the industry's fast-changing environment. Senior aviation managers are required to demonstrate not only technical knowledge and expertise, but also advanced aviation qualifications and skills. The Master of Aviation (MAv) is partly taught and includes a professional research project.

A MAv will give you the skills to work to a high level of academic achievement, work to deadlines under pressure, and communicate your work effectively. These are essential skills to work at a senior level in the aviation industry, or to progress to a higher level of study such as a PhD.

A master's degree is a rigorous and challenging academic programme, but you will be rewarded with an in-depth knowledge of aviation that will significantly enhance your career prospects in the internationally-competitive aviation sector. The MAv is now a 180-credit master's qualification, and can be achieved in three semesters (1.5 years). It offers students two pathways.

The Research Pathway includes 60 credits of taught courses including a compulsory Research Methods course. Part Two will incorporate a minimum of 60 credits of research.

The Professional Pathway is a more practice-based qualification, which will reflect an applicant's industry experience. This option includes two compulsory aviation management courses, elective aviation courses and culminates in a 60-credit 'Professional Practice in Aviation' course. Students who are already aviation professionals may wish to draw on their current aviation role for the purpose of a case study.

NOTE: Suitable for international students requiring NZ study visa.

This programme is available to international students wishing to study part-time by distance while they continue working, as well as for full-time study on-campus in New Zealand.

BUSINESS

POSTGRADUATE CERTIFICATE IN BUSINESS

Would you like an introduction to postgraduate study? Do you need prerequisite postgraduate courses for another programme?

If you are a graduate wanting to study selected courses in business, the Postgraduate Certificate in Business (PGCertBus) may be suitable for you. You may want an introduction to postgraduate study in the Massey Business School, or you may be looking to study specific courses for your own professional development. Perhaps you need to gain prerequisite postgraduate courses for another programme. For all of these options the PGCertBus will allow you the flexibility to study in the areas that you choose.

NOTE: Suitable for international students requiring NZ study visa.

POSTGRADUATE DIPLOMA IN BUSINESS

The Postgraduate Diploma in Business (PGDipBus) provides an advanced education in specialist business areas. It consists of taught courses. It is suited to those who have a degree (not necessarily in business) and would like to study business at a postgraduate level. The PGDipBus can be completed in one year of full-time study, or up to four years of part-time study. Students wishing to progress to an MBS or MMgt should seek planning advice to ensure they include appropriate courses their PGDipBus.

NOTE: Suitable for international students requiring NZ study visa.

MASTER OF BUSINESS STUDIES

SUBJECTS: Accountancy; Communication; Economics; Finance; Human Resource Management; Management; Marketing.

Massey's Master of Business Studies (MBS) combines study of advanced theory with research in a specialised field of business to give you a career advantage. This master's degree offers the same rigorous and prestigious programme as other masters’ degrees, yet can be completed in only three semesters (180 credits), or one and half years. It can also be completed as a 120-credit programme for students who have already studied the same subject at honours level or equivalent.

To succeed at a senior level in business, or academia, you must be able to communicate your work and findings effectively. The MBS will develop your oral and written communication skills to the level expected of senior business leaders. You will learn the processes and disciplines involved in high-level in-depth research and how to apply them to business. As part of your study you will complete and present a comprehensive written report on an independent research topic.

Massey’s programmes are research-led. The MBS not only draws on the latest business research but also has a focus on real-world learning. We utilise our relationships with industry and help you draw on experience you may have to give your learning context and relevance to the real world.

The MBS offers a flexible study plan comprising of subject specialisation courses and research-focused courses.

NOTE: Suitable for international students requiring NZ study visa.

MASTER OF MANAGEMENT

SUBJECTS: Communication; Financial Economics; Health Service Management; Human Resource Management; International Business; Management; Marketing; Organisational Technology Management; Sustainability.

Massey's Master of Management (MMgt) will build on your communication skills to give you an international perspective on management and business at a senior level. You will learn from our business experts — Massey University has the largest and one of the most highly respected management schools in New Zealand. This is an internationally-recognised qualification.

You can choose from a broad range of specialisations to suit your interests, including HR, communication, enterprise development and more.

You can complete this qualification in 18 months of full-time study. If you study part-time the qualification takes between 2.5 and five years.

Management involves both being able to work independently and making management decisions, but also being able to work with and direct teams. Those people could be within your organisation, or external clients and
stakeholders. The MMgt programme works with you to help develop these skills as well as specialist business capability in your endorsement of choice. The MMgt is a rigorous programme, where students are expected to achieve at a high level. This is reflected in the quality of our graduates, and contributes to the reputation of the qualification.

NOTE: Suitable for international students requiring NZ study visa.

BUSINESS ADMINISTRATION

EXECUTIVE MASTER OF BUSINESS ADMINISTRATION

The Massey Executive MBA is a rigorous, challenging professional development qualification, designed for experienced managers who are usually in full-time work. It’s the longest continuously running MBA programme in New Zealand (running since 1972) and has accumulated an extensive and illustrious alumni network. It is currently the only Executive MBA available in New Zealand. The EMBA’s core values are personalised experience, deep connection to practice and strategic thinking. Personalised experience is enabled in part through our unmatched flexibility and a “Personalised Learning Journey”. As a busy executive, we know you have limited time. We teach at multiple locations around New Zealand and with convenient weekend teaching, allowing you to structure learning around your life, both professional and personal. The classes are specifically and solely for EMBA students, enabling focused and relevant learning and deep connections with networks of like-minded peers. The Personalised Learning Journey enables you to identify your key development areas and work on these with the help of one-to-one executive coaching. In parallel with the academic programme, it means that every part of your study will help you develop the skills necessary for enhancing business performance through effective management of people – the only real sustainable source of competitive advantage. A key part of the MBA is developing a deeper understanding of leadership, and your own personal leadership style. Deep connection to practice is enabled in multiple ways, including an “Integrated Project”, “prac-ademic” lecturers, and guest speakers from industry. The Integrated Project is a live case study with a New Zealand organisation that continues across all first-year courses. Strategic thinking is enhanced through the Personalised Learning Journey, the Integrated Project and – a unique highlight of the Massey EMBA – an international study tour. The study tour is an opportunity for you to live and study together with your group, in an environment where you are away from the routines and pressures of work and home. The group visits large and small companies overseas, focusing on learning from their strategic thinking and how they have overcome their challenges, both locally and globally. NOTE: Not suitable for international students requiring NZ study visa.

MASTER OF BUSINESS ADMINISTRATION*

*Subject to CUAP approval.

The Massey MBA is specifically designed for emerging managers and leaders. It has a strongly applied focus, the aim being to bring practice into your learning and learning into your practice. It is offered in two delivery modes: a one-year Full-time Option at Massey’s Auckland campus; or a self-paced Online Option via Distance Learning, with completion possible within two years. Taught by experienced academic “practitioners” with real-world experience, the MBA programme seeks to develop graduates with the strategic thinking, leadership skills and cultural competence to enhance both their companies’ and their individual careers in a challenging global environment. It emphasises five key competencies: strategic thinking, leading with integrity, problem analysis and problem solving, technology-savviness, and cultural competence. Students may develop specialisations if they choose, notably business sustainability (“built-to-last” businesses), digital transformation and international marketing. The Full-time Option provides an opportunity for an immersive, concentrated learning experience in the company of your peers with minimal time-out from your career. Each of the core 15-credit courses will require up to 150 hours of student study time, including approximately 34 hours of direct classroom time. In-class learning will emphasise group activities, live case studies, guest business leaders, site visits and a major action learning project, in addition to some formal lectures. This option is suitable for both international and domestic students in the early stages of career development. The Online Option provides an MBA opportunity for those managers who are time-challenged within their companies and/or physically located at a distance from established learning centres. As such, it is an ideal programme for managers based in regional New Zealand or those offshore seeking a convenient mode of advanced business study in an applied format. The Online Option is self-paced allowing the student to complete one 15-credit course in every seven-week study cycle with up to five years to attain the MBA degree depending on the student’s individual circumstances and available study time. Similar to the Full-time Option, the learning will include group activities, live case studies, guest business leaders and two major action learning projects – domestic and international. Each online cohort will also have opportunities to come together as a group at various locations within New Zealand. This will enable students to benefit from peer-to-peer learning and establish collegial networks.

Note that students who enrol in the Online Option may take some courses from the Full-time Option and vice versa. A minimum of three years practical, relevant work experience is required for programme entry to the MBA. NOTE: Available for international students studying in NZ or via distance learning.

CLINICAL PSYCHOLOGY

MASTER OF CLINICAL PSYCHOLOGY

The Master of Clinical Psychology (MClInPsych) is a competitive-entry professional qualification that enables you to meet the competency requirements for the clinical scope of practice under the Health Practitioners Competencies Assurance Act (2003) and practice independently as a Clinical Psychologist. The Master of Clinical Psychology is a post-mastereate qualification.

Note: Application must be with the School of Psychology no later than 1 October of the preceding year. No late applications will be accepted. For full-time students the minimum period of enrolment will be two years (24 months) and the maximum will be three years (36 months). Under exceptional circumstances a programme of four years (48 months) may be approved, subject to approval of the Director of Clinical Training and the Head of School. Admission to the programme is via selected entry, and highly competitive.

NOTE: Not suitable for international students requiring NZ study visa

DOCTOR OF CLINICAL PSYCHOLOGY

The Doctor of Clinical Psychology is a competitive-entry professional qualification that prepares you to integrate practice and research in your career as a clinical psychologist. It meets the competency requirements for registration as a Psychologist under the Clinical scope of practice. It is internationally recognised, and market-leading in New Zealand. Massey graduates more researchers and clinical psychologists than any other university in New Zealand. We’re connected to a wide range of community and statutory organisations, and produce unique and applied psychology research and training that’s recognised nationally and internationally. This expertise enhances the reputation of your degree and ensures your knowledge is relevant to today’s society.

Admission to the programme is via selected entry, and highly competitive.

NOTE: Not suitable for international students requiring NZ study visa

COMMUNICATION

BACHELOR OF COMMUNICATION WITH HONOURS

SUBJECTS: Expressive Arts; Linguistics; Media Studies.

An honours degree is a challenging year of study. It will give you new insights and take your knowledge of communication theory and practice to a new level. The Bachelor of Communication with Honours (BC(Hons)) is for
you if you already have an undergraduate qualification in communication and seek more in-depth knowledge and skills. It’s a prestigious qualification which shows your in-depth understanding of communication. You may wish to use this qualification as a stepping-stone to a PhD (if eligible) or as extra leverage for a higher career level.

NOTE: Not suitable for international students requiring NZ study visa

POSTGRADUATE DIPLOMA IN COMMUNICATION

Massey’s Postgraduate Diploma in Communication (PGDipC) follows similar study and learning processes to the Master of Communication, but without a research thesis component. This qualification will be useful if you are in a communications role and wish to both broaden your skills or if you’d like to expand your understanding of different approaches to communication from business or humanities traditions.

NOTE: Not suitable for international students requiring NZ study visa

MASTER OF COMMUNICATION

No matter what industry you work in, this multi-disciplinary degree will give you in-depth understanding of communication principles and skills. Massey’s Master of Communication (MC) will deepen your understanding of communication practice. This is a unique qualification in New Zealand. The research project lets you focus on a real-world communication challenge and combine different communication research approaches to develop a novel solution. Whether you draw on research approaches from public relations, expressive arts, communication management, marketing, linguistics, media studies or journalism studies, or create a bespoke research approach that includes supervision from a related discipline such as Māori studies, international relations or evaluation studies, your learning will focus on practical, relevant outcomes for your career.

The first segment of the programme covers the history and theory of communication across different scholarly traditions and industries. In the second part you choose a personalised experience from both ‘heartland’ courses relevant to your discipline — for instance advanced journalism issues, discourse analysis, media practice, advanced public relations or advanced marketing — and ‘sister disciplines’ such as quality management. In the third segment you work on a research project of your choice that is relevant to your industry and discipline.

The MC is 180 credits. This means that you can now complete this qualification in three semesters of full-time study. We offer research supervision in the summer semester if you want to really fast-track your completion. If you study part-time the qualification usually takes between 2.5 and five years.

NOTE: Not suitable for international students requiring NZ study visa

CONSTRUCTION

POSTGRADUATE DIPLOMA IN CONSTRUCTION (BLOCK MODE)

ENDORSEMENTS: Construction Project Management*; Quantity Surveying*; Construction Law*; Building Technology; Facilities Management; Without Specialisation*.

If you complete the programme at a satisfactory level you may be able to proceed to the Master of Construction. If so, credits you have gained through this qualification may be credited to the master’s degree. The structure and format of this 120-credit postgraduate diploma is similar to the Master of Construction, below, but all courses are taught and there is no 45-credit research report.

*NOTE: International students taking this endorsement must study in NZ

MASTER OF CONSTRUCTION

SUBJECTS: Building Technology; Construction Law*; Construction Project Management*; Facilities Management; Quantity Surveying*; Without Specialisation*.

Become a world-leading construction specialist, with the Master of Construction. It is the only degree in New Zealand which as a construction law specialisation option. Massey’s Master of Construction (MConstr) focuses on building your in-depth knowledge of specific aspects of construction. You will gain from Massey’s expertise in related areas such as project management, construction law, quantity surveying, or facilities management but always with a construction perspective. This master’s degree builds on Massey’s Bachelor of Construction majoring in Quantity Surveying or Construction Management — the only such bachelor’s degree offered among the eight Universities in New Zealand.

You may be working in the construction industry and want to know more about specific aspects of construction. Or you may work in another area (like law) and wish to learn more about related construction specialities such as construction law. This degree will give you specific, tailored, focused learning to help you gain in-depth knowledge in aspects of construction. Five 15-credit taught courses are delivered in ‘block mode’, meaning lectures are usually delivered over four whole days. You will also be expected to engage online in discussion forums throughout the semester and submit assignments online. In addition, you will also conduct a research project of at least 45 credits as part of your study. We encourage you to focus this research on an area relevant to your own career, giving you direct and immediate benefits. If you have come straight from a four-year undergraduate programme you can take advantage of our extensive industry relationships to also develop a relevant project that will enhance your career prospects.

This is a 120-credit degree, meaning you can complete in one year of full-time study (the only option for international students) or spread over two or even three years of part-time study.

*NOTE: International students taking this endorsement must study in NZ

COUNSELLING

MASTER OF COUNSELLING STUDIES (BLOCK MODE)

Massey’s Master of Counselling Studies is an advanced professional training programme. You’ll develop and apply research-informed knowledge and skills relevant to effective professional counselling practice. You’ll also advance your ability to undertake, analyse and use research relevant to your practice and profession. This qualification leads to provisional membership of the New Zealand Association of Counsellors (NZAC). Completion of this programme requires attendance at compulsory block workshops at the Manawatu campus.

NOTE: Not suitable for international students requiring NZ study visa

CREATIVE ENTERPRISE

MASTER OF CREATIVE ENTERPRISE

Commercialise your creative ideas — the Masters of Creative Enterprise provides high-level professional and practice-based study. It prepares graduates for a range of creative roles, and develops their proficiency in current and emerging commercialisation models that are essential in the highly competitive creative industries. Students will learn to apply artistic, technological and professional strategies intrinsic to creative disciplines to develop and commercialise their creative practice.

CREATIVE WRITING

MASTER OF CREATIVE WRITING

* Programme includes compulsory contact workshop(s)

The Master of Creative Writing (MCW) is a 180-credit course that can follow on immediately from your bachelor’s degree. Produce your own creative writing to challenge your innovative energies. Discover new ways to unlock ideas and connect with readers. You will work alongside award-winning authors to write your own novels, poems, short stories, plays, scripts, creative non-fiction, or hybrid writing.

This is a Selected Entry programme, based on a portfolio of creative writing. Applications close 31 October prior to the year of study.

NOTE: Not suitable for international students requiring NZ study visa
DAIRY SCIENCE AND TECHNOLOGY

MASTER OF DAIRY SCIENCE AND TECHNOLOGY

Admission to the Master of Dairy Science and Technology requires you have been awarded or qualified for either a Bachelor of Engineering with Honours, Bachelor of Science with Honours, a Bachelor of Food Technology with Honours, or equivalent, and have approved employment in the New Zealand dairy industry to facilitate the requirements of courses 141.751 Dairy Products Technical Projects and 141.848 Dairy Science and Technology Research Project.

BACHELOR OF DESIGN WITH HONOURS

MAJORS: Fashion Design; Industrial Design; Photography; Spatial Design; Textile Design; Visual Communication Design.

The first year explores design practice and its core concepts, methods and applications through hands-on projects. You’ll be introduced to a range of disciplines and the generic principles of design through investigation, concept development and design experimentation. In the following years you’ll have the opportunity to mix, discuss and collaborate with other students across art, design, music and digital media production. You can tailor your expertise through a range of electives that support your selected major and help define your graduate pathway. In your fourth year you can choose whether to follow the research-based BDes (Honors) or project-based BDes programme: whichever pathway you choose you will push the boundaries of design innovation, consolidate your skills and extend the quality of your final project. Massey’s College of Creative Arts is ranked number one for design concept in Asia Pacific by international Red Dot Awards, and the only Australasian university to be awarded substantial equivalency by the prestigious US National Association of Schools of Art and Design.

NOTE: Suitable for international students requiring NZ study visa.

POSTGRADUATE DIPLOMA IN DESIGN

SUBJECTS: Fashion Design; Industrial Design; Photography; Spatial Design; Textile Design; Visual Communication Design.

The Postgraduate Diploma in Design (PGDipDes) provides an opportunity for students across the design spectrum to up-skill in creative practice, technologies and theory. When achieved at an appropriate level, it gives students access to the Master of Design or the transdisciplinary MFA for designers and artists. The PGDipDes caters for students in many design disciplines, including fashion design, industrial design, photography, spatial design, textile design and visual communication design.

Note: Applications close on 15 November of the preceding year.

NOTE: Suitable for international students requiring NZ study visa.

MASTER OF DESIGN

The Master of Design (MDes) is an advanced research qualification in design, with both 120- and 180-credit options. You will complete a supervised programme of focused design research taking a challenging real-world design problem through to a well-resolved solution. The programme offers expert supervision and critique sessions with your fellow MDes students, but is a self-motivated and independently-driven creative practice-based research project. To make optimum use of the time frame it is preferable that you enter the course with a clear project brief. External connections are really important to MDes projects and we expect you to develop strong relationships with your external partners or community of interest, which can include spending time located in their business. For more information about proposals contact: creative.postgrad@massey.ac.nz

APPLICATION DEADLINES

120-credit MDes: November 15 (for February start); June 15 (for July start); August 15 (for September start). Industry-partnered projects may start at other times of the year, and according to contractual arrangement.

EDUCATION

POSTGRADUATE DIPLOMA IN EDUCATION

ENDORSEMENTS: Counselling and Guidance; Digital Education; Early Years; Educational Administration and Leadership; Inclusive Education; Literacy Education; Māori Education; Mathematics Education; Teaching and Learning; Tertiary Education; Without Specialisation.

With Massey’s PGDipEd, you’ll be distinguished by your ability to critically apply theory and research, and to understand the complex dimensions of current educational issues, practices and/or policies. You’ll learn to reflect on research, and demonstrate skill in analysis, synthesis and evaluation of teaching and learning.

NOTE: If you want to teach at a New Zealand primary or secondary school, you will need to complete either a Graduate Diploma of Teaching or Master of Teaching and Learning.

POSTGRADUATE CERTIFICATE IN EDUCATION

If you already have a bachelor’s degree and some professional experience in an educator role, but have a particular subject you’d like to explore in more depth, and want to keep up to date with the latest developments in education theory and practice, this is where you can start a more substantial study programme. You’ll learn to apply theory and research, and better understand the complex dimensions of current educational issues, practices and/or policies. You’ll learn to reflect on research, and demonstrate skill in analysis, synthesis and evaluation of teaching and learning.

NOTE: Suitable for international students requiring NZ study visa.

MFA IN DESIGN AND MFA IN FINE ART

The art/design MFA is the College of Creative Arts’ premier postgraduate qualification for practising designers and artists. The MFA emphasises the production of original creative work that is research-driven, critically engaged, expertly realised and highly innovative.

Massey offers two ways to do the MFA:

- Full-time: on campus in Wellington, including postgraduate studio space on site. This takes two years.
- The MFA has a part-time and/or distance option with permission, which can be done in three or four years. This option is offered by the Massey University Wellington and Auckland campuses.

Application deadline for all MFA candidates: November 15 (mid-late February start). Late applications will be considered on a case-by-case basis. For more information contact: creative.postgrad@massey.ac.nz or see creative.massey.ac.nz

International applications reviewed on a regular basis throughout the year. See the MFA information on page 26 for more details.

MFA IN DESIGN AND MFA IN FINE ART

The MFA in Design and MFA in Fine Art are postgraduate qualifications that allow you to work with world-class professionals and gain skills that will help you stand out in your field. You’ll have the opportunity to develop your creative practice and gain experience working on projects that could be exhibited in galleries or sold to clients.

MASTER OF DESIGN WETA WORKSHOP SCHOOL

The 120-credit Master of Design Weta Workshop School, specialising in Entertainment Design, is designed to give you the tools to create your own imaginary worlds for film, television, and game. The course focuses on developing students’ skills in the key areas of idea creation, storytelling, and concept design. In this one-year course, you will expand your technical ability, critical thinking skills, and take on leadership roles in real-world scenarios.

You will undertake and develop your own research and design project, exploring how Entertainment Design works as a tool for creating compelling characters, engaging worlds, and incredible stories. The course culminates with a written research component presented alongside a body of concept design work. For more information see wetaworkshopschool.massey.ac.nz

NOTE: Suitable for international students requiring NZ study visa.

180-credit MDes students start in September.

WETAWORKSHOPSCHOOL

The Master of Design Weta Workshop School, specialising in Entertainment Design, is designed to give you the tools to create your own imaginary worlds for film, television, and game. The course focuses on developing students’ skills in the key areas of idea creation, storytelling, and concept design. In this one-year course, you will expand your technical ability, critical thinking skills, and take on leadership roles in real-world scenarios.

You will undertake and develop your own research and design project, exploring how Entertainment Design works as a tool for creating compelling characters, engaging worlds, and incredible stories. The course culminates with a written research component presented alongside a body of concept design work. For more information see wetaworkshopschool.massey.ac.nz

Programme available and all majors/subjects available
Some majors/subjects available
Some courses available

NOTE: If you want to teach at a New Zealand primary or secondary school, you will need to complete a Graduate Diploma of Teaching or Master of Teaching and Learning.

**MASTER OF EDUCATION**

ENDORSEMENTS: Digital Education; Early Years; Educational Administration and Leadership; Inclusive Education; Literacy Education; Māori Education; Mathematics Education; Teaching and Learning; Tertiary Education; Without Specialisation.

The MEd will update your professional knowledge and qualifications, while exploring new developments and changes in education. You'll learn to critically apply knowledge, theory and research, and better understand the complex dimensions of a range of current educational issues, practices and/or policies. The MEd will teach you to plan and carry out research that demonstrates a high level of skill in critical analysis, synthesis and critical evaluation of teaching and learning. Then you can apply the skills you've learned to new situations. Such skills will be transferable to a wide range of professional situations.

**EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY**

**POSTGRADUATE CERTIFICATE IN EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY**

* Requires attendance at contact workshops

The Postgraduate Certificate in Educational and Developmental Psychology is a bridging qualification leading to professional training in Educational and Developmental Psychology. This qualification is open to students who have been awarded a Master's degree in Education, Psychology, Counselling, Social Work, Speech and Language Therapy, or a related relevant discipline. The qualification will also be of significant value to students with a Master's degree in Educational Psychology (or equivalent) from other universities. This qualification provides an introduction to professional-level frameworks for practice as an Educational and Developmental Psychologist. The focus is on development of assessment skills and understanding of professional issues as they relate to professional practice in educational and developmental psychology.

NOTE: Successful completion of the Postgraduate Certificate in Educational and Developmental Psychology will not give automatic entry into the Postgraduate Diploma in Educational and Developmental Psychology. Students are required to go through the selection process for the Postgraduate Diploma in Educational and Developmental Psychology and be offered a place.

NOTE: Not suitable for international students requiring NZ study visa

**POSTGRADUATE DIPLOMA IN EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY**

* Requires attendance at compulsory contact workshops

Massey’s selected-entry post-mastereate Postgraduate Diploma in Educational and Developmental Psychology is your pathway to becoming an educational psychologist. The one-year full-time internship provides a framework for supervised professional practice. Successful completion of the course will deem you eligible for registration as an educational psychologist with the New Zealand Psychologists’ Board.

Within the course, an emphasis is placed on the use of effective problem solving approaches drawing on and integrating Māori and Western psychological, developmental, and educational theory and research. With a strong bicultural teaching pedagogy, which embeds Mātauranga Māori, as well as the ability to complete your internship in a variety of places including in schools, DHBs, with the Ministry of Education or youth justice, you'll develop strong foundations as an educational psychologist in Aotearoa NZ.

NOTE: Not suitable for international students requiring NZ study visa

**EMERGENCY MANAGEMENT**

**POSTGRADUATE CERTIFICATE IN EMERGENCY MANAGEMENT**

Note: This is primarily an exit programme – students should apply for admission to the Postgraduate Diploma in Emergency Management or the Master of Emergency Management.

NOTE: Not suitable for international students requiring NZ study visa

**POSTGRADUATE DIPLOMA IN EMERGENCY MANAGEMENT**

The Postgraduate Diploma in Emergency Management (PGDipEmergMgt) is for students who want to broaden their knowledge of disaster prevention and management. It will give you a range of knowledge about theory and research, and practices and policies in emergency management.

If you’re a mid-to-senior level emergency manager, and are interested in expanding your emergency management competencies, this diploma is for you. It’s an advanced coursework degree that builds on the core emergency management knowledge you’ve gained through industry experience and prerequisite qualifications. You’ll build advanced knowledge of emergency management at both operational and strategic levels.

You’ll work closely with professionals at the Joint Centre for Disaster Research – an exciting collaboration between Massey University and GNS Science, based at Massey’s Wellington campus.

NOTE: Available for international students via Distance mode

**MASTER OF EMERGENCY MANAGEMENT**

The Master of Emergency Management (MEMergMgt) is for students who want to broaden their knowledge of disaster prevention and management. Emergency management focuses on organising communities to respond to disasters, survive them, rebuild social structures and infrastructure, and sustain and preserve life.

Graduates of the MEMergMgt can effectively lead emergency management programmes at operational and strategic levels. You’ll gain skills in: critical application of theory and research; analysis, synthesis and critical evaluations of disaster risk; crisis leadership and communications; decision making; and disaster management policy and procedure.

You’ll work closely with professionals at the Joint Centre for Disaster Research – an exciting collaboration between Massey University and GNS Science, based at Massey’s Wellington campus.

NOTE: Available for international students studying via distance learning.
ENGINEERING

MASTER OF ENGINEERING

SPECIALISATIONS: Chemical and Bioprocess Engineering; Electronics and Computer Engineering; Engineering and Innovation Management; Mechatronics.

The Master of Engineering (ME) (by thesis only) is a 120-credit qualification for students who have completed the BE(Hons) or PGDipE (subject to a minimum GPA requirement). It consists of a thesis to the value of 120 credits. NOTE: Available for international students requiring NZ study visa.

POSTGRADUATE DIPLOMA IN ENVIRONMENTAL MANAGEMENT

The PGDipEnvMgmt is a one-year qualification for those who have already gained an undergraduate qualification and want to extend their knowledge to environmental management issues. You'll gain an understanding of how the natural environment functions, as well as how societal values, needs and attitudes are reconciled with the need to maintain ecological systems. The PGDipEnvMgmt has a strong applied component, giving you the real-world perspective that employers seek.

We have a large number of international students, attracted by the increasing importance of environmental management as a discipline that addresses the environmental challenges experienced by a growing number of countries. The multicultural nature of the student cohort adds a unique dimension to the learning experience and opens up a global network for students and staff alike. NOTE: Suitable for international students requiring NZ study visa

FINANCE

MASTER OF FINANCE

SPECIALISATIONS: Accounting; Actuarial Science; Banking Finance and Economics; Financial Intermediation; Financial Markets; Financial Planning; Governance and Finance; International Finance; Marketing and Finance; Risk Management.

Massey’s Master of Finance (MFin) combines the study of advanced theory with research in a specialised finance area. It is available to students who have completed an undergraduate qualification majoring in finance. It offers the same rigorous and prestigious programme as other masters’ degrees, yet can be completed in only three semesters (180 credits), over one and half years. It may be completed as a 120-credit qualification by those who already have a postgraduate finance qualification.

This degree is offered in block mode at the Wellington campus, which means that rather than attending regular lectures, you will attend two block periods. NOTE: Suitable for international students requiring NZ study visa.

MFA IN FINE ARTS

The MFA is the College of Creative Arts’ premier postgraduate qualification for practising designers and artists. It emphasises the production of original creative work that is research-driven, critically engaged, expertly realised and highly innovative. It supports trans-, multi- or cross-disciplinary practices and media while endorsing the development of specific art and design expertise.

An MFA from the College of Creative Arts offers:

- A strong programme of lectures, workshops, reading seminars and critiques with international, local, Maori and Pacific visiting artists, designers, musicians, curators and writers.
- Self-directed research where transdisciplinary conversations and highly focused subject-specific investigations are open to you.
- Access to staff and design researchers for supervision and mentoring.
- A warm, friendly, high-achieving peer learning community.
- The only MFA outside North America to follow the internationally-recognised US model.
- Opportunities to attend and present at symposia, conferences, exhibitions, study tours, and festivals locally, nationally and internationally.
- Studio space organised to facilitate individual and collective activities.
- Comprehensive technical expertise and facilities, including two material workshops, a large lighting studio, a substantial photographic lab, test spaces, print room, textile and fashion labs and Australasia’s first Fab Lab.
- Access to academic researchers recognised internationally for their innovative creative practices.

Massey offers two ways to do the MFA:

- Full-time option: on campus in Wellington, including postgraduate studio space on site. This takes two years. Study by distance is possible but should be discussed with coordinators.
- Part-time and/or by distance option (with permission): can be done in three or four years. This options is afforded by attendance at four hui each year in the Wellington region and access to mentors and supervisors via online platforms.

The MFA begins one week before classes start with an orientation event. Each semester is punctuated by two hui including critiques of work by all students across the two year levels.

Application deadline for all MFA candidates: November 15 (late-February start). Late applications will be considered on a case by case basis. International applications are reviewed throughout the year.

NOTE: Suitable for international students requiring NZ study visa.
POSTGRADUATE DIPLOMA IN FINE ARTS
The Postgraduate Diploma in Fine Art provides a unique opportunity for advanced study in contemporary art and an entry point into further Fine Arts postgraduate study at Massey. The programme combines theoretical inquiry with studio-based practice, focusing on identifying, exploring and developing research methods that are relevant to current art practices and enquiry.
NOTE: Suitable for international students requiring NZ study visa.

FOOD SAFETY AND QUALITY

MASTER OF FOOD SAFETY AND QUALITY
Enhance your career in the food industry with advanced skills in Food Safety and Quality. With a Master of Food Safety and Quality, you will play a key role in managing food safety and quality in any food manufacturing company. Food safety and quality are essential to the success of all food manufacturing companies and critical for New Zealand’s economic success.
Food companies have a growing need for expertise in food safety and quality. If they do not have this expertise themselves, consultants with the relevant qualifications provide them with services. You have the opportunity to start your own consultancy business or to work for the government department overseeing food safety in your country. In New Zealand, the government department is the Ministry for Primary Industries. Massey University has been producing highly-skilled graduates for the New Zealand and international food industries for more than 50 years, and hosts the New Zealand Food Safety Centre with access to the latest expertise in food safety.
NOTE: Available for international students studying in NZ and via distance learning.

FOOD TECHNOLOGY

MASTER OF FOOD TECHNOLOGY
With a Master of Food Technology (MFoodTech), you can become a research and development champion in the food industry. The world’s economies are looking for new ways to add value to raw produce and a MFoodTech degree can give you the skills to do this. There is an increasing demand for people with the research and technical skills you will learn during this qualification. Once you have gained the research and technical skills, you can apply your knowledge in the commercial world. Your lecturers are actively researching and are experts in their area of research, with many having worked in the New Zealand and international food industries.
After a semester of taught courses, you’ll learn the practical skills needed to undertake independent research in the food industry. You will then undertake your own large independent research project that focuses on real food industry problems and solutions.
At Massey you’ll have access to real equipment to do research that’s applied and practical to the food industry including: Pilot plant equipment, labs equipped to analyse and characterise food texture, rheology, physical properties, chemical composition and microbial flora; a facility to gather consumer data for the sensory properties of food, a post-harvest lab to study the packaging, storage and preservation of fruits and vegetables. Massey has research expertise in meat and fish technology, dairy technology, fruit and vegetables, carbohydrates, food additives and ingredients.
NOTE: Suitable for international students requiring NZ study visa.

HEALTH

POSTGRADUATE DIPLOMA IN HEALTH SCIENCE
SUBJECTS: Bioscience; Environmental Health; Māori Health; Medical Laboratory Research; Nursing; Occupational Health and Safety; Psychology; Rehabilitation; Sport and Exercise; Without Specialisation.
If you have a Bachelor of Health Science and want to take your studies to the next level, the Postgraduate Diploma in Health Science is for you. It is the only postgraduate qualification of its kind in New Zealand that allows you to study both the sciences and the social sciences.
This programme’s applied and multi-disciplinary approach will help you build your career in any of New Zealand’s major health sectors.
You’ll get an understanding of the many dimensions of personal health and health care in New Zealand. You’ll learn to critically evaluate information about personal health and wellbeing, and community and population health. With a solid grounding in health science, you’ll be perfectly placed to contribute to our nation’s health from day one in the workplace.

POSTGRADUATE DIPLOMA IN HEALTH SERVICE MANAGEMENT
The Postgraduate Diploma in Health Service Management is an advanced programme of professional education for people working in the health and disability sectors who wish to prepare themselves for positions in health service management.
NOTE: Not suitable for international students requiring NZ study visa

MASTER OF HEALTH SCIENCE
SUBJECTS: Bioscience; Environmental Health; Māori Health; Medical Laboratory Research; Nursing; Occupational Health and Safety; Psychology; Rehabilitation; Sport and Exercise.
Through advanced studies in a specialised focus subject, the Master of Health Science offers you an opportunity to pursue research in health sciences. It is for graduates who have successfully completed a Bachelor of Health Science with a major and wish to take advanced studies in this area.

INDUSTRIAL/ORGANISATIONAL PSYCHOLOGY

POSTGRADUATE DIPLOMA IN INDUSTRIAL/ ORGANISATIONAL PSYCHOLOGY
The Postgraduate Diploma in Industrial/Organisational Psychology (PGDipOPsych) is an internship programme which provides a professional qualification for I/O psychologists. You’ll do a supervised practicum and gain extensive knowledge of professional issues in the practice of I/O psychology. On graduating, you can apply for registration as a psychologist in New Zealand with the New Zealand Psychologists Board under the Health Practitioners’ Competence Assurance (HPCA) Act. Industrial/organisational psychology (or work psychology) is a vibrant and dynamic field of psychological practice with good job opportunities worldwide.
This programme considers both business and community issues. I/O psychologists can serve in a variety of roles and organisations, including not-for-profits, generating financial and/or social capital. As social critics, many work psychologists serve the interests of staff as much as those of employers.
NOTE: Applications must be with the School of Psychology no later than 1 October of the preceding year. No late applications will be accepted.
NOTE: Not suitable for international students requiring NZ study visa
The Master of International Development (MIntDev) is a 180-credit course of study that can follow on immediately from your bachelor’s degree. You will gain an advanced understanding of how global economic, social, political and environmental forces affect people and shape different parts of the world. These insights will allow you to recognise where inequalities lie and identify strategies to help overcome poverty and enhance human wellbeing. Graduates will be able to apply their knowledge and skills to developing policy and strategies and to managing and evaluating international development programmes. Your PGDipIntDev is also a pathway to advanced research at master’s degree level.

NOTE: Suitable for international students requiring NZ study visa.

The Postgraduate Certificate in International Security (PGCertIntlSy) is, in effect, the first half of the Postgraduate Diploma in International Security. Candidates who are admitted to the PGCertIntlSy may have the opportunity of proceeding to the Postgraduate Diploma in International Security upon achievement in the Postgraduate Certificate. If you proceed to the Postgraduate Diploma, the Postgraduate Certificate will not be awarded. NOTE: Not suitable for international students requiring NZ study visa.

The Master of International Security (MIntlSy) is a multidisciplinary programme drawing on international relations, strategic studies, political science, religion, area studies, political and human geography, and military history. Security management is an increasingly important dimension of government and public policy, with direct benefit to economic security and social wellbeing. You’ll also benefit from our close relationships with partner agencies in the security sector. Our committed and supportive staff will encourage you to pursue your intellectual and professional interests and develop your own area of specialisation.

NOTE: Not suitable for international students requiring NZ study visa.

The 180-credit Master of International Security (MIntlSy) is a multidisciplinary course of study drawing on international relations, strategic studies, political science, religion, area studies, political and human geography, and military history. Security management is an increasingly important dimension of government and public policy, with direct benefit to economic security and social wellbeing, so your skills will be in demand. You will learn the principles, theory and practice of international security. You will also carry out independent research and planning in a security context. You will also benefit from our close relationships with partner agencies in the security sector. You will gain knowledge in contemporary international security theory and practice; understanding of interagency perspectives; and analytical and communications skills appropriate to the security context.

NOTE: Not suitable for international students requiring NZ study visa.

If you study full-time you can complete the MInfSc in three semesters (one and half years). The MInfSc gives you the option to focus and major in computer science (including topics such as artificial intelligence and graphics) or information technology (including topics such as systems security and user interface design). Or you have the freedom to graduate without a major and mix and match the topics that interest you the most. Topics you can study include: artificial intelligence, computer graphics, computer vision, parallel and distributed computing, operating systems, systems security, data science and user interface design.

A professional practice project is an important part of this master’s degree. You may have the opportunity to be involved in real projects for real companies on real issues that they wish to solve. This experience can lead directly to roles and add substantial value to your résumé when you are seeking employment. You can also complete a MInfSc (by thesis only). This is a 120-credit research qualification for those who have completed the PGDipInfSc.

NOTE: Suitable for international students requiring NZ study visa.

In the Master of Information Sciences (MInfSc) you will learn how to apply problem-solving and analytical thinking skills to the analysis of, and solutions to, a range of IT problems. You will gain skills in evaluating policies and processes used in the design, construction, testing and maintenance of advanced technological solutions in order to make informed strategic decisions. This is a taught programme, with a major component in an in-depth professional project.

If you study full-time you can complete the MInfSc in three semesters (one and half years). The MInfSc gives you the option to focus and major in computer science (including topics such as artificial intelligence and graphics) or information technology (including topics such as systems security and user interface design). Or you have the freedom to graduate without a major and mix and match the topics that interest you the most. This is a 120-credit research qualification for those who have completed the PGDipInfSc.

NOTE: Suitable for international students requiring NZ study visa.

As a Postgraduate Diploma in International Development student you will improve your understanding of how global forces shape the world, and hone the skills you need to help overcome poverty and enhance human wellbeing. You’ll extend your abilities to analyse international development issues, collect relevant data, and write persuasively about development issues. Graduates will be able to apply their knowledge and skills to developing policy and strategies and to managing and evaluating international development programmes. Your PGDipIntDev is also a pathway to advanced research at master’s degree level.

NOTE: Suitable for international students requiring NZ study visa.

**Information Sciences**

**Postgraduate Diploma in Information Sciences**

endorsements: Without Specialisation (must be selected); Computer Science; Information Technology; Software Engineering.

IMPORTANT: All students must select ‘Without Specialisation’. An endorsement can be added after one semester if the student fulfils the requirement for an endorsement. The Postgraduate Diploma in Information Sciences (PGDipInfSc) offers the best value if you select ‘no endorsement’ because you are then free to select the topics that interest you the most. Topics you can study include: artificial intelligence, computer graphics, computer vision, parallel and distributed computing, operating systems, systems security, data science and user interface design. The PGDipInfSc is a taught programme, able to be completed in one year full-time.

NOTE: Suitable for international students requiring NZ study visa.

**Master of Information Sciences**

Subjects: Computer Science; Information Technology; Software Engineering; Without Specialisation (must be selected; initially).

IMPORTANT: A specialisation can be added after one semester if the student fulfils the requirement for a specialisation.

In the Master of Information Sciences (MInfSc) you will learn how to apply problem-solving and analytical thinking skills to the analysis of, and solutions to, a range of IT problems. You will gain skills in evaluating policies and processes used in the design, construction, testing and maintenance of advanced technological solutions in order to make informed strategic decisions. This is a 120-credit research qualification for those who have completed the PGDipInfSc.

NOTE: Suitable for international students requiring NZ study visa.

**International Development**

**Postgraduate Certificate in International Development**

Graduates of the Postgraduate Certificate in International Development will be able to apply their knowledge to developing policy and strategies and to managing and evaluating international development programmes. They will evaluate contemporary international development theories, policies and approaches and draw out relevant implications from research.

NOTE: Suitable for international students requiring NZ study visa.

**Postgraduate Diploma in International Development**

As a Postgraduate Diploma in International Development student you will improve your understanding of how global forces shape the world, and hone the skills you need to help overcome poverty and enhance human wellbeing. You’ll extend your abilities to analyse international development issues, collect relevant data, and write persuasively about development issues. Graduates will be able to apply their knowledge and skills to developing policy and strategies and to managing and evaluating international development programmes. Your PGDipIntDev is also a pathway to advanced research at master’s degree level.

NOTE: Suitable for international students requiring NZ study visa.
**JOURNALISM**

**POSTGRADUATE DIPLOMA IN JOURNALISM**
The Postgraduate Diploma in Journalism is a one-year full-time course, blending theory with practical, relevant skills. It is based on leading overseas journalism qualifications and will build a firm foundation for an exciting career in journalism. Whether online, in print, or broadcast.

Massey University enjoys a close working relationship with the country’s leading news organisations. We are proud of our graduate employment record. Effectively all the graduates of the programme obtain jobs in journalism. Many of our graduates are now top journalists at Stuff, TVNZ, NZ Herald, Newshub, Radio NZ, Newsroom, and more. Massey’s lecturers are experienced journalists, teachers, and researchers.

The standard journalism textbook used at all New Zealand journalism schools is produced by Massey staff. The Massey University course is internationally-recognised – in fact – it is the only journalism school in New Zealand or Australia accredited by leading US agency ACEJMC, which accredits leading US journalism schools such as Columbia and Missouri.

Work experience is a key component of the qualification, giving you relevant experience sought after by employers. This could be anywhere in the country, including major daily newspapers, magazines, internet news organisations, radio and television stations.

At Massey University, you will learn the vital industry skills you need to be a successful journalist in our modern society. The focus of the course is on news reporting. This is the basic skill that all journalism workplaces expect of their new recruits. From this core skill flows all the specialist skills, such as feature writing, sports reporting, radio and television reporting, court reporting, data journalism, and investigative reporting; all of which are taught on the course.

**LEADERSHIP**

**MASTER OF ADVANCED LEADERSHIP PRACTICE**

Massey’s Master of Advanced Leadership Practice (MALP) is a unique qualification in New Zealand. You will gain from Massey’s research-led approach, focusing on the latest findings in the fields of positive psychology and strengths-based leader development. MALP is designed to ensure your learning is relevant to your current situation and career ambitions. We encourage you to bring challenges and current issues from your workplace to the programme, ready for exploration.

The MALP is an intensive programme specifically designed for those who are currently in full-time positions. Participants often experience personal transformations and behavioural changes leading to improved performance and substantial career progressions. Experiential workshops conducted over a nine-month period over the essential elements of being an effective leader from both established and emerging leader concepts: self-awareness, advanced negotiation and influence, conflict resolution, talent, diversity and inclusion management, cultural intelligence, indigenous leadership, mentoring, sustainability, succession and future thinking. The MALP is 180 credits, meaning you can complete the programme in 1.5 years of full-time study.

**POSTGRADUATE DIPLOMA IN APPLIED LINGUISTICS**
The Postgraduate Diploma in Applied Linguistics (PGDipAppLing) provides professionals in TESOL and all other areas of language teaching with a qualification meeting the specific combination of professional and research needs that has become increasingly important in both domestic and international settings.

Students in applied linguistics will use the theories, methods and problem-based approaches that address real-world language issues relating to second language acquisition and language use in an increasingly globalised and digitally-mediated world. Explore areas such as contextually-relevant teaching of languages, reflective practices to enhance teaching and learning, and the sociocultural demands of language learning and teaching. Learn from distinguished educators who have researched in areas such as online second language communities, distance/online language learning, sociocultural adjustment of international students and their teachers to their presence in New Zealand universities, language learning and emotion, bi/multilingualism and oral proficieny, heritage language learning and mother tongue maintenance.

**LOGISTICS AND SUPPLY CHAIN MANAGEMENT**

**POSTGRADUATE DIPLOMA IN LOGISTICS AND SUPPLY CHAIN MANAGEMENT**

Students may have the opportunity of proceeding to a master’s programme on completion of the PGDipL&SCM, dependent upon achievement and in consultation with the relevant programme coordinator or Head of Institute/School. It is advisable to select research methods as an elective for those planning on continuing onto the Masters.
The Postgraduate Diploma provides up-to-date specialized knowledge directly relevant for the workplace. The courses are taught by experienced supply chain executives and internationally renowned experts. The Postgraduate Diploma is very flexible to suit both working professionals and full time students.

NOTE: Suitable for international students requiring NZ study visa.

**MASTER OF SUPPLY CHAIN MANAGEMENT**

The Master of Supply Chain Management is available at Auckland, and the research report and thesis courses are also available by distance and at PN. The Master of Supply Chain Management is Massey’s most advanced qualification in the discipline. Graduates are equipped with a comprehensive understanding of supply chain concepts. The programme is designed to help students develop independent learning skills and a critical perspective. Graduates acquire the ability to rigorously solve complex problems and articulate insights to a range of stakeholders.

The management of supply chain relationships and optimization of global logistics are paramount to business success. Firms are constantly searching for innovative ways to enhance their value offerings hence many have come to realise the importance of capable supply chain professionals.

NOTE: Suitable for international students requiring NZ study visa.

**MUSEUM STUDIES**

Massey’s Postgraduate Diploma in Museum Studies (PGDipMusStud) will prepare you to meet the challenges of cultural organisations, contemporary museums, galleries and indigenous cultural centres face in maintaining heritage collections and delivering high quality services to communities. Your PGDipMusStud can be a bridge between previous academic study and professional work in a museum, gallery or other cultural or heritage organisation. It can also be a pathway to more advanced study at master’s and doctoral degree level. You’ll advance your knowledge of and abilities in heritage management and bicultural practices in the heritage sector, and build experience in problem solving and working in interdisciplinary teams.

All qualifications are available to New Zealanders living overseas.

NOTE: Not suitable for international students requiring NZ study visa.

**POSTGRADUATE DIPLOMA IN MĀORI VISUAL ARTS**

The Postgraduate Diploma in Māori Visual Arts (PGDipMVA) is for students who already possess a qualification in Māori art or who can demonstrate equivalent expertise. It is a stepping-stone to the Master of Māori Visual Arts (MMVA). Most aspiring master’s students’ first enrol in the postgraduate diploma, then transfer to the MMVA after a year if they achieve the required grade (B average or above).

Toioho ki Āpiti (Māori Visual Arts programme), welcomes all indigenous and non-Māori artists by encouraging engagement in research and applied practices relevant to individual cultural contexts. Internal students thinking of studying MVA at Massey should contact Massey’s International Office for information about visa applications and other processes.

In the PGDipMVA, you will balance independent creative work in the studio with learning in Māori studies or museum studies. Students who have more than 10 years of exhibition practice can apply to undertake a studio-only postgraduate diploma, just talk to us about your situation.

The Māori Visual Arts programme embraces customary practices from carving to weaving to kowhaiwhai. The work produced at Toioho ki Āpiti addresses critical questions about identity and visual culture and exists at the interface of ‘western’ and ‘indigenous’ art.

Students can study on campus, with studio space provided, or by distance. Full-time and part-time options are available, so you can fit study around work and whanau commitments.

NOTE: Suitable for international students requiring NZ study visa.

**POSTGRADUATE CERTIFICATE IN NURSING**

NOTE: Each endorsement includes a compulsory ‘Contact Workshop’.

ENDORSEMENTS AVAILABLE: Mental Health; Without Specialisation. The Postgraduate Certificate in Nursing (PGCertNurs) enables registered nurses to undertake clinical courses at postgraduate level, and develop their professional practice within a clinical speciality. It can be a stepping-stone to the Postgraduate Diploma in Nursing or a Master of Nursing, or preparation for advanced practice roles and/or Nurse Practitioner registration.

NOTE: Not suitable for international students requiring NZ study visa.

**POSTGRADUATE DIPLOMA IN NURSING**

The Postgraduate Diploma in Nursing (PGDipNurs) will prepare you for an advanced role in the New Zealand healthcare system. It advances the practice of registered nurses and prepares them for further development towards senior nursing roles. The Registered Nurse prescribing pathway is approved by the Nursing Council and meets the education requirements for authorisation with the Council as a designated prescriber.

Most nurses undertaking postgraduate study are in clinical practice, and study part-time. Postgraduate courses in Nursing are delivered via Distance Learning with face-to-face teaching in compulsory on-campus contact workshops, web-based teaching, relevant readings and other study material.

NOTE: Not suitable for international students requiring NZ study visa.

**MĀORI VISUAL ARTS**

Massey’s Master of Nursing (MN) prepares registered nurses for a range of clinical leadership roles in specialty areas, education, management or research. The nurse practitioner (NP) pathway is approved by the Nursing Council and meets the education requirements for registration as a NP. Registered nurses continue to develop advanced knowledge and skills in their field of expertise through a mix of theoretical and clinical courses, including registration as a Nurse Practitioner – a nurse with prescribing rights – registered by the Nursing Council of New Zealand. The MN also prepares you to develop advanced clinical specialty knowledge within your chosen area of practice. The MN prepares you for other senior roles, including clinical nurse educator or a clinical nurse specialist. You’ll study a mix of theoretical and clinical courses, and learn from academics and professional clinicians who are highly experienced registered nurses.

NOTE: Not suitable for international students requiring NZ study visa.
In order to accommodate a varied student base, this programme is taught entirely by distance or block courses, and includes a professional research project.

**POSTGRADUATE DIPLOMA IN PUBLIC HEALTH**

The Postgraduate Diploma of Public Health (PGDipPH) is the first 120 credits (one year full-time) of the 240-credit Master of Public Health. It is designed to develop the core public health competencies recognised internationally as essential for advanced public health practice.

The PGDipPH will give you leading-edge expertise in many different subjects such as epidemiology and biostatistics, Māori and Pacific health, health economics, occupational health, environmental health, programme evaluation, health inequalities and health policy. Massey's PGDipPH emphasises applied research and practical experience. You will be able to apply knowledge gained through coursework to projects that reflect your work and interests. You will understand the core functions of public health: health promotion, disease prevention, disease surveillance and monitoring, health assessment and health protection. You will also be able to identify and critically analyse public health problems and solutions from a range of perspectives including biological, environmental, behavioural, social and cultural determinants as well as from a systems perspective. These skills will be invaluable in the workplace.

You can study in a way that best suits you: block or distance courses, full-time or part-time. Study can be tailored specifically for your needs. Graduates of the PGDipPH can do further study for a Master of Public Health. Many of our graduates successfully achieve an academic career in teaching and research.

If you are a health professional, policy maker, community worker or researcher, you will benefit from unique shared learning opportunities with others from diverse backgrounds in the health sector, including the environment, occupational safety and health, and social services.

NOTE: Suitable for international students requiring NZ study visa.

**POSTGRADUATE DIPLOMA IN PLANNING**

The Postgraduate Diploma in Planning (PGDipPlan) is well recognised in the profession. The qualification can be used to staircase to the Master of Resource and Environmental Planning.

NOTE: Suitable for international students requiring NZ study visa.

**PSYCHOLOGY**

**POSTGRADUATE DIPLOMA IN PSYCHOLOGICAL PRACTICE**

The Postgraduate Diploma in Psychological Practice is a professional programme that trains students to become registered psychologists.

You’ll get supervised training in the application of psychological theory and research to professional practice. Your training will be academically rigorous, and will reflect the highest standards of ethical, safe and culturally competent practice. During your internship you’ll function like a professional psychologist, but under close supervision. You’ll gain the skills and learn the responsibilities you need to later practise psychology independently.

Note: Applications must be with the School of Psychology no later than 1 October of the preceding year. No late applications will be accepted.

NOTE: Not suitable for international students requiring NZ study visa.

**MASTER OF PUBLIC ADMINISTRATION**

Develop your capabilities and understanding of local government administration and management with the only qualification in New Zealand aimed specifically at local government administration.

Massey's Master of Public Administration (MPA) offers the knowledge and skills you need to gain a more in-depth understanding of local government, management and senior administration within the public sector, and how these differ from the private sector.

The MPA is designed for individuals seeking to advance their career within subnational government organisations, or for any experienced students seeking to enter the public sector in a managerial or administrative capacity.

NOTE: Suitable for international students requiring NZ study visa.

**QUALITY SYSTEMS**

**POSTGRADUATE DIPLOMA IN QUALITY SYSTEMS**

You will benefit from your lecturers’ real-world experience and continual involvement in research and academic debate around key quality issues. Award-winning, they are widely published in key international journals, including a staff member who is an associate editor of the international
journal Total Quality Management and Business Excellence. Their experience includes senior roles in industries as varied as oil and gas, engineering, IT, the electrical utility industry, project management and – of course – quality assurance.

Students may have the opportunity of proceeding to a master’s programme on completion of the PGDipQS, dependent upon achievement and in consultation with the relevant programme coordinator or Head of Institute/School.

NOTE: Suitable for approved international students studying via Distance Learning.

MASTER OF QUALITY SYSTEMS
Massey University offers the only quality management tertiary qualifications in Australasia. The MQS is endorsed by the New Zealand Organisation for Quality (NZOQ) and the UK Chartered Quality Institute (CQI).

Massey’s Master of Quality Systems (MQS) programme focuses on developing critical awareness of and expertise in the following areas:

- Quality management and its component aspects (inspection, quality control, assurance and continual improvement).
- Contemporary quality thinking and methods including ISO systems, statistical thinking, systems thinking, Business Excellence, lean and six sigma improvement.
- The application of management theory to quality systems.
- Ability to conduct self-directed research in an area of quality management theory or practice.
- Research methods.
- Management of people undertaking quality projects and the people-related aspects of quality programme implementation.

A research methods course gives you the skills to undertake in-depth research, followed by your own in-depth research (thesis) on an area of interest to you.

The MQS is 180 credits, which means you can now complete this qualification in 1.5 years of full-time study. The 180 credits incorporate the Post Graduate Diploma-level qualification, which is a possible exit point after 120 credits are obtained. If you study part-time the qualification takes between 2.5 and five years.

NOTE: Suitable approved for international students studying via Distance Learning.

RESOURCE AND ENVIRONMENTAL PLANNING

MASTER OF RESOURCE AND ENVIRONMENTAL PLANNING
Shape the places where we live, work and play, and become a top-quality planning professional with a Master of Resource and Environmental Planning (MRP). As a planner, you could work in a diverse range of workplaces. You’ll gain perspectives on planning for both the natural and urban environment, making you a well-rounded professional, able to use your skills anywhere – including overseas. The MRP has a strong emphasis on developing critical skills that will ensure you can respond to the rapid change in our political, urban and resource environments. The knowledge and skills you develop will help future-proof your career.

Massey’s MRP is accredited by the New Zealand Planning Institute and is recognised internationally. You’ll learn from staff who are planning practitioners and leaders in their chosen research fields. The MRP is the only accredited planning degree you can do wherever you live. You can study in block mode and by distance learning using Massey’s online learning platform, Stream. Most students complete their degree while in the workplace, reducing the financial strain of making a career change.

NOTE: Suitable for international students requiring NZ study visa.

SCIENCE

BACHELOR OF SCIENCE WITH HONOURS

SUBJECTS: Agricultural Science; Animal Science; Biochemistry; Biological Sciences; Chemistry; Computer Science; Earth Science; Ecology; Exercise and Sport Science; Genetics; Geology; Horticultural Science; Human Nutrition; Mathematics; Microbiology; Nanoscience; Physics; Physiology; Plant Biology; Plant Breeding; Psychology; Soil Science; Statistics; Zoology.

The BSc (Hons) is a prestigious qualification that students frequently pursue when aspiring to a research or academic career and planning to undertake doctoral study. It can also be used as a final qualification. Generally, the course is three quarters taught courses and one quarter supervised research. As a separate qualification of advanced courses and research in the major subject taken in the BSc; the honours programme can lead to a Master of Science by thesis only.

NOTE: Not suitable for international students requiring NZ study visa

POSTGRADUATE DIPLOMA IN SCIENCE AND TECHNOLOGY

ENDORSEMENTS: Agricultural Science; Animal Science; Biochemistry; Biological Sciences; Chemistry; Conservation Biology; Earth Science; Ecology; Exercise and Sport Science; Genetics; Geology; Horticultural Science; Human Nutrition; Mathematics; Microbiology; Nanoscience; Nutrition and Dietetics; Physics; Physiology; Plant Biology; Plant Breeding; Psychology; Psychology - Health Psychology; Soil Science; Statistics; Zoology.

Massey’s Master of Science (MSc) will give you the knowledge and skills you need to gain a more in-depth understanding of an area of scientific study and advance your career. When you graduate with a MSc you will have learned how to work at a high level of academic achievement, work to deadlines under pressure and communicate effectively. Massey’s MSc is a 180-credit master’s degree (a 240-credit MSc is also available). The 180-credit master’s degree offers a rigorous programme of learning yet can be achieved in 1.5 years.

MASTER OF SCIENCE 120 CREDIT

The MSc (by thesis only) is a 120-credit qualification for students who have completed the Bachelor of Science with Honours or PGDipScTech. It consists of a thesis to the value of 120 credits.

NOTE: Suitable for international students requiring NZ study visa.

SOCIAL SECTOR EVALUATION RESEARCH

POSTGRADUATE DIPLOMA IN SOCIAL SECTOR EVALUATION RESEARCH

The Postgraduate Diploma in Social Sector Evaluation Research (PGDipSSER) develops skills and capacities of policy researchers, evaluators, and managers in both government and non-government settings. The programme focuses on increasing knowledge and theoretical understandings and improving technical and professional skills in areas such as professional evaluation theory, methods, and practice.

The programme strengthens knowledge and understanding about evaluation in social sector contexts such as social development, employment, health, justice, Māori and Pasifika development, and community development.
Through increasing the skills of individual evaluators, and improving our collective understanding of the value and purpose of evaluation, we aim to build evaluation capacity in New Zealand.

NOTE: Not suitable for international students requiring NZ study visa

SOCIAL SERVICES SUPERVISION

POSTGRADUATE DIPLOMA IN SOCIAL SERVICES SUPERVISION

The Postgraduate Diploma in Social Service Supervision (PGDipSocSS) offers an advanced qualification for professionally qualified social and community workers and other social service professional supervisors. The programme is intended for those who have achieved a high level of professional competence and are currently supervising social and community work practitioners and/or social work students on fieldwork placements.

The diploma is designed to assist you in developing and defining a personal model of supervision relevant to the practice context you work in. You will be introduced to selected theories and models of professional social service supervision, followed by more in-depth exploration of the administrative, educational, and clinical functions of supervision. Assessment is designed to be immediately relevant to your role as a social service supervisor.

NOTE: Not suitable for international students requiring NZ study visa

SOCIAL WORK

POSTGRADUATE CERTIFICATE AND POSTGRADUATE DIPLOMA IN SOCIAL WORK

The Postgraduate Diploma in Social Work meets an increasing professional demand for a post-qualifying pathway for professionally qualified and registered social workers. Massey offers post-qualifying social work courses by distance, so you can study wherever you like, to fit in with your other commitments.

You’ll learn to read and appraise the latest social work research, and master methodological and theoretical issues and research methods. You’ll also deepen your knowledge of cultural competence as it relates to research and practice principles with Māori and other diverse cultural groups.

The programme will prepare you for leadership in specific areas of social work practice through the dissemination of information in workplaces and through clinical supervision and mentoring of students and beginning practitioners.

NOTE: Not suitable for international students requiring NZ study visa

MASTER OF APPLIED SOCIAL WORK

The Master of Applied Social Work (MAppiSW) will prepare you for practice and registration as a social worker in New Zealand and many other countries. The course conforms to national and international guidelines by including two different supervised field experiences. This 240-credit master’s degree is designed for students who have a bachelor’s degree in a field other than social work but wish to change careers or move straight on from completing a bachelor’s degree to a professional qualification.

You’ll benefit from our research-informed, research-leading, forward-thinking and academically credible programmes. They’ll help you contribute to knowledge-building in Aotearoa New Zealand and internationally.

MAppiSW students should read and note the ‘fit and proper’ requirements on the Social Workers Registration Board website. All MAppiSW students will be vetted by the New Zealand Police (and/or equivalent overseas jurisdiction) A police record may not be a barrier to field placement, but full disclosure of any convictions in New Zealand and/or overseas is essential. All students will be required to meet screening in relation to the Vulnerable Children’s Act requirements. All students must have a current full driving licence valid in New Zealand by the start of their field placements (with exceptions available for those unable to attain a driver’s licence).

NOTE: Not suitable for international students requiring NZ study visa

MASTER OF SOCIAL WORK

Excellent social workers are always striving to gain new knowledge. The Master of Social Work (MSW) is the right programme for you if you already have a professional qualification in social work and want to improve and grow your practice. The MSW programme is intended for practitioners who wish to undertake advanced study of a specific aspect of social and community work. The MSW is flexible and offers you opportunities for both full and part-time study.

The MSW is a thesis-based programme that encourages social workers to pursue research in a particular field of practice, population, or area of interest. It equips social workers to develop and use research skills in their practice settings and keep current with the very latest theories and practice. Practice-based social work research can include needs assessments, programme development, implementation assessment and programme evaluation. It also includes theory development in a New Zealand context.

NOTE: Not suitable for international students requiring NZ study visa

DOCTOR OF SOCIAL WORK

Massey’s Doctor of Social Work (DSW) is the first social work doctorate offered in New Zealand, and is recognised internationally. The DSW is designed to advance your social work and social development knowledge at local, national and international levels. The DSW is not the same as a PhD. It consists of a combination of course work or courses and a 65,000-word research thesis. A Doctor of Philosophy or PhD is achieved solely through a research thesis of 100,000 words. The DSW offers you a curriculum designed to reflect the latest international developments in social work, social development theory and practice. You can be confident you are delivering state-of-the-art solutions.

The DSW is offered both full-time and part-time so you can fit study in with your other commitments. Students can expect to study four years full-time, or up to six years part-time. Class work will take up to two years, before beginning your thesis.

NOTE: Not suitable for international students requiring NZ study visa

SPECIALIST TEACHING

POSTGRADUATE CERTIFICATE IN SPECIALIST TEACHING (BLOCK MODE*)

* This programme is fully online, with two intensive, face-to-face block courses during the year; the first in Auckland and the second in Christchurch.

The Postgraduate Certificate in Specialist Teaching (PGCertSpTchg) will give you advanced study to graduate as a specialist resource teacher. Advance your knowledge of inclusive education as an inter-professional field of practice by becoming a specialist resource teacher in the areas of autism spectrum disorder, learning and behaviour, blind and vision impairment, or gifted and talented. You’ll extend your capability for working collaboratively within a wider team of professional practice and expand your skills in research, critical analysis, problem-solving and the effective use of technologies and online communications. This programme is offered in partnership with the University of Canterbury.

Please note that the Postgraduate Certificate in Specialist Teaching does not qualify you to be a teacher in New Zealand. If you want to be a teacher, you will also need to take a postgraduate teaching qualification.

The qualification consists of two compulsory courses that cover core theory and practice in specialist resource teaching. The inter-professional approach allows specialist teachers in inclusive education to learn with, from and about one another within a community of practice

NOTE: Not suitable for international students requiring NZ study visa

POSTGRADUATE DIPLOMA IN SPECIALIST TEACHING (BLOCK MODE*)

* This programme is fully online, with two intensive, face-to-face block courses during the year; the first in Auckland and the second in Christchurch.

ENDORSEMENTS: Autism Spectrum Disorder; Blind and Low Vision; Complex Educational Needs; Gifted and Talented Education; Learning and Behaviour.
The Postgraduate Diploma in Specialist Teaching gives you advanced theoretical and research-based study of specialist teaching. The programme adopts an inquiry-based, inter-professional education approach using a range of blended learning options for all students regardless of location. There are seven specialist endorsement areas: Learning and Behaviour (offered by both Massey University and University of Canterbury); Autism Spectrum Disorder (offered only by Massey University); Blind and Low Vision (offered only by Massey University); Complex Educational Needs (offered by both Massey University and University of Canterbury); Gifted and Talented (offered only by Massey University); Deaf and Hearing Impairment (offered only by University of Canterbury); Early Intervention (offered only by University of Canterbury). The qualification consists of four compulsory courses: core theory and foundations; specialist theory and foundations; evidence-based practice and a practicum. The inter-professional approach allows specialist teachers in inclusive education to learn with, from, and about each other within a community of practice. NOTE: Not suitable for international students requiring NZ study visa.

**MASTER OF SPECIALIST TEACHING (BLOCK MODE)**

* This programme is fully online, with an intensive, face-to-face block course offered twice during the year, in Auckland.

SPECIALISATIONS: Autism Spectrum Disorder; Blind and Low Vision; Complex Educational Needs; Gifted and Talented Education; Learning and Behaviour; Without Specialisation.

If you’re keen to work with diverse learners and their teachers, a Master of Specialist Teaching (MSpecTchg) is for you. You will apply your knowledge and skills in diverse cultural contexts, undertaking practical research and advanced study within your specialist teaching area, and inclusive education. We combine a range of current and innovative blended learning options for all students including digital education and face-to-face pedagogical practices to make it easier for you to study regardless of where you are and what you are doing. You can complete the 180-credit MSpecTchg in three years of part-time study.

NOTE: Not suitable for international students requiring NZ study visa.

**SPEECH AND LANGUAGE THERAPY**

**POSTGRADUATE CERTIFICATE IN SPEECH AND LANGUAGE THERAPY**

The Postgraduate Certificate in Speech and Language Therapy provides qualified speech and language therapists with the opportunity to develop the skills needed to independently analyse, appraise and synthesise research. You’ll learn to consider the relevance and application of research to the socio-cultural context of the individuals you support. You’ll reflect on your own practice and apply your new knowledge. This will enable you to provide quality clinical services to individuals in the community, remain competitive as future professional advances occur in the field, and gain the expertise to apply for research degrees. Our programme is very flexible. You can follow your interests in specialist areas that reflect your individual passions and/or client caseloads. You can also study full-time or part-time.

NOTE: Suitable for international students requiring NZ study visa.

**POSTGRADUATE DIPLOMA IN SPEECH AND LANGUAGE THERAPY**

The Postgraduate Diploma in Speech and Language Therapy provides qualified speech and language therapists with the opportunity to develop the skills needed to independently analyse, appraise and synthesise research. You’ll learn to consider the relevance and application of research to the socio-cultural context of the individuals you support. You’ll reflect on your own practice and apply your new knowledge. You’ll also explore theoretical models and develop your knowledge of research methodologies and human ethics principles and procedures. This will enable you to provide quality clinical services to individuals in the community and remain competitive as future professional advances occur in the field. The development of a research proposal will provide you with a strong platform for advancing to the Masters in Speech and Language Therapy degree.

This programme will give you expertise in core areas such as evidence-based practice and research methods. You can also follow your interests in specialist areas that reflect your individual passions and/or client caseloads. Postgraduate studies at Massey will reflect your current or desired work context. Our programme is very flexible, with options for studying full-time or part-time.

NOTE: Suitable for international students requiring NZ study visa.

**MASTER OF SPEECH AND LANGUAGE THERAPY**

The Master of Speech and Language Therapy (MSpecLangTher) provides qualified speech and language therapists with opportunities for advanced clinical and theoretical study. You’ll develop expertise in core areas such as evidence-based practice and research methods. This will prepare you to use and add to the knowledge base in speech and language therapy. Our programme is very flexible, with options for studying full-time or part-time. If you have a Bachelor of Speech and Language Therapy (Honours) degree or equivalent, with at least a B grade average, you are eligible to advance directly to the thesis component of the degree (Part B). It is possible to enrol in the thesis mid-year.

This programme provides a strong foundation for entry into a PhD.

NOTE: Suitable for international students requiring NZ study visa.

**STATISTICS**

**MASTER OF APPLIED STATISTICS**

The explosion in the amount of data available has made indispensable those who can interpret this information. The Master of Applied Statistics is a high-quality programme combining taught and research courses at postgraduate level. It is a 180-credit qualification that can be completed in 18 months of full-time study, and includes a 60-credit research report. As a Massey Master of Applied Statistics (MAppStat) student you will learn the professional practice of statistics, and the quantitative skills to conduct robust statistical analyses that are effective in the real world. You will gain competence in the use of statistical software, including the R package.

You will graduate with the skills to draw appropriate conclusions from a statistical analysis and be able to communicate them to both statistical and non-statistical audiences.

Your lecturers in the MAppStat are experts in their field, leading international statistical research and applying their work to worldwide issues. They are making contributions in epidemiology, where their models are helping us better understand and forecast the spread of diseases; in development studies, where they are mapping levels of poverty and malnutrition in third-world countries; and in geophysics, forecasting hazards from natural phenomena such as volcanic eruptions and earthquakes.

NOTE: Suitable for international students requiring NZ study visa.

**TE AHO PAEWRA: TEACHING AND LEARNING IN MĀORI MEDIUM**

Massey’s Te Aho Paewra is the tertiary sector’s first postgraduate programme in Māori medium initial teacher education. Te Aho Paewra will help you develop exemplary approaches to learning and teaching in Kura Kaupapa Māori. You’ll learn to practise and develop adaptive expertise in the Māori medium context.

The programme offers a professional and whānau-centred environment. You’ll work in a dynamic collaborative, partnership model. The programme begins with a wānanga (live-in block course) which will build the essential whanaungatanga amongst taurai. The programme is delivered in partnership with Te Rūnanganui o Ngā Kura Kaupapa Māori o Aotearoa which means you will have access to many of the key experts and leading architects of kura kaupapa Māori as your lecturers.

Graduates of this programme will be eligible to apply for provisional registration with the Education Council of Aotearoa New Zealand.
Applications close on 10 December of the preceding year. Late applications will be considered for entry if there are places available on the programme. NOTE: Not suitable for international students requiring NZ study visa

TERTIARY TEACHING AND LEARNING

POSTGRADUATE CERTIFICATE IN TERTIARY TEACHING AND LEARNING

The Postgraduate Certificate in Tertiary Teaching (PGCertTTL) equips you to better meet the demands of teaching in the tertiary environment. This qualification will enhance your ability to improve the quality of your students’ learning, and helps you play a full and informed teaching role in your discipline and institution. The programme focuses on your specific needs and requirements in your teaching roles. It integrates a strong practical dimension aimed at developing teaching expertise with relevant theory and scholarship.

NOTE: If you want to teach at a New Zealand primary or secondary school, you will also need to take a postgraduate teaching qualification

NOTE: Not suitable for international students requiring NZ study visa

VETERINARY MEDICINE

MASTER OF VETERINARY MEDICINE

SPECIALISATIONS: Companion Animal; Companion Animal Surgery; Equine; Production Animal; Veterinary Business Administration; Without Specialisation. The Master of Veterinary Medicine (MVM) attracts students from around the globe to this world-leading distance education programme, offering practicing veterinarians a flexible, modular system of study via distance. You may choose from a wide range of small animal, large animal, equine, epidemiology and veterinary business courses. Your courses will advance your knowledge and skills to a level beyond that obtained in your primary veterinary degree. Courses can be completed for continuing education, or put towards a Master of Veterinary Medicine or other qualification. On-campus workshops are held in Palmerston North, New Zealand. Attendance at these workshops is strongly recommended, but not compulsory (with the exception of the capstone Contact Workshops which are compulsory either in-person or online). All courses require a computer and internet access.

NOTE: Suitable for approved international students studying via Distance Learning.

VETERINARY SCIENCE

POSTGRADUATE DIPLOMA IN VETERINARY SCIENCE

ENDORSEMENTS: Veterinary Epidemiology; Veterinary Medicine; Veterinary Public Health. The Postgraduate Diploma in Veterinary Science (PGDipVSc) is open to veterinary graduates. It consists of not less than one year of full-time study (or its equivalent in part-time study). Courses or other work prescribed are at an advanced level that builds on attainment in the academic field of the prior degree.

NOTE: Suitable for international students requiring NZ study visa except for the Veterinary Medicine endorsement.

MASTER OF VETERINARY SCIENCE

Massey's MVSc is an internationally-recognised veterinary degree, most suitable for those who would like to undertake in-depth research in a particular area of interest. This course is run on our Manawatū campus in Palmerston North, host to the only veterinary school in New Zealand. Massey’s well-equipped facilities include an equine hospital, 24-hour pet hospital and sheep, beef, dairy and deer farms, all located near campus.

The Wildbase wildlife hospital is the only dedicated wildlife hospital in New Zealand. The Master of Veterinary Science is a 240-credit programme with a 120-credit research component. It is available part-time or full-time. If you have completed a Massey University BVSc or a veterinary qualification that can be registered by the New Zealand Veterinary Council, you can complete the MVSc with a 15-credit research methods course and a 120-credit thesis.

NOTE: Available for international students studying in NZ
Our website is full of useful information covering everything you need to know – from what each campus has to offer, their departments and qualifications, scholarships, events, accommodation and plenty more. And don’t forget to bookmark the Massey site – it’s constantly being updated with the latest information.

If you’d rather speak to a real person feel free to give our friendly contact centre staff a call on 0800 MASSEY. Or, if you’d like to actually see a real person, drop in to our campuses in Auckland, Palmerston North or Wellington.
